Unlikely Liberal Matthew Zencey, 2012-09-30 How much do you really know about former Alaskan governor Sarah Palin The revelations in Matthew Zencey's account of her tenure will surprise you Although Palin is widely seen as a conservative social ideologue her political career in Alaska was marked by a progressive approach that is at odds with her current right wing Republican identity A self-described red meat conservative the partisan pit bull with lipstick had been a bipartisan pragmatic and surprisingly progressive governor who raised taxes on Big Oil and distributed oil revenue to every Alaskan She also rankled her social conservative supporters by vetoing an anti gay rights measure and placing a pro choice woman on the Alaskan Supreme Court But her mishandling of accusations of ethics violations made her politically vulnerable at home and her foray into the partisan brawling of national politics broke apart her bipartisan governing coalition in Alaska's capital After her failed 2008 bid for the vice presidency Palin spent one more legislative session trying to run a big government state while maintaining her national stature as a small government conservative but it was politically untenable With no hope of achieving any major political accomplishments plus a growing strain on her family life huge legal bills and a large book advance in hand she resigned Zencey an editor at the Anchorage Daily News during Palin's tenure shows how the Sarah Palin who was so popular in Alaska is starkly different from the Sarah Palin who is now so popular with the Tea Party

Profiles in Ignorance Andy Borowitz, 2022-09-13 Examines the intellectual deterioration of American politics from Ronald Reagan to Dan Quayle from George W Bush to Sarah Palin to its apotheosis in Donald J Trump **Raising Hell** Ron Chepesiuk, Haney Howell, Edward Lee, 1997-10-15 In recent years a new wave of investigative journalists have become prominent Some relish being politically incorrect David Brock author of The Real Anita Hill others methodically shatter cultural icons Douglas Frantz's expose of Washington insider Clark Clifford and still others have revealed such horror as Cold War experimentation on unsuspecting citizens Eileen Welsome's Pulitzer Prize winning stories In their own words these journalists and nine others Tim Weiner John Camp Marjie Lundstrom Gerald Posner Sydney Schanberg David Burnham Bryon Acohido Dan Moldea and Brian Ross provide insight to their jobs and the role of investigative journalism in American society

Reading and Writing for Civic Literacy Donald Lazere, 2017-07-05 Lazere's book is heaven sent and will provide a crucial link in the chain of understanding how conflicts are structured and most importantly how they can be rationally addressed a healthy antidote to the scepticism that has become so pervasive in academic life Alan Hausman Hunter College This innovative book addresses the need for college students to develop critical reading writing and thinking skills for self defence in the contentious arena of American civic rhetoric In a groundbreaking reconception of composition theory it presents a comprehensive critical perspective on American public discourse and practical methods for its analysis Exercises following the text sections and readings help students understand the ideological positions and rhetorical patterns that underlie opposing viewpoints in current controversies such as the growing inequality of wealth in America and its impact on the

finances of college students as expressed in paired sets of readings from the political left and right Widely debated issues of whether objectivity is possible and whether there is a liberal or conservative bias in news and entertainment media as well as in education itself are foregrounded as topics for rhetorical analysis **The Death of American Virtue** Ken

Gormley,2011-02-01 Ten years after one of the most polarizing political scandals in American history author Ken Gormley offers an insightful balanced and revealing analysis of the events leading up to the impeachment trial of President William Jefferson Clinton From Ken Starr s initial Whitewater investigation through the Paula Jones sexual harassment suit to the Monica Lewinsky affair and Brett Kavanaugh s role in the subsequent inquiry *The Death of American Virtue* is a gripping chronicle of an ever escalating political feeding frenzy In exclusive interviews Bill Clinton Ken Starr Monica Lewinsky Paula Jones Susan McDougal and many more key players offer candid reflections on that period Drawing on never before released records and documents including the Justice Department s internal investigation into Starr new details concerning the death of Vince Foster and evidence from lawyers on both sides Gormley sheds new light on a dark and divisive chapter the aftereffects of which are still being felt in today s political climate **Crude Awakening** Amanda Coyne,Tony

Scott Conroy,Shushannah Walshe,2009-11-03 A year after a vice presidential campaign that remains as consequential as it was controversial Sarah Palin is still the most dynamic yet polarizing Republican in America Now Scott Conroy and Shushannah Walshe draw on their experiences as embedded reporters on Palin s campaign exclusive on scene coverage of Palin s post election struggles in Alaska and revealing interviews with former McCain Palin staffers top political minds and Palin s family friends and foes in Alaska to tell the remarkable behind the scenes story of her improbable rise and its complicated aftermath The result is a fair and fascinating portrait of Sarah Palin and of the American political process *Sarah from Alaska* illuminates both the talents that helped make Palin a superstar and the traits that became liabilities under the intense pressures of a divisive national campaign It reveals in riveting detail how Palin s vice presidential campaign became as dysfunctional as it was secretive explores the circumstances behind her triumphs and baffling missteps and provides new context for understanding her values her political successes in Alaska and her abrupt resignation from the governorship It s easy to turn Sarah Palin into a caricature of either a heroic everywoman or ridiculous dolt the authors say but the truth is that she is more complex than either her most passionate defenders or harshest critics give her credit for Palin remains ambitious and enormously popular among social conservatives and her future will be intrinsically interwoven with that of the Republican Party as it struggles to redefine itself and recapture the necessary margin for national political victory in the next decade That makes *Sarah from Alaska* essential reading for anyone interested in American politics *"River City": Memoirs of a Combat Chief Information Officer* LTC Martin D. Sound and Fury Eric Alterman,1999 Our economy our security and most particularly our democracy are imperiled by the decrepit state of our national political discourse We lack the ability as a nation to conduct a simple sensible and civil conversation about the choices we face The punditocracy is a tiny group of highly visible political pontificators who make their living offering inside political opinions and forecasts in the elite national media And it is their debate rather than any semblance of a democratic one that determines the parameters of political discourse in the nation today Introduction

Liberty Means Freedom for All Steven H. Propp,2012-11-16 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science Its an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his sett led view of the world He is challenged to examine the rising number

of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rands philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christi an Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved
