**Leitrim Observed** Aubrey Malone, 2025-05-27 This is the first full length biography of one of Ireland's most loved writers A man who was able to go from a plain to a heightened prose style with deceptive ease John McGahern was as scrupulous as he was pure in the manner in which he crafted his books Beginning on a high with *The Barracks* in 1962 two years later he created a furore with *The Dark* losing his Primary teaching job in Dublin after it was banned He left Ireland afterwards to eke out a living doing support teaching in the schools of East London in between piecemeal writing commissions The failure of his marriage to the Finnish theatre director Anniki Laaksi soon followed The two events might have crippled lesser men but as was the case when he lost his beloved mother to cancer as a ten year old boy somehow he found the way to mint art from his pain After returning to Ireland in the early seventies he went on to produce a rich stream of fiction combining the life of a Leitrim farmer with a starkly contrasting series of prestigious lectureships in foreign universities Aubrey Malone knew him As a fellow Connacht man who also left a teaching job to become a writer he found he had much in common with the Roscommon wordsmith after interviewing him for his Booker Prize nominated novel *Amongst Women* in 1990 He became as interested in his life as his books afterwards and wrote about him frequently in subsequent years as well as keeping in touch

with him by letter and over the phone In the present book he tells the story of Ireland's Chekhov from his strife torn youth under a cruel father through a controversial career that saw him produce a steady stream of classic novels and short stories and novels right up to his elegiac swansong *That They May Face the Rising Sun* The book also explores some lesser known aspects of his life his problems in teaching on both sides of the Irish Sea his failed romances one of which produced a love child and the brave manner in which he negotiated the cancer that caused his death at the age of 71 in 2006 Through all of this he was buffeted by the love of his second wife Madeline an American photographer who provided sterling support to him from a discreet distance as he went from enfant terrible to national treasure McGahern changed the way we thought about life as much as literature His books will live as long as people love language In these pages we come to grips with someone who became famous the world over for getting the words right but who never left the lanes of Leitrim in his heart

*Touchstones* Frank Shovlin, 2016 *Touchstones* examines the literary influences that led to John McGahern becoming Ireland's greatest fiction writer of the post war generation *John McGahern and the Art of Memory* Dermot McCarthy, 2010 The concepts of Ireland and Irishness are in constant flux in the wake of an ever increasing reappraisal of the notion of cultural and national specificity in a world assailed from all angles by the forces of globalisation and uniformity *Reimagining Ireland* interrogates Ireland's past and present and suggests possibilities for the future by looking at Ireland's literature culture and history and subjecting them to the most up to date critical appraisals associated with sociology literary theory historiography political science and theology *As Mirrors Are Lonely* Peter Guy, 2014-10-16 The Irish novel has demonstrated an ability to sample other forms and influences to improvise and evolve in the light of changing circumstances Peter Guy's new study helps investigate the way in which Irish writers since the sixties have responded to these influences re-examining their work through the theory of the French theorist Jacques Lacan Focusing on the novelists John McGahern Brian Moore and John Broderick in a simultaneous reading and applying a psychoanalytical theory which centers in particular on gender and family relations this new study also covers a number of other complex issues issues which span the claustrophobic and repressive atmosphere of the 1950s to the secular ahistorical Ireland of today *The Oxford Handbook of Modern Irish Fiction* Liam Harte, 2020-10-15 The Oxford Handbook of Modern Irish Fiction presents authoritative essays by thirty five leading scholars of Irish fiction They provide in depth assessments of the breadth and achievement of novelists and short story writers whose collective contribution to the evolution and modification of these unique art forms has been far out of proportion to Ireland's small size The volume brings a variety of critical perspectives to bear on the development of modern Irish fiction situating authors texts and genres in their social intellectual and literary historical contexts The Handbook's coverage encompasses an expansive range of topics including the recalcitrant atavisms of Irish Gothic fiction nineteenth century Irish women's fiction and its influence on emergent modernism and cultural nationalism the diverse modes of irony fabulism and social realism that characterize the fiction of the Irish Literary Revival the fearless aesthetic

radicalism of James Joyce the jolting narratological experiments of Samuel Beckett Flann O'Brien and Mairéad Ní Cadhain the fate of the realist and modernist traditions in the work of Elizabeth Bowen Frank O'Connor Seán O Faoláin and Mary Lavin and in that of their ambivalent heirs Edna O'Brien John McGahern and John Banville the subversive treatment of sexuality and gender in Northern Irish women's fiction written during and after the Troubles the often neglected genres of Irish crime fiction science fiction and fiction for children the many hued novelistic responses to the experiences of famine revolution and emigration and the variety and vibrancy of post-millennial fiction from both parts of Ireland Readably written and employing a wealth of original research *The Oxford Handbook of Modern Irish Fiction* illuminates a distinguished literary tradition that has altered the shape of world literature

