**The Bible in Crime Fiction and Drama** Caroline Blyth, Alison Jack, 2019-01-24 The Bible has always enjoyed notoriety within the genres of crime fiction and drama numerous authors have explicitly drawn on biblical traditions as thematic foci to explore social anxieties about violence religion and the search for justice and truth The Bible in Crime Fiction and Drama brings together a multi disciplinary scholarship from the fields of biblical interpretation literary criticism criminology and studies in film and television to discuss international texts and media spanning the beginning of the 20th century to the present day The volume concludes with an afterword by crime writer and academic Liam McIvanney These essays explore both explicit and implicit engagements between biblical texts and crime narratives analysing the multiple layers of meaning that such engagements can produce cross referencing Sherlock Holmes with the murder mystery in the Book of Tobit observing biblical violence through the eyes of Christian fundamentalists in Henning Mankell s Before the Frost catching the thread of homily in the serial murders of Se7en or analysing biblical sexual violence in light of television crime procedurals The contributors also raise intriguing questions about the significance of the Bible as a religious and cultural text its association with the culturally pervasive themes of violence im morality and redemption and its relevance as a symbol of the often fraught location that religion occupies within contemporary secular culture

**Reimagining Delilah's Afterlives as Femme Fatale** Caroline Blyth, 2017-10-05 The story of Samson and Delilah in Judges 16 has been studied and retold over the centuries by biblical interpreters artists musicians filmmakers and writers Within these scholarly and cultural retellings Delilah is frequently fashioned as the quintessential femme fatale the shamelessly seductive fatal woman whose sexual treachery ultimately leads to Samson s downfall Yet these ubiquitous portrayals of Delilah as femme fatale tend to eclipse the many other viable readings of her character that lie underexplored within the ambiguity laden narrative of Judges 16 interpretations that offer alternative and more sympathetic portrayals of her biblical persona In Reimagining Delilah s Afterlives as Femme Fatale Caroline Blyth guides readers through an in depth exploration of Delilah s afterlives as femme fatale in both biblical interpretation and popular culture tracing the social and historical factors that may have inspired them She then considers alternative afterlives for Delilah s character using as inspiration both the Judges 16 narrative and a number of cultural texts which deconstruct traditional understandings of the femme fatale thereby inviting readers to view this iconic biblical character in new and fascinating lights

**But Their Faces Were All Looking Up** Eric M. Vanden Eykel, 2016-12-01 This study of the Protevangelium of James explores the interrelationship of authors readers texts and meaning Its central aim is to better understand how the process of repetition gave rise to the narratives of the early Christian movement and how that process continued to fuel the creativity and imagination of future generations Divided into three parts Vanden Eykel addresses first specific episodes in the life of the Virgin consisting of Mary's childhood in the Jerusalem temple PJ 7 9 her spinning thread for the temple veil PJ 10 12 and Jesus birth in a cave outside Bethlehem PJ 17 20 The three episodes present a uniform picture of how the reader's discernment of intertexts can generate new layers of meaning and that these layers may reveal new aspects of the author's meaning some of which the author may not have anticipated

The Hermeneutics of Christological Psalmody in Paul Matthew Scott, 2014-05-12 By re-examining the quotation of psalms in Paul this book offers a fresh interpretation of the New Testament's reception of the Old Testament Richard Hays's influential Echoes of Scripture in the Letters of Paul astutely identified the rhetorical device of metalepsis or echo as central to the study of Pauline hermeneutics Hays's Paul was in sympathetic dialogue with the voice of Scripture but Matthew Scott now challenges this assumption with close readings of echoed psalms voiced by David and Christ Paul's use of

metalepsis in Romans and 2 Corinthians reveals him to be a provocative even polemical reader who appropriates the words of David for a Christological purpose Scott also illustrates how Christ succeeds David as the premier psalmist in Paul and considers whether in doing so Christ acts as inheritor or iconoclast

