Thinking Medieval Romance Katherine C. Little, Nicola McDonald, 2018-10-17 Medieval romances with their magic fountains brave knights and beautiful maidens have come to stand for the Middle Ages more generally This close connection between the medieval and the romance has had consequences for popular conceptions of the Middle Ages an idealized fantasy of chivalry and hierarchy and also for our understanding of romances as always already archaic part of a half forgotten past And yet romances were one of the most influential and long lasting innovations of the medieval period To emphasize their novelty is to see the resources medieval people had for thinking about their contemporary concern and controversies whether social order Jewish Christian relations the Crusades the connectivity of the Mediterranean women's roles as mothers and how to write a national past This volume takes up the challenge to think romance investigating the various ways that romances imagine reflect and describe the challenges of the medieval world The Rappers Searcher after truth, 1854 **Academy; a Weekly Review of Literature, Learning, Science and Art**, 1887 The Poetical gazette the official organ of the Poetry society and a review of poetical affairs nos 4 7 issued as supplements to the Academy v 79 Oct 15 Nov 5 Dec 3 and 31 1910 **First Editions of American Authors Forming the Library of Frank Maier of New York** Frank Maier, 1909 **The Old English Version of Bede's Ecclesiastical History of the English People: Early Eng. text soc. org. ser., 95-96** Saint Bede (the Venerable), 1890 Representations of the Gypsy in the Romantic Period Sarah Houghton-Walker, 2014 Representations of the Gypsy in the Romantic Period examines the ways writers and artists from the Romantic period depict gypsies It examines how various aspects of the contemporary context influence those depictions and highlights the opportunities offered by the figure of the gypsy for the exploration of a range of hopes and fears **Herman Melville** Watson G. Branch, 2013-07-04 This set comprises 40 volumes covering 19th and 20th century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set complements the first 68 volume set of Critical Heritage published by Routledge in October 1995 **Medieval Insular Romance** Judith Elizabeth Weiss, Jennifer Fellows, Morgan Dickson, 2000 Major themes explored are narratives of the disguised prince and the reinvention of stories for different tastes and periods These studies cover a wide chronological range and familiar and unfamiliar texts and topics The disguised prince is a theme linking several articles from early Anglo Norman romances through later English ones like King Edward and the Shepherd to a late 16th century recasting of the Havelok story as a Tudor celebration of Gloriana Translation in its widest sense the way romance can reinvent stories for different tastes and periods is another running theme the opening introductory article considers the topic of translation theoretically concerned to stimulate further research on how insular romances were transferred between vernaculars and literary systems while other essays consider Lovelich's Merlin a poem translating its Arthurian material to the poet's contemporary London milieu Chaucer and Breton lays in England Contributors JUDITH WEISS IVANA DJORDJEVIC

 conference **Romantic Rocks, Aesthetic Geology** Noah Heringman, 2011-02-23 Why are rocks and landforms so
 prominent in British Romantic poetry Why for example does Shelley choose a mountain as the locus of a voice to repeal large
 codes of fraud and woe Why does a cliff in the boat stealing episode of Wordsworth's Prelude chastise the young thief Why is
 petrification or stonifying in Blake's coinage the ultimate figure of dehumanization Noah Heringman maintains that British
 literary culture was fundamentally shaped by many of the same forces that created geology as a science in the period 1770
 1820 He shows that landscape aesthetics the verbal and social idiom of landscape gardening natural history the scenic tour
 and other forms of outdoor improvement provided a shared vernacular for geology and Romanticism in their formative stages
 Romantic Rocks Aesthetic Geology reexamines a wide range of eighteenth and nineteenth century poetry to discover its
 relationship to a broad cultural consensus on the nature and value of rocks and landforms Equally interested in the initial
 surge of curiosity about the earth and the ensuing process of specialization Heringman contributes to a new understanding of
 literature as a key forum for the modern reorganization of knowledge **The Essential Plays of George Bernard Shaw**

Madness and the Romantic Poet James Whitehead, 2017 Madness and the Romantic Poet examines the longstanding and enduringly popular idea that poetry is connected to madness and mental illness The idea goes back to classical antiquity but it was given new life at the turn of the nineteenth century The book offers a new and much more complete history of its development than has previously been attempted alongside important associated ideas about individual genius creativity the emotions rationality and the mind in extreme states or disorder ideas that have been pervasive in modern popular culture More specifically the book tells the story of the initial growth and wider dissemination of the idea of the Romantic mad poet in the nineteenth century how and why this idea became so popular and how it interacted with the very different fortunes in reception and reputation of Romantic poets their poetry and attacks on or defences of Romanticism as a cultural trend generally again leaving a popular legacy that endured into the twentieth century Material covered includes nineteenth century journalism early literary criticism biography medical and psychiatric literature and poetry A wide range of scientific and pseudoscientific thinkers are discussed alongside major Romantic authors including Wordsworth Coleridge Blake Hazlitt Lamb Percy Bysshe Shelley Keats
