Language Awareness collects contemporary and classic readings about language that not only make students more aware of its uses and more capable of analyzing its effects but also help them to deploy language more effectively in their own writing. New coverage in the eleventh edition provides even more advice on critical reading and working with sources while a new organization focuses each short chapter on a single cohesive theme. In addition, insightful Language in Action activities help students connect what they learn about language to what they observe in their daily lives.

Associated with creativity, originality, newness, and invention, innovation is a frequent component of creative writing. However, how, where, and when does innovation occur in creative writing teaching? The writing arts combine common, established aspects of communicating through the written word with elements of originality that extend or challenge how written language is used. Different forms, genre, and styles of creative writing stay close to or move further away from the writing mainstream. What about creative writing teaching are there different levels or types of innovation? Exploring such innovation, this volume gathers together contributors whose teaching stories provide direction, stimulus, and much encouragement for those seeking to innovate in how creative writing is taught and therefore ultimately how it is learnt.