**An Intertextual Commentary on Romans, Volume 1** Channing L. Crisler, 2021-06-18 An Intertextual Commentary on Romans is an exhaustive treatment of the hundreds of Old Testament citations allusions and echoes embedded in Paul's most famous epistle As many scholars have acknowledged to understand Paul's engagement with Israel's Scriptures is to understand Romans Despite this acknowledgment there is a dearth of reference works in which the primary focus is how the Old Testament impacts Paul's argument from Romans 1:1 to 16:27 This four volume commentary aims to provide just such a reference The interplay between Romans and its vast sea of Old Testament pre texts produces unstated points of resonance that illuminate Paul's rhetorical argument from the letter's opening to its closing doxology Volume 1 examines the Old Testament pre texts in Romans 1:1-4:25 Although the citations of Habakkuk 2:4 and Genesis 15:6 in this section of the letter often dominate intertextual discussions several other Old Testament pre texts though often overlooked support the intertextual subtext of the letter and thereby illuminate various features of Paul's argument In this commentary each of these pre texts is examined from a variety of perspectives The overarching aim of the commentary is to provide scholars interpreters and students with verse by verse analysis of how Israel's Scriptures impact almost every clause of Paul's most famous letter

**A Theology of Literature** William Franke, 2017-07-14 With the tools of far reaching revolutions in literary theory and informed by the poetic sense of truth William Franke offers a critical appreciation and philosophical reflection on a way of reading the Bible as theological revelation Franke explores some of the principal literary genres of the Bible Myth Epic History Prophecy Apocalyptic Writings and Gospel as building upon one another in composing a compactly unified edifice of writing that discloses prophetic and apocalyptic truth in a sense that is intelligible to the secular mind as well as to religious spirits From Genesis to Gospel this revealed truth of the Bible is discovered as a universal heritage of humankind Poetic literature becomes the light of revelation for a theology that is discerned as already inherent in humanity's tradition The divine speaks directly to the human heart by means of infinitely open poetic powers of expression in words exceeding and released from the control of finite human faculties and the authority of human institutions

CHRIS BENDA The main title of your book *A Theology of Literature* is rather expansive in scope it's the title of a manifesto while the subtitle *The Bible as Revelation in the Tradition of the Humanities* narrows the focus to a particular text This title seems to adumbrate your conception of the relationship between literature and the Bible What is that relationship

WILLIAM FRANKE Picking up on your suggestions I would say that the book is a manifesto for literature as a revelation of the highest sort of truth of which the human heart and intellect are capable and at the same time a manifesto for theology as the source and core of traditions of human knowledge The Bible is taken as an outstanding example of both types of discourse literature and theology in some of their most marvelous and

miraculous revelatory capacities CB In the introduction to your book you ask What is a theological reading of the Bible and what is a literary reading This question suggests different methods different purposes different outcomes But you put forward another way of thinking about the relationship between the theological and the literary What is that way WF The usual idea of the Bible as literature is that one can read the Bible just as good literature without presupposing any kind of religious belief This makes it palatable to many who would otherwise not be interested My approach likewise is to read the Bible for all that it is worth as literature but I find precisely there the Bible s most challenging and authentic theology Understanding literature in its furthest purport requires a kind of belief in language and the word It entails a hopeful loving and faithful sort of understanding of what is said and that already constitutes the rudiments of a theology This is to take the Bible as an especially revealing example of a humanities text The greatest of these texts generally contain an at least implicitly theological or sometimes a theological dimension to the extent that they envision the final purpose of life and the meaning of the world as a whole Whether or not they speak of God such texts are in a theological register wherever the unity and origin of existence are in question Personalizing this origin as God is one interpretation that remains inevitable and imaginatively compelling for us since we are persons CB You are not reading the Bible as literature in the same way that many others have been doing over the last several decades even though Robert Alter one of the foremost practitioners of that art appears frequently in the pages of your book Which aspects of the Bible as literature approach are in your view problematic at least for your project and which do you find of continuing value WF The tendency to reduce the Bible to mere literature is the approach that I wish to eschew I emphasize that the Bible is truly revelatory as literature This enables us to understand theological revelation too in a non dogmatic sense as having a much more general human validity Appreciating the literary qualities and excellence of the Bible remains as crucial to my project as to the traditional approach However I stress that these literary features are not merely aesthetic effects or ornaments They can be revelatory of the real The ultimately real and true which exceeds objectification and its inevitable oppositions cannot be apprehended except through the imagination CB When you speak of the Bible as revelation what do you mean WF I mean especially that it enables uncanny insight into the nature of reality as a whole and in its deepest core Revelation conveys an infinite intelligence of life and of everything that concerns us as humans I recognize knowledge as revealed to the extent that it rises beyond ordinary limits to a degree of knowing that somehow fathoms the whole or total or infinite This means for many that revelation comes from God But even before presupposing that we know anything about God we can simply let revelation emerge from this extraordinary capacity of the mind to transcend itself toward what it cannot comprehend In certain encounters with others we can experience an infinite depth of love and life that boggles the mind and exceeds comprehension It can transform our lives Theological revelation is a compelling interpretation handed down over generations in the human community of this register of experience CB You seem to make a distinction between revelation and theological revelation What is that

