**The Worst Resume Ever Written** Veronica Vulpine, 2017-10-27 My name is Veronica Vulpine I wish that I could say that I had a really exciting life being an extra in Miami Vice or being involved in a witchcraft covenant but I am just me living on a lonely mountainside I have suffered through a high school that I hated a college that I hated buying a house and then losing my job and many terrible jobs over the years to make ends meet Many weird things have happened to me in the meantime but I have managed to survive I hope these tales give you a chance to endure whatever you are dealing with in life with a sense of humor because if I didn't have one I'd be hanging somewhere by my shoelaces by now I hope my little catharsis makes you all laugh because that is the best medicine Enjoy *There's a God in My Closet* Ben

DeLong, 2019-07-19 Many have been taught to see God as a terrifying agent of wrath who spews anger at any sign of imperfection At the same time they've been taught that they are inherently flawed and devoid of goodness Where does that leave us For Ben DeLong it left him hiding his skeletons from the monster he believed God to be This proved to be a perfect recipe for anxiety depression and insecurity But what if God accepts our skeletons What if he actually embraces them in love How would that change our outlook For Ben it changed everything This book is about his journey to find what was always true we are eternally embraced by God skeletons and all and he is never letting go *3000 Facts about Video Games* James Egan, 2016-10-16 There is a version of The Legend of Zelda where every character is Nicholas Cage Donkey Kong started off as a Popeye game The combos in Street Fighter II were created by accident The combat system in Batman Arkham Asylum was supposed to resemble Guitar Hero When the trailer of Crash Bandicoot was first revealed some people thought it looked so good the demo was fake The lead character of Cuphead was nearly a unicycle Destiny cost 500 million Halo was originally called Blam Nintendo was created in 1889 Mortal Kombat was only made by four people Final Fantasy was meant to be called Fighting Fantasy There's a version of Grand Theft Auto V where meteors keep smashing into the city The blocks in Tetris are called Tetriminos Sonic appeared in two games before Sonic the Hedgehog There were not supposed to be any people in The Sims

denouncing their evils In so doing it recovers a long rich and largely overlooked tradition of jurisprudential thought about law as a performance practice This tradition not only generated an elaborate poetics and politics of legal performance It provided western jurisprudence with a set of constitutive norms that in working to distinguish law from theatrics defined the very nature of law In the crucial opposition between law and theatre law stood for cool deliberation by the book rules and sovereign discipline Theatre stood for deceptive artifice entertainment histrionics melodrama And yet legal performance even at its most theatrical also appeared fundamental to law s realization a central mechanism for shaping legal subjects key to persuasion essential to deterrence indispensable to law s power as it still does today **Boating** ,1997-07 **Daily**
