Reading Programs for Young Adults Martha Seif Simpson,2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but

the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs **The World of Work Through Children's Literature** Carol M. Butzow, John W.

Butzow, 2002-05-20 This teaching resource offers great lesson ideas and activities based on quality children's literature All titles center around the theme of work giving children an insight into today's working environment and the skills that are needed to succeed Each chapter assists the teacher in planning exciting classroom activities and projects Through literature important concepts and role models are presented that will help children think about teamwork cooperative learning and economic issues **Reading and the Reference Librarian** Juris Dilevko, Lisa Gottlieb, 2014-10-16 Reference librarians are no longer expected to know much about the information they find they are merely expected to find it Technological competency rather than knowledge has become the order of the day In many respects reference service has become a matter of typing search terms into a library's online catalog or a web search engine and providing the patron with the results of the search Calling for a re-intellectualization of reference librarianship this book suggests another approach to providing quality reference service reading The authors surveyed both academic reference librarians and public library reference personnel in the United States and Canada about their reading habits From the 950 responses the authors present findings about the extent to which librarians read newspapers periodicals fiction and nonfiction and recount and analyze stories about how reading has made them better librarians The authors also report that North American professors in the humanities and social sciences believe that the best reference librarians are those who have wide ranging subject based knowledge as opposed to the type of process based functional knowledge that is increasingly dominating the curricula of many Library and Information Science programs *Reading Games in the Greek Novel* Eleni Papargyriou, 2017-12-02 How is play constituent in the formation of the Greek modernist novel Reflecting competition with European and North American models as well as internal antagonism with more established literary genres in Greece the novel after the 1930s employed playfulness as a means to demonstrate or even perform its novelty Innovations unexpectedly came from the Greek periphery rather than Athens and the Greek novel swiftly exchanged a passively understood realism for communicative patterns that actively involve the reader and educate him into bringing scraps of plot into a meaningful synthesis Featuring key Greek authors such as Yannis Skarimbos Stratis Tsirkas and Nikos Kachititsis this is a comprehensive and innovative study of Greek modernist prose fiction and the first of its kind to appear in English Eleni Papargyriou is Lecturer in Modern Greek Literature at Kings College
