**A History of the Future** James Howard Kunstler, 2014-08-05 Humanity hangs on after the fall of civilization in this wily funny rip roaring and profoundly provocative page turner Booklist starred review After the collapse of the old world the pandemics the environmental disasters the end of oil the ensuing chaos people are pursuing a simpler and sometimes happier existence In Union Grove New York the townspeople are preparing for Christmas the perfect time for a long lost member of the community to return Robert Earle s son Daniel has come home after two years exploring what is left of the United States He brings news of three new nations arisen from what was once America and the dangers and possibilities they may hold Meanwhile a horrific murder threatens to turn the community of Union Grove against itself and what is supposed to be a time of peace and togetherness is overtaken by suspicion and fear In this vividly depicted look at a world that may be on our own horizon Kunstler skewers everything from kitsch to greed prejudice bloodshed and brainwashing in a gripping story of hope hate and humanity s last chance at survival Booklist     *The Harrows of Spring* James Howard Kunstler, 2016-07-05 The World Made by Hand postapocalyptic saga concludes with this suspenseful tale spiked with suffering and violence rough justice and love Booklist The small town of Union Grove has adapted struggled and thrived in the new age of civilization But early spring is full of hardships Fresh food is scarce and the winter stores are almost gone Despite the time of privation young explorer Daniel Earle resurrects the town newspaper and the town trustees ask him to help revive the Hudson River trade route But even as the townsfolk strive forward a group of visitors remind them that nothing is easy in the new world They proclaim themselves as representatives of the Berkshire People s Republic spouting high minded near fanatical rhetoric of social justice and absolute equality all while demanding tribute from the citizens under slyly veiled threats Now the townspeople of Union Grove will have to decide just how far they are willing to go to keep the freedom and peace for which they have fought so hard With this glimpse into a future that could become reality all too soon James Howard Kunstler delivers a slyly folksy caustically hilarious unabashedly proselytizing and affecting finale in a keenly provocative saga Booklist     **The Witch of Hebron** James Howard Kunstler, 2018-04-01 The dystopian epic of World Made by Hand continues in a novel hailed as Larry McMurty s Lonesome Dove set in the dystopian world of The Road New York Journal of Books A new age has begun on Earth Oil is no longer a resource Some parts of America are nuclear wastelands Civilization has devolved into a constant struggle for food water and shelter In the tiny hamlet of Union Grove New York the US government is little more than a rumor Wars are being fought over dwindling resources and illness has a constant presence Bandits roam the countryside preying on the weak and a sinister cult threatens the town s fragile stability It is up to every citizen of Union Grove to decide what they are willing to fight for kill for and die for This is a tale of humanity at its shining best and brutal worst woven together in a suspenseful darkly amusing story with touches of the fantastic in the mode of Washington Irving Booklist Kunstler s postapocalyptic world is neither a merciless nightmare nor a starry eyed return to

some pastoral faux utopia it s a hard existence dotted with adventure revenge mysticism and those same human emotions that existed before the power went out Publishers Weekly **World Made by Hand** James Howard Kunstler,2009-01-19 In this richly imagined dystopian vision mankind must find a way to survive as modern civilization slowly comes apart O The Oprah Magazine When Earth ran dry of oil the age of the automobile came to an end electricity flickered out With deprivation came desperation and desperation drove humanity backward to a state of existence few could have imagined In the tiny hamlet of Union Grove New York every day is a struggle For Mayor Robert Earle it is a battle to keep the citizens united As the bonds of civilization are torn apart by war famine and violence there are some who aim to carve out a new society one in which might makes right a world of tyranny subjugation and death A world Earle must fight against In his shocking nonfiction work The Long Emergency social commentator James Howard Kunstler explored the reality of what would happen if the engines stopped running In World Made by Hand he offers a stark glimpse of that future in a work of speculative fiction that stands as an impassioned and invigorating tale whose ultimate message is one of hope not despair San Francisco Chronicle Brilliant Alan Cheuse Chicago Tribune It frightens without being ridiculously nightmarish it cautions without being too judgmental and it offers glimmers of hope we don t have to read between the lines to comprehend Baltimore City Paper

