The Foundations and Versatility of English Language Teaching (ELT) Christoph Haase, Natalia Orlova, Joel Cameron Head, 2018-12-14 While the field of ELT studies sees continued horizontal and vertical diversification it is also time to take stock of what has made the discipline the field it presents itself as today As horizontal diversification we can identify trends that involve a continued inclusion of more fields of study into the family of methods and approaches of ELT Especially in the technical sense e learning has matured and new forms of online learning and teaching have emerged be it via teleconferences or short message services for vocabulary training However a massive extension has occurred within the so called social media The vertical dimension affects a depth of analysis not seen even a decade ago when for example small and

contribuciones literarias ofrecen una evaluación teórica formal e interpretativa de distintas tendencias desde perspectivas tanto interdisciplinarias como interculturales Cronológicamente los estudios abarcan textos desde el siglo XVIII hasta nuestros días con un acento especial en los autores más contemporáneos y en el género narrativo En general estos estudios se fijan en textos concretos y los analizan desde perspectivas culturales sociológicas o psicológicas Pero abundan menos las aproximaciones desde la teoría literaria desde la técnica narrativa o como tal vez cabría esperar al tratarse de estudiantes tan jóvenes desde la aplicación de las nuevas tecnologías Por el contrario se repiten temas como los traumas heredados de la Guerra de Vietnam las cicatrices del 11 de septiembre o los problemas de género