**Outrageous Fortune** Joe Cleary, 2007 Did Ireland produce a more radical and ambitious literature in the straitened circumstances of the first half of the twentieth century than it has managed to do since it began to modernize and become more affluent from the 1960s onwards Has Irish modernism ceded place to a prevailing naturalism that seems gritty and tough minded but that is aesthetically conservative and politically self-thwarted Does the fixation with de Valera's Ireland in recent narrative represent a necessary settling of accounts with a dark abusive history or is it indicative of a worrying inability on the part of Irish artists and intellectuals to respond to the very different predicaments of the post-Cold War world These are some of the questions addressed in *Outrageous Fortune* Scanning literature theatre film and music Joe Cleary probes the connections between capital culture and criticism in modern Ireland He includes readings of James Joyce and the Irish modernists the naturalists Patrick Kavanagh John McGahern and Edna O'Brien and comments too on what he terms the neo-naturalism of Marina Carr Patrick McCabe and Martin McDonagh He concludes with a provocative analysis of the cultural achievement of the Pogues

**Remembering Peasants** Patrick Joyce, 2024-02-20 I had been waiting for much of my life to read this extraordinary book there are clues and messages for every fortunate reader who picks it up Annie Proulx A New York Times Book Review Editors' Choice A landmark history of the peasant experience exploring a now neglected way of life that once encompassed most of humanity but is rapidly vanishing in our time What the skeleton is to anatomy the peasant is to history its essential hidden support For over the past century and a half and most notably over the last seventy years the world has become increasingly urban and the peasant way of life the dominant way of life for humanity since agriculture began well over 6 000 years ago is disappearing In this vital history of peasantry social historian Patrick Joyce aims to tell the story of this lost world and its people and how we can commemorate their way of life In one sense this is a global history ambitious in scope taking us from the urbanization of the early 19th century to the present day But more specifically Joyce's focus is the demise of the European peasantry and of their rites traditions and beliefs Alongside this he brings in stories of individuals as well as places including his own family and looks at how peasants and their ways of life have been memorialized in photographs literature and in museums Joyce explores a people whose voice is vastly underrepresented and is usually mediated through others in human history and now peasants

are vanishing in one of the greatest historical transformations of our time Written with the skill and authority of a great historian Remembering Peasants is a first class work Kirkus Reviews a richly complex and passionate history written with exquisite care It is also deeply resonant as Joyce shines a light on people whose knowledge of the land is being irretrievably lost during our critical time of climate crisis and the rise of industrial agriculture Enlightening timely and vitally important this book commemorates an extraordinary culture whose impact on history and the future remains profoundly relevant

**Encyclopedia of British Writers** Christine L. Krueger,2014-07 This concise encyclopedic reference profiles more than 800 British poets

**John McGahern** John Singleton,2023-11-17 John McGahern 1934 2006 believed that fiction could act as a window on the world Such windows however frame our fields of vision alter and shape our perspectives Far from being static the artist s perspective must continually evolve This book provides a literary analysis of John McGahern s artistic and poetic vision his ways of looking examining the shifting focus of this vision how and why it develops what effects such developments have on the work s forms and how these forms evolve at what times and in response to what stimuli This volume demonstrates that such developments mirror an analogous social expansion during the latter half of the twentieth century and argues that McGahern s literary spaces relate to his efforts to realise a more accommodating form to envelop the structureless society While the number of critical studies on McGahern has increased markedly in recent years research still tends to fall into the well established camps of social realism or literary aestheticism This text aims to explore the common ground between the material context and social worlds of each work and the hermeneutics of a traditional literary investigation It traverses such divides through close readings of McGahern s work with attention to the topopoetical production of images of the house the home and the family unit The book ultimately shows how attention to McGahern s literary spaces provides a greater understanding of the aesthetic vision and form of each novel and allows us to understand those aspects relative to the social cultural and political undercurrents of the works individually and collectively