Ellen LaConte,2010-10-01 LaConte s book offers a compelling answer To The now universal question suggested by her subtitle The global economy has gone viral it is ravaging Earth s equivalent of an immune system the way HIV ravages the human immune system triggering a Critical Mass of AIDS like mutually reinforcing environmental economic social and political crises that are undermining the ability of human and natural communities to support protect and heal themselves LaConte s prognosis Since Life rules we don t Life will last but Life as we know it and a lot of us won t LaConte shows that Life learned two billion years ago how to deal with pathological economies it put them out of business it encoded in other than human species a set of Economic Rules for Survival that allow them to live within Earth s means long term In accessible prose LaConte explains how those rules can work for humans too Recommended as a tool for community transition and cultural transformation Life Rules offers a solution to our global crisis the publishers call authentically conserve ative deeply Green and profoundly liberating Bunker Bradley Garrett,2021-08-03 Thought provoking and eerily prescient bunker offers a whirlwind tour of prepper communities around the world In the United States alone nearly twelve million people are prepared to Survive for thirty days without access to food water or power Millions more have started prepping for the sorts of emergencies blackouts wildfires civil unrest that they hear about in the news every day Bradley Garrett crossed four continents to meet preppers building panic rooms and backyard survival chambers stockpiling supplies stuffing go bags hiding inflatable rafts rigging mobile bugout vehicles and burrowing deep into the earth He s taken the pulse of a new global movement and returned with a brilliant original and deeply disturbing diagnosis of the way we now live Whenever social and political systems fail to produce credible narratives of stability Garrett argues prepping is a rational response And those who

live in dread of the next pandemic of nuclear brinksmanship or of an accelerating climate crisis are responding to it predictably reasonably even by hunkering down Book jacket      **Living Oil** Stephanie LeMenager, 2014 Drawing on novels film and photographs Living Oil offers a literary and cultural history of modern environmentalism and petroleum in America      **Most Likely to Secede** Ron Miller, Rob Williams, 2013 From the annals of Vermont Commons Voices of Independence news journal comes a new collection of essays The 21st century United States is no longer a functioning republic but an unreformable Empire unresponsive to the needs and concerns of its own citizens Most Likely To Secede features a collection of provocative and forward thinking essays from 29 contributors to Vermont Commons Voices of Independence news journal Written by cutting edge citizens and entrepreneurs the essays call for economic relocalization and political independence for Vermont and in some cases nonviolent secession of the state once its own 18th century republic from the U S of Empire and the peaceful dissolution of the United States as a whole Exploring well beyond the media manufactured boundaries of Left and Right Most Likely To Secede advocates for a 21st century world in which collective decisions about finance fuel food and culture are removed from a centralized corporate imperial United States and returned to regional and local control As the only state to once exist as its own republic Vermont is uniquely poised to lead a national conversation on 21st century decentralization and Most Likely To Secede shows us the way      *A Nation of Farmers* Sharon Astyk, Aaron Newton, 2009-04-01 Once we could fill our grocery carts with cheap and plentiful food but not anymore Cheap food has gone the way of cheap oil Climate change is already reducing crop yields worldwide The cost of flying in food from far away and shipping it across the country in refrigerated trucks is rapidly becoming unviable Cars and cows increasingly devour grain harvests sending prices skyrocketing More Americans than ever before require food stamps and food pantries just to get by and a worldwide food crisis is unfolding overseas and in our kitchens We can keep hunger from stalking our families but doing so will require a fundamental shift in our approach to field and table A Nation of Farmers examines the limits and dangers of the globalized food system and how returning to basics is our best hope The book includes in depth guidelines for Creating resilient local food systems Growing cooking and eating sustainably and naturally Becoming part of the solution to the food crisis The book argues that we need to make self provisioning once the most ordinary of human activities central to our lives The results will be better food better health better security and freedom from corporations that don't have our interests at heart Critical reading for anyone who eats and cares about high quality food and food sources      **Apocalypse and Post-Politics** Mary Manjikian, 2012-03-16 Mary Manjikian's Apocalypse and Post Politics The Romance of the End advances the thesis that only those who feel the most safe and whose lives are least precarious can engage in the sort of storytelling which envisions erasing civilization Apocalypse themed novels of contemporary America and historic Britain then are affirmed as a creative luxury of development Manjikian examines a number of such novels using the lens of an international relations theorist identifying faults in the logic of the American exceptionalists who would argue that America is

uniquely endowed with resources and a place in the world both of which make continued growth and expansion simultaneously desirable and inevitable In contrast Manjikian shows apocalyptic narratives explore America as merely one nation among many whose trajectory is neither unique nor destined for success Apocalypse and Post Politics ultimately argues that the apocalyptic narrative provides both a counterpoint and a corrective to the narrative of exceptionalism Apocalyptic concepts provide a way for contemporary Americans to view the international system from below from the perspective of those who are powerless rather than those who are powerful This sort of theorizing is also useful for intelligence analysts who question how it all will end and whether America's decline can be predicted or prevented

