Métodos de Pesquisa em Administração - 12ª Edição Donald R. Cooper, Pamela S. Schindler, 2016-05-01 Nova edição do livro texto sobre técnicas de pesquisa voltado especificamente para alunos de graduação e pós-graduação em administração

**The Chicago Guide to Writing About Numbers** Jane E. Miller, 2015-04-09 For students scientists journalists and others a comprehensive guide to communicating data clearly and effectively Acclaimed by scientists journalists faculty and students The Chicago Guide to Writing about Numbers has helped thousands communicate data clearly and effectively It offers a much needed bridge between good quantitative analysis and clear expository writing using straightforward principles and efficient prose With this new edition Jane Miller draws on a decade of additional experience and research expanding her advice on reaching everyday audiences and further integrating non print formats Miller an experienced teacher of research methods statistics and research writing opens by introducing a set of basic principles for writing about numbers then presents a toolkit of techniques that can be applied to prose tables charts and presentations She emphasizes flexibility showing how different approaches work for different kinds of data and different types of audiences The second edition adds a chapter on writing about numbers for lay audiences explaining how to avoid overwhelming readers with jargon and technical issues Also new is an appendix comparing the contents and formats of speeches research posters and papers to teach writers how to create all three types of communication without starting each from scratch An expanded companion website includes new multimedia resources such as slide shows and podcasts that illustrate the concepts and techniques along with an updated study guide of problem sets and suggested course extensions This continues to be the only book that brings together all the tasks that go into writing about numbers integrating advice on finding data calculating statistics organizing ideas designing tables and charts and writing prose all in one volume Field tested with students and professionals alike this is the go to guide for everyone who writes or speaks about numbers

The Chicago Guide to Writing about Multivariate Analysis, Second Edition Jane E. Miller, 2013-09-26 Many different people from social scientists to government agencies to business professionals depend on the results of multivariate models to inform their decisions Researchers use these advanced statistical techniques to analyze relationships among multiple variables such as how exercise and weight relate to the risk of heart disease or how unemployment and interest rates affect economic growth Yet despite the widespread need to plainly and effectively explain the results of multivariate analyses to varied audiences few are properly taught this critical skill The Chicago Guide to Writing about Multivariate Analysis is the book researchers turn to when looking for guidance on how to clearly present statistical results and break through the jargon that often clouds writing about applications of statistical analysis This new edition features even more topics and real world examples making it the must have resource for anyone who needs to communicate complex research results For this second edition Jane E Miller includes four new chapters that cover writing about interactions writing about event history analysis writing about multilevel models

and the Goldilocks principle for choosing the right size contrast for interpreting results for different variables In addition she has updated or added numerous examples while retaining her clear voice and focus on writers thinking critically about their intended audience and objective Online podcasts templates and an updated study guide will help readers apply skills from the book to their own projects and courses This continues to be the only book that brings together all of the steps involved in communicating findings based on multivariate analysis finding data creating variables estimating statistical models calculating overall effects organizing ideas designing tables and charts and writing prose in a single volume When aligned with Miller s twelve fundamental principles for quantitative writing this approach will empower readers whether students or experienced researchers to communicate their findings clearly and effectively     Lemon-Aid New Cars and Trucks 2012 Phil Edmonston,2011-12-03 Offers advice for prospective buyers of cars and trucks reveals information on secret warranties and confidential service bulletins and tells how to complain and get results     The Arrival of the Electric Car CHRIS JOHNSTON,ED SOBEY,2022-12-29 Second Edition Are you considering buying an electric vehicle All of us are witnessing a once in a lifetime transformation For over one hundred years gasoline and diesel fuels have powered ground transportation throughout the world Now that is changing and 2023 is the year when most people will recognize that change is happening This book is a comprehensive easy to understand overview of the passenger EV universe including guides for buying and owning an electric car The authors discuss choosing owning and driving an electric car then explain the features advantages benefits and limitations of over 45 EV models including pickup trucks SUVs and sedans If you have to have a car make it an electric car As this book makes clear they are better than old fashion vehicles in every way Bill McKibben American environmentalist and climate change authority co founded 350 org and spearheaded the fossil fuel divestment campaign resulting in endowments worth more than 15 trillion stepping back from oil gas and coal Thankfully now that the electric vehicle R D dark ages are coming to an end and automakers around the world are charging up their EV programs there s no doubt that we re about to see massive valuable change in our transportation landscape Sebastian Blanco one of America s leading electric car journalists who has been writing about EVs since 2006     **Communication in Responsible Business** Roger N.
