## **Worshipping A Hidden God:**

*Worshipping a Hidden God* Luis Martinez, 2014-12-09 The ways of God are not our ways and the spiritual life is almost the contrary of what we fancy it So declares author Luis Martinez the Mexican bishop and mystic whose wise spirituality rooted in St John of the Cross and St Therese of Lisieux shows you here how to enter into an intense sustained communion with God Bishop Martinez doesn't offer new rules of prayer or demand that you abandon the forms of meditation that suit you He simply reminds you that our God is a hidden God To find Him says Martinez we have to seek Him but through His ways not ours If we do that the gaze of faith will always find Him right where He hides in the spiritual desolation that led us wrongly to believe He was far away Martinez shows you how to live in the obscurity of faith detached both from consolations and desolations and why this is best for your soul The Christian who learns to do this leaves behind the perturbations of the world that shake the faith of those who don't In the obscurity of faith the Divine Master will listen to you speak to you and instruct your soul but without the noise of words Says Martinez Once you know how to profit from faith and to live by faith you will always find God You will have solved your problem you will have discovered the great secret of the interior life Let these pages teach you that secret

**Orishas: African Hidden gods of Worship** Jim Landry, 2016-12-08 A emerging shift in praise worship and music has secretly been introduced into many Christian fellowships during past 400 years and now is the hour of restoration The demonic effects of drumming in Christian Worship Drum assisted Prophecy Secular Music and Television

**Evoking Lament** Eva Harasta, Brian Brock, 2009-10-10 Harasta and Brock show how lament seems to introduce notes of mistrust into an otherwise confident relationship with faith God and His will In prayer all experiences may be brought to God in openness and trust Yet lament seems to introduce notes of mistrust into a relationship properly characterized by confident faith in God and His will Sustained attention to lament presents a challenge to theological reflection in reminding it of the acuteness of the experience of suffering and evil This volume suggests that a robust concept and practice of lament is an appropriate response to questions of evil and suffering in its refusal to close off questions that cannot and should not be closed Lament takes place in the eye of the storm of theodicy and when the distinct content of Christian lament is discovered here the question of theodicy is transformed The first section reflects on the anthropological conditions of lament describing it as a hermeneutic for negotiating adverse experiences that transcends the simple opposition of innocent suffering and guilt The second section reflects on why and how lament has faded from modern theological thought that is over reliant on systematic accounts of evil and whose abstractions have drifted free of religious experience The third section develops an understanding of trust that includes expressions of lament while not sanitizing its rawness The final section inquires after the distinct Christian profile of lament Lament even as an experience of isolation stands within the believing community and its traditions Moreover because Christian lament is based on Christ's passion and resurrection Christ endorses and shapes the believers lament as he shapes their praise

how we pray determines what we believe Exploring Worship engages in a comparative study of Catholic Evangelical and Orthodox teachings on corporate worship and suggests classic practices that help deepen the understanding and experience of worship This is significant in at least four ways Theologically it contributes to the important and continuing dialogue among Catholics Evangelicals and Orthodox Historically it highlights the integrative potential between these three groups contrary to its history of distrust and outright animosity Spiritually many Christians are seeking a deeper devotional expression Exploring Worship provides an examination of worship rooted in the rich history and traditions of the Church Pedagogically this will suggest practices that help deepen the understanding and experience of worship Exploring Worship invites us to more critically intentionally and sympathetically reflect on the ways we worship and its place in our churches