*We Learn Nothing* Tim Kreider, 2013-04-09 A New York Times political cartoonist and writer presents a collection of his most popular essays and drawings about life and government hypocrisy

*Highways of the Mind* Helen J. Burgess, Jeanne Hamming, 2014-10-31 Stories of the open road have a powerful sway over our imagination particularly in America where the vast web of interstate highways transformed the national identity as well as the national landscape Sometimes seen as the harbinger of a golden future other times as the conduit of a dehumanized dystopia the highway reflects some of our most potent fantasies as well as our deepest anxieties about modernity ecology commerce and individuality In a work rich in embedded multimedia Helen J Burgess and Jeanne Hamming look at cultural and media representations of the highway in planning documents industrial films corporate ephemera and science fiction narratives to explore how these stories of the road have reconfigured how we think about ourselves and our world *Highways of the Mind* available only on the Apple iBookstore site in iBook format shows how the stories we tell about the highway whether in the service of national pride corporate advertising urban planning or apocalyptic warnings determine how we imagine or fail to imagine the possibilities for human action in built environments

*Foundations for Sustainability* Daniel A. Fiscus, Brian D. Fath, 2018-11-16

*Foundations for Sustainability* A Coherent Framework of Life Environment Relations challenges existing assumptions on environmental issues and lays the groundwork for a new paradigm bringing a greater understanding of what is needed to help create an environmentally and economically sustainable future which to date has been an uphill battle and not an obvious choice The book presents the case for a paradigm based on a multi model of life as organism life as ecosystem and life as biosphere as opposed to the singular assumption that life can be viewed solely as an organism All backed with well cited research from top investigators from around the world this book is a must have resource for anyone working in ecology environmental science or sustainability Introduces a holistic systemic approach and a synthesis of the systemic root cause that underlies many surface symptoms that are part of individual environmental problems climate water energy etc Complements current piecemeal approaches in order to solve many interconnected environmental problems which share root causes Provides tests and thought experiments to challenge current views on sustainability leveraging the power of critical thinking to find new solutions Gives insights on how to find solutions by blending interdisciplinary and transdisciplinary

focuses with disciplinary specialization in ecology and ecosystem science Bridges concepts and methods from math to ecology to human development

**Climate and American Literature** Michael Boyden, 2021-03-04 Climate has infused the literary history of the United States from the writings of explorers and conquerors over early national celebrations of the American climate to the flowering of romantic nature writing This volume traces this complex semantic history in American thought and literature to examine rhetorical and philosophical discourses that continue to propel and constrain American climate perceptions today It explores how American literature from its inception up until the present engages with the climate both real and perceived Climate and American Literature attends to the central place that the climate has historically occupied in virtually all aspects of American life from public health and medicine over the organization of the political system and the public sphere to the culture of sensibility aesthetics and literary culture It details American inflections of climate perceptions over time to offer revealing new perspectives on one of the most pressing issues of our time

Remainders of the American Century Brent Ryan Bellamy, 2021-03-08 This book explores the post apocalyptic novel in American literature from the 1940s to the present as reflections of a growing anxiety about the decline of US hegemony Post apocalyptic novels imagine human responses to the aftermath of catastrophe The shape of the future they imagine is defined by the remainder when what is left behind expresses itself in storytelling tropes Since 1945 the portentous fate of the United States has shifted from the irradiated future of nuclear holocaust to the saltwater wash of global warming Theorist Brent Ryan Bellamy illuminates the political unconscious of post apocalyptic writing drawing on a range of disciplinary fields including science fiction studies American studies energy humanities research and critical race theory From George R Stewart's *Earth Abides* to N K Jemisin's *The Fifth Season* *Remainders of the American Century* describes the tension between a reactionary impulse and the progressive impetus for a new world Brent Ryan Bellamy weaves a rich and diverse tapestry of fictions all of which navigate the changing valences of apocalypse survival and remainders during the rise and fall of the post Second World War American Century Given the global post apocalyptic reality we all currently inhabit this is a timely and significant study Brent Ryan Bellamy weaves a rich and diverse tapestry of fictions all of which navigate the changing valences of apocalypse survival and remainders during the rise and fall of the post Second World War American Century Given the global post apocalyptic reality we all currently inhabit this is a timely and significant study Gerry Canavan author of *Octavia E Butler*

