## **Toyota Motors Annual Report:**

*Automotive Global Value Chain* Wilson Kia Onn Wong, 2017-08-09 Today some suppliers have grown increasingly powerful and in certain cases earn revenues that rival or even exceed that of their automaker clients In the pre globalisation period automakers wielded absolute power over their significantly smaller suppliers This book reveals the upending of this relationship with the gradual shift in the balance of power from automakers to their suppliers in this era of globalisation The book examines how suppliers in the global tyres seats constant velocity joints hereafter CVJs braking systems and automotive semiconductor industries have evolved into powerful oligopolies through a mix of acquisition and organic growth strategies It also highlights how joint ventures could be strategically deployed as springboards to acquisition as they enable firms to familiarise themselves with their partners markets and operations Moreover the book analyses the disruption stirred by the entry of well resourced technology titans into this industry and their inevitable clash with the traditional incumbents This book is an invaluable reference for anyone interested in learning more about the automakers and now their suppliers relentless quest to create market dominating intelligent driving systems

**The Dilemma between Quality Reputation and Risk Prevention: Warranty Provisions of Car Manufacturers** Daniel Siebert, 2014-06-27 Car manufacturers are playing a major role beneath the most promising industries for investors But the changing environment of political decisions and moving values of customers influence the strategies of the OEMs The quality strategy of the car brand plays an enormous role The increasing trend of major recall initiatives of vehicles is part of the daily press and harms the quality reputation of the car makers But how can the analyst give a statement about the quality performance with the public information provided by the OEMs One possibility is the evaluation of the provision for warranty which is part of the liabilities in the annual report This book compares the applicable requirements like laws and reporting standards which have to be followed It shows calculation methods to make the impact of laws and reporting standards visible In respect to the estimation of the failure probability statistic methods are explained Finally the annual reports of the biggest car manufacturers are compared with each other in regards to the available information about warranty provisions and key figures are analyzed

**International Financial Reporting Standards** Greg F. Burton, Eva K. Jermakowicz, 2015-02-20 International Financial Reporting Standards A Framework based Perspective links broad concepts and general accounting principles to the specific requirements of IFRS to help students develop and understand the judgments required in using a principle based standard Although it is still unclear whether the US will adopt IFRS the global business environment makes it necessary for accounting students and professionals to be bilingual in both US GAAP and IFRS This comprehensive textbook offers A clear presentation of the concepts underlying IFRS A conceptual framework to guide students in interpreting and applying IFRS rules A comparison between IFRS and US GAAP to develop students understanding of the requirements of each standard Real world examples and case studies to link accounting theory to practice while also exposing students to

different interpretations and applications of IFRS End of chapter material covering other aspects of financial reporting including international auditing standards international ethics standards and corporate governance and enforcement as well as emerging topics such as integrated accounting sustainability and social responsibility accounting and new forms of financial reporting Burton Jermakowicz have crafted a thorough and extensive tool to give students a competitive edge in understanding and applying IFRS A companion website provides additional support for both students and instructors
