This book explains the principles of pricing clearly and concisely. It seamlessly knits concept and practice. It is a useful text book but also useful to practicing managers charged with challenging task of pricing goods and services. I strongly recommend the book to practitioners and students.

Professor Abby Ghobadian FBAM FAcSS CCMi Professor of Management Henley Business School United Kingdom

At a time when almost continuous change is disrupting nearly all industries and the internet is putting ever more power in the hands of the customer, a book that treats pricing with substance and foresight is a welcome addition to the market.

Professor John R Schermerhorn Jr O Bleness Professor Emeritus Ohio University United States

In contemporary business pricing is much more than just the money equivalent of the product value. This book provides a high quality review of different concepts and issues regarding pricing from different stakeholders perspectives. It can be recommended both as students textbook as well as a managers toolkit for making strategic and tactical pricing decisions.

Professor Mirna Leko imi Professor of Marketing at Faculty of Economics at J J Strossmayer University of Osijek Croatia

Price is the value that is attached to a product or service and is usually the result of complex set of calculations research and risk analysis. This book provides comprehensive and understandable strategies and tactics that one may use to price a product or service in our current the multi faceted operating environment. It is a great resource for both practitioners and academics.

Dr Dolores Rinke CPA Professor Emerita Purdue University United States

In a fast changing world with fierce competition pricing has been increasingly the new frontier and battle field for business operations. Dynamic pricing needs to be deployed as the brand new strategy for global organizations to gain competitive advantages and sustainable profit growth. This book provides insightful knowledge of the dynamics of setting price in a networked global context and enables academics and professionals to have a clear understanding of the principle and practice.

Dr Xinping Shi Associate Professor of Information and Operations Management Hong Kong Baptist University Hong Kong SAR China

Getting the pricing of products and services right is challenging and difficult. It is more complicated in a globalized world and further challenging when it is across different types of economies. This book will offer guidance in setting and negotiating prices for trading across borders and on the digital platform and will prove useful for practitioners and students. I highly recommend the book.