*Philip K. Dick* David Sandner, Donald E. Palumbo, C.W. Sullivan III, 2020-03-25 Philip K Dick was a visionary writer of science fiction His works speak to contemporary fears of being continually watched by technology and the paranoia of modern life in which we watch ourselves and lose our sense of identity Since his death in 1982 Dick's writing remain frighteningly relevant to 21st century audiences Dick spent his life in near poverty and it was only after his death that he gained popular and critical recognition In this new collection of essays interviews and talks Philip K Dick is rediscovered Concentrating both on recent critical studies and on reassessing his legacy in light of his new status as a major American

author these essays explore just what happened culturally and critically to precipitate his extraordinary rise in reputation The essays look for his traces in the places he lived in the SF community he came from and in his influence on contemporary American literature and culture and beyond **Memory Unbound** Lucy Bond,Stef Craps,Pieter Vermeulen,2016-11-01 Though still a relatively young field memory studies has undergone significant transformations since it first coalesced as an area of inquiry Increasingly scholars understand memory to be a fluid dynamic unbound phenomenon a process rather than a reified object Embodying just such an elastic approach this state of the field collection systematically explores the transcultural transgenerational transmedial and transdisciplinary dimensions of memory four key dynamics that have sometimes been studied in isolation but never in such an integrated manner Memory Unbound places leading researchers in conversation with emerging voices in the field to recast our understanding of memory s distinctive variability *American Literature in Transition, 2000-2010* Rachel Greenwald Smith,2017-12-28 American Literature in Transition 2000 2010 illuminates the dynamic transformations that occurred in American literary culture during the first decade of the twenty first century The volume is the first major critical collection to address the literature of the 2000s a decade that saw dramatic changes in digital technology economics world affairs and environmental awareness Beginning with an introduction that takes stock of the period s major historical cultural and literary movements the volume features accessible essays on a wide range of topics including genre fiction the treatment of social networking in literature climate change fiction the ascendancy of Amazon and online booksellers 9 11 literature finance and literature and the rise of prestige television Mapping the literary culture of a decade of promise and threat American Literature in Transition 2000 2010 provides an invaluable resource on twenty first century American literature for general readers students and scholars alike **The Long Descent** John Michael Greer,2008-09-01 Americans are expressing deep concern about US dependence on petroleum rising energy prices and the threat of climate change Unlike the energy crisis of the 1970s however there is a lurking fear that now the times are different and the crisis may not easily be resolved The Long Descent examines the basis of such fear through three core themes Industrial society is following the same well worn path that has led other civilizations into decline a path involving a much slower and more complex transformation than the sudden catastrophes imagined by so many social critics today The roots of the crisis lie in the cultural stories that shape the way we understand the world Since problems cannot be solved with the same thinking that created them these ways of thinking need to be replaced with others better suited to the needs of our time It is too late for massive programs for top down change the change must come from individuals Hope exists in actions that range from taking up a handicraft or adopting an obsolete technology through planting an organic vegetable garden taking charge of your own health care or spirituality and building community Focusing eloquently on constructive adaptation to massive change this book will have wide appeal **Ferraris for All** Daniel Ben-Ami,2012-03-14 The growth of the economy and the spread of prosperity are increasingly seen as problematic rather than positive a trend Daniel Ben Ami

has termed growth scepticism Prosperity is accused of encourage greed damaging the environment causing unhappiness and widening social inequalities Ferraris for all A defence of economic progress is a rejoinder to the growth sceptics Using examples from a range of countries including the US the author argues that society as a whole benefits from greater affluence Action is needed but to increase abundance and spread it worldwide not to limit prosperity as the sceptics would have it The lively and provocative hardback edition was published to widespread coverage in 2010 and triggered debate and dissent in equal measure