distinction and what import does it have for your argument WF No I would rather emphasize the continuity between theological revelation and revelation in a more general phenomenological sense of things simply coming to be known or openly disclosed This is important for keeping theology connected with the rest of human knowledge although human knowledge itself all along has also harbored something that transcends it and all its finite means I say all along because this problematic of the self transcendence of knowledge towards an extra worldly Other can be traced to the Axial Age in the middle of the first millennium BCE Of course a relationship with the Other who reveals himself or herself or itself as God belongs to the full sense of theological revelation as understood in biblical tradition I consider this as a degree of revelation of our relationship with others envisaged in its absoluteness CB What do you mean when you talk about the poetic potential of language Does all language have such potential even what we might not typically think of as poetic or even literary WF Language has infinite potential for meaning and poetic language shows and exploits this potential most intensively Language can be thought of as beginning with one word like OM that means everything all at once By a process of disambiguation more limited and specific meanings are differentiated from each other and assigned to different words However poetic language reverses this process and allows us to hear the multiple meanings buried in our metaphors and to divine the original unity of meaning in language behind the rationally differentiated senses of words in the language that we pragmatically employ yet with loss of its potential wholeness of meaning CB Your book is concerned with the Bible as a humanities text What is a humanities text and what does a humanities text do Might we think of any text as having the potential to be a humanities text as long as it is read humanistically WF Yes Being a humanities text is a matter of how a text is read But certain texts lend themselves more than others to touching on matters of deep and perennial human concern life and death and love and war greed and heroism suffering and hope for liberation redemption etc CB You state that prior to modernity texts including the Bible exercise d sovereign authority in determining their own meaning and in interrogating the reader and potentially challenging the reader s insight and very integrity In secular modernity by contrast texts taken as specimens for analysis are dissected according to the will and criteria of a knowing subject considered to be wholly external to them What implications have modern secular readings of the Bible and of literature more generally had for human knowledge and indeed for human existence and how does our present time what you call the post secular turn of postmodern culture change how we relate to the Bible and literature WF The modern secular era is the era of the individual knowing subject The self conscious human subject becomes the ground and foundation of all knowing emblematically with Descartes s I think therefore I am as the inaugural proposition of modern philosophy Hegel construed the history of philosophy this way Texts become artifacts created by finite human subjects Prior to this modern era and its constitutive Narcissism the creation of the text was a much more open affair It was not under the control of a unitary finite subject the author Human authors could be channels for revelations from beyond their own ken Readers could explore texts for revelations from a higher authority than just the

author's own intention Augustine's reading the Bible as meaning infinitely more than its presumable human authors starting with Moses were able to comprehend is a good example Confessions Book X XIII CB You quote John 1:14 The Word became flesh and dwelt among us and claim that this statement announces a general interpretive principle the meaning of tradition is experienced only in its application to life in the present Could you unpack that a bit WF Meaning in literature and life is much more than just an intellectual sense or dictionary definition How words mean for us is rooted in our way of existing in the world They have to take on our own flesh and dwell in and with us in order to realize their full potential to signify This fact is conveyed poetically by the doctrine of the Incarnation that is clairvoyantly and beautifully expressed in the Gospel of John CB A Theology of Literature largely consists of explorations of the revelatory aspects of varying literary genres in the Bible You look at mythology epic history prophecy apocalyptic literature poetry and gospel In the conclusion of your book you suggest that all of these genres in some manner are summed up and recapitulated in the Gospel This is convenient since we can't discuss each of these genres in depth How in brief does the Gospel provide such a summation and recapitulation WF The gospel is a prophetic word in which the archetypal myth of Genesis and the epic history of Exodus and the words of the prophets are fulfilled by the apocalyptic event of Christ as Savior It contains the life history of the Redeemer and includes many of his own sayings uttered with all their poetry Consider the lilies of the field how they grow they toil not neither do they spin etc It brings all these various forms and genres of revelation to a culmination in a word that exceeds all genres not least history in order to recast the mold of meaning and the very meaning of truth Its truth is made in being enacted and incorporated by those who believe in it and live it In the terms of I John 1:6 these are those who would do the truth CB Your book is able to cover significant portions of the Bible despite its brevity but of course it can't cover everything The legal materials are one type of literature that doesn't get extended treatment so I'm curious how you might understand them as revelatory texts within the tradition of the humanities WF The legal materials fundamentally express a relationship with God They enable Israel to live in fellowship with the Lord and as sanctified by his love O Lord how I love thy law Psalm 119:97 exclaims the psalmist The legal prescriptions in the Bible reveal God and the way to God in very particular circumstances and social conditions But the relationship with God that they model is potentially valid in all times and places for those who wish to embrace the law as a gift for living in intimacy with the Almighty CB What dangers might accompany the recovery of texts as authoritative sources of truth in our post secular postmodern age How might those dangers should they exist be avoided or met WF The authority of texts read in the perspective of a theology of literature never exempts the readers from responsibility for the implications and consequences that they draw from the text The authoritativeness of the infinite potential for meaning that is inherent in these texts is in a dimension of depth that underlies all meanings and all being and all creatures It does not valorize some over others These determinations are always made by human beings and they alone bear the responsibility for their choices and acts The power and authority of the text resides in its infinite potential before

