Worldwide Financial Report By Harold Seigal:

Annual Report Woodrow Wilson International Center for Scholars, 1980 **Global Philadelphia** Ayumi Takenaka, Mary Johnson Osirim, 2010 The racial and ethnic composition of Philadelphia continues to diversify as a new wave of immigrants largely from Asia and Latin America reshape the city's demographic landscape. Moreover, in a globalized economy, immigration is the key to a city's survival and competitiveness. The contributors to *Global Philadelphia* examine how Philadelphia has affected its immigrants' lives and how these immigrants in turn have shaped Philadelphia. Providing a detailed historical, ethnographic, and sociological look at Philadelphia's immigrant communities, this volume examines

Cones, 2008-03-06 Author Cones breaks financing options down into six main areas: gifts and grants, investor financing, domestic government subsidies and tax incentive programs, lender financing, international finance options, and studio or industry financing. Beginning with the forms of financing most likely to be accessible to independent feature film producers, Cones proceeds to other forms that become increasingly available as the producer's career matures. He provides specific, concise information regarding the many possible strategies and lists the distinct pros and cons of each strategy. Cones also counters much of the bad advice being provided by pseudoprofessional film finance consultants and points out scams that may separate unwary film producers from their money. Although the book focuses on financing feature films, much of its information is relevant to the financing of other kinds of projects such as short films, documentaries, videos, and multimedia and theatrical endeavors.
