It shows advanced foreign learners of English how the language is really used. In the dictionary, key words such as "eat" are followed by related phrases such as "wolf down" or "be a picky eater", allowing the student to choose the appropriate phrase.
- D "This kind of research would be impossible without computers," said Delia Summers, a director of dictionaries. "It has transformed the way lexicographers work. If you look at the word "like", you may intuitively think that the first and most frequent meaning is the verb, as in "I like swimming". It is not. It is the preposition, as in: "she walked like a duck". Just because a word or phrase is

Catherine Cory, 2020 **Corpora, Corpses and Corps** Federico Pio Gentile, 2021-09-08 This book uses corpus and multimodal methods to present a comparative study of three major Canadian TV crime series Flashpoint 2008 2010 Motive 2013 2015 and 19 2 2014 2016 paying special attention to cinematic techniques Following an overview of the methodology and the Canadian cultural milieu of the study the author approaches the three series as complex cultural and linguistic productions that depend heavily on a national appropriation of a genre whose popularity is growing internationally The book investigates the verbal nonverbal and paraverbal strategies employed by each production to create the patterns that make this genre appealing to a variety of audiences and uncovers some of the psychological processes at work in contemporary Canadian TV crime serials This book will be of interest to scholars in fields including Corpus Linguistics Multimodal Studies Canadian Studies Media and Communication Studies and Specialised Discourse Reason, Rhetoric, and the Philosophical Life in Plato's Phaedrus Tiago Lier, 2019-06-28 Plato is a well known critic of rhetoric but in the Phaedrus he defends the art of rhetoric arguing that it can be perfected with the aid of philosophy In Reason Rhetoric and the Philosophical Life in Plato's Phaedrus Tiago Lier provides a new and comprehensive interpretation of this important dialogue He argues that Plato's defense of rhetoric is based on philosophy's ethical nature and that philosophy is a way of life rather than a body of knowledge For Plato an essential element of both rhetoric and the philosophical life is that every use of speech whether to persuade or to learn depends upon the psychology of the speaker and the audience Lier shows how Socrates develops a dynamic account of this psychology over the course of the dialogue in order to help Phaedrus understand how he is personally engaged in and shaped by every act of communication Only when we grasp the tension between eros and logos will we discover the limitations of the art of rhetoric and that rhetoric alone cannot show us what we truly desire Instead Lier concludes the greatest power of speech is to reveal to ourselves our own desires and understanding of our place in the world This continual self reflection is the philosophical life around which Socrates and Plato fashion their distinctive forms of rhetoric The insights developed in this book will be of particular relevance to students and scholars of ancient philosophy classics and rhetorical theory but it will also be of interest to those working in political science literary studies and communication studies *The Routledge Handbook of Contemporary English Pronunciation* Okim Kang, Ron I.