**Ireland and Ecocriticism** Eóin Flannery,2015-10-05 This book is the first truly interdisciplinary intervention into the burgeoning field of Irish ecological criticism Providing original and nuanced readings of Irish cultural texts and personalities in terms of contemporary ecological criticism Flannery s readings of Irish literary fiction poetry travel writing non fiction and essay writing are ground breaking in their depth and scope Explorations of figures and texts from Irish cultural and political history including John McGahern Derek Mahon Roger Casement and Tim Robinson among many others enable and invigorate the discipline of Irish cultural studies and international ecocriticism on the whole This book addresses the need to impress the urgency of lateral ecological awareness and responsibility among Irish cultural and political commentators to highlight continuities and disparities between Irish ecological thought writing and praxis and those of differential international writers critics and activists and to establish both the singularity and contiguity of Irish ecological criticism to the wider international field of ecological criticism With the introduction of concepts such as ecocosmopolitanism deep history ethics of proximity

Gaia Theory urban ecology and postcolonial environmentalism to Irish cultural studies it takes Irish cultural studies in bracing new directions Flannery furnishes working examples of the necessary interdisciplinarity of ecological criticism and impresses the relevance of the Irish context to the broader debates within international ecological criticism Crucially the volume imports ecological critical paradigms into the field of Irish studies and demonstrates the value of such conceptual dialogue for the future of Irish cultural and political criticism This pioneering intervention exhibits the complexity of different Irish cultural and historical responses to ecological exploitation degradation and social justice **The quiet contemporary**

**American novel** Rachel Sykes,2017-12-01 This book explores the concept of quiet an aesthetic of narrative driven by reflective principles and argues for the term s application to the study of contemporary American fiction In doing so it makes two critical interventions Firstly it maps the neglected history of quiet fictions arguing that from Hester Prynne to Clarissa Dalloway from Bartleby to William Stoner the Western tradition is filled with quiet characters Secondly it asks what it means for a novel to be quiet and how we might read for quiet in an American literary tradition that critics so often describe as noisy Examining recent works by Marilynne Robinson Teju Cole and Ben Lerner among others the book argues that quiet can be a multi faceted state of existence one that is communicative and expressive in as many ways as noise but filled with potential for radical discourse by its marginalisation as a mode of expression *A Guest at the Feast* Colm

Toibin,2024-01-09 IT ALL STARTED WITH MY BALLS So begins Colm T ib n s fabulously compelling essay laced with humor about his diagnosis and treatment for cancer T ib n survives but he has entered as he says the age of one ball The second essay in this seductive collection is a memoir about growing up in the 1950s and 60s in the small town of Enniscorthy in County Wexford the setting for many of T ib n s novels and stories including Brooklyn The Blackwater Lightship and Nora Webster T ib n describes his education by priests several of whom were condemned years later for abuse He writes about Irish history and literature and about the long tragic journey toward legal and social acceptance of homosexuality In Part Two T ib n profiles three complex and vexing popes John Paul II Benedict XVI and Francis And in Part Three he writes about a trio of authors who reckon with religion in their fiction The final essay Alone in Venice is a gorgeous account of T ib n s journey at the height of the pandemic to the beloved city where he has set some of his most dazzling scenes The streets canals churches and museums were empty He had them to himself an experience both haunting and exhilarating **Light,**

**Freedom and Song** David Pierce,2005-01-01 In this absorbing analysis of modern Irish writing an acknowledged expert considers the hybrid character of modern Irish writing to show how language culture and history have been affected by the colonial encounter between Ireland and Britain Examining the great themes of loss and struggle David Pierce traces the impact on Irish writing of the Great Famine and cultural nationalism and considers the way the work of Ireland s two leading writers W B Yeats and James Joyce complicate and elucidate our view of the harp and the crown The book draws a contrast between the West of Ireland in the 1930s when the new Irish State enjoyed its first full independent decade and the North of

Ireland in the 1980s when the spectre of British imperialism threatened the stability of Ireland Pierce then surveys contemporary Irish writing and reflects on the legacy of the colonial encounter and on the passage to a postmodern or postnationalist Ireland in the work of such crucial living writers as John Banville Derek Mahon and John McGahern The Playful Air of Light(ness) in Irish Literature and Culture Marta Goszczyńska, Katarzyna Poloczek, 2011-05-25 While discussions in the field of Irish Studies traditionally gravitate towards themes of struggle oppression and death the present book originates from a contradictory impulse Without losing sight of Ireland's troubled history and the complexities that shape its present it centres on instances of playfulness light ness and air in Irish literature and culture Refracted through the prism of contemporary philosophy notably of Italo Calvino Luce Irigaray and Mar a Lugones these categories serve as the basis for thirteen essays by academics from Poland the UK Germany and Spain Some of these offer fresh readings of such seminal authors as W B Yeats Louis MacNeice Seamus Heaney and John Banville others look at lesser known figures such as Eimar O Duffy and Forrest Reid who before now have received little scholarly attention