the emergence of any divisive distinctions and oppositions This type of authority of the text does not absolve humans of responsibility It rather reveals their infinite responsibility for whatever authority they claim or evoke They give this authority a determinate shape and particular application that is all their own They are answerable for whether or not their interpretation respects and protects all creatures and creation Questions by Chris Benda Divinity Librarian Vanderbilt University     Evoking Story for Transformation Lyn Nixon,2025-08-21 Lyn Nixon takes a fresh approach to the question of whether New Testament authors quote the Old Testament without regard to the original Old Testament meaning that is out of context Her action model uses Speech Act Theory to examine the way authors and readers together contribute to the communication of meaning In her model for meaning to be successfully communicated the reader must experience the transformation intended by the author Lyn Nixon applies her theoretical model to two examples of New Testament quotation where previous scholars have claimed the author quotes the Old Testament in a way that does not correspond to the original meaning Her case studies the use of Ps 115 1 LXX in 2 Cor 4 13 and of Ps 110 1 MT by various New Testament speakers and authors provide new insights into ways that the Old Testament meaning including its transformative intention resonates in the quoting of New Testament texts     **The Scriptural Tale in the Fourth Gospel** Edward H. Gerber,2016-09-27 A more nuanced view of the Fourth Gospel s media nature suggests a new and promising paradigm for assessing expansive and embedded uses of scripture in this work The majority of studies exploring the Fourth Evangelist s use of scripture to date have approached the Fourth Gospel as the product of a highly gifted writer who carefully interweaves various elements and figures from scripture into the canvas of his completed document The present study attempts to calibrate a literary approach to the Fourth Gospel s use of scripture with an appreciation for oral poetic influences whereby an orally situated composer s use of traditional references and compositional strategy could be of one and the same piece Most importantly pre formed story patterns thick with referential meaning were used in the construction of new works The present study makes the case that the Fourth Evangelist has patterned his story of Jesus after a retelling of the story of Adam Israel in two interrelated ways first in the prologue and then in the body of the Gospel as a whole     Exegesis and Poetry in Medieval Karaite and Rabbanite Texts Joachim Yeshaya,Elisabeth Hollender,2016-09-27 This collection of essays offers an inquiry into the complex interaction between exegesis and poetry that characterized medieval and early modern Karaite and Rabbanite treatment of the Bible in the Islamic world the Byzantine Empire and Christian Europe Discussing a variety of topics that are usually associated with either exegesis or poetry in conjunction with the two fields the authors analyze a wide array of interactions between biblical sources and their interpretive layers whether in prose exegesis or in multiple forms of poetry and rhymed prose Of particular relevance are mechanisms for the production and transmission of exegetical traditions including the participation of Jewish poets in these processes an issue that serves as a leitmotif throughout this collection     *Echoes of Exodus* Bryan D. Estelle,2018-01-30 Israel s exodus from Egypt is the Bible s enduring emblem of deliverance But more than

just an epic moment the exodus shapes the telling of Israel's and the church's gospel In this guide for biblical theologians preachers and teachers Bryan Estelle traces the exodus motif as it weaves through the canon of Scripture wedding literary readings with biblical theological insights
