Respected Madam,

I, along with our whole staff at the XYZ organization would like to extend our heartfelt gratitude towards you for the given kind sponsorship to organize a workshop and seven-day event. It is because of your help and support, the event turned in to huge success to people at work. The event hosted a variety of sports such as Tennis, football, cricket, table tennis and badminton to swimming and long tennis, along with few very exciting shows of sportsmanship. We are very sure that the event could not have been possible and such a success without your humble and kind support.

Thank you so much, Madam.

We really look forward towards your sustained support to us in the future too. Thanks a lot.

Regards,
John Mill

The Adoption Plan Jack Neubauer, 2025-03-18 During the tumultuous years of World War II and the Cold War new global humanitarian ideas and practices coalesced around the cause of saving the children in China How did China's children become archetypal victims who ignited a new global humanitarian imagination And who would prevail in the transnational contest to control the vast quantities of aid flowing into China on their behalf *The Adoption Plan* offers a new history of the rise of global humanitarianism that places the recipients administrators and critics of humanitarian aid in China at the center of the story Analyzing how the adoption plan for international child sponsorship

became one of the most popular fundraising strategies for humanitarian work in China and across the world Jack Neubauer explores how the globalization of humanitarian aid was linked to new practices of global intimacy that enabled donors to build personal relationships with Chinese children across geographic and cultural divides Drawing on hundreds of letters written by Chinese children to foreign sponsors and extensive research in Chinese archives Neubauer shows how China's Nationalist and Communist parties mobilized the emotional bonds between children and sponsors to secure international support for their competing political projects By the 1950s child sponsorship and international adoption had become the most hotly contested humanitarian programs in Cold War East Asia Upending the conventional view of humanitarianism as a tool of Western influence The Adoption Plan demonstrates that it was often the Chinese recipients of aid who were best able to control its material and ideological uses The Atlantic Monthly, 1974 *Inspiring the Next Young Environmental Leader* Arron Wood, Richard Wood, 2007 Arron and Richard Wood's successful method of engaging youth on the big environmental challenges facing our planet is truly inspiring They bring renewed hope for encouraging activism by future generations This book is about the evolution of Kids Teaching Kids and its relevance as an effective formula for educating young people and motivating them to take action in their own lives both in and out of the classroom Arron and Richard developed this highly effective model for Australian schools The UN Works Programme is collaborating with them to integrate this approach into educational outreach to students around the world
