Summary Reframing India in World History Lavanya Vemsani, 2024-12-13 Reframing India in World History breaks the stereotypical portrayal of India based on misconstrued historical theories. Prevalent constructions of Indian history are tinged with colonial historical frameworks and presentation. It is important to understand India for what it is in the past based on self-determined frameworks derived from Indian history to reclaim India's place in the world history. Based on new evidence-based research, Lavanya Vemsani explores patterns of civilization that are indigenous to India to investigate its history from the beginning to the present. This book covers topics central to a comprehensive understanding of the nation, including a discussion of long-held cultural notions, civilization continuity, and the historical crises deriving from conquests and colonization.
