The 33 Strategies of War by Robert Greene Millionaire Mindset Publishing, 2017-12-13 Disclaimer This is a summary and not the original book You can find the original here <http://amzn.to/2xCU9pe> The 1 Bestselling Summary of *The 33 Strategies of War* by Robert Greene Learn how to apply the main ideas and principles from the original book in a quick easy read We live in a culture that highlights the importance of democratic values of fitting into a group of knowing how to cooperate with other people We are constantly trained and prepared for peace but we're not at all prepared for the perpetual war that we must fight in the real world This war occurs not only on the military battlefield but on multiple levels of society In business politics sports even the arts we find ourselves facing ruthless opponents that are willing to do anything to gain an edge More troubling however are the battles we face with those who claim to be on our side those who seem to play the team game who act friendly and agreeable only to sabotage us behind the scenes to use the group to secure their own selfish interests On the surface everything seems peaceful and harmonious but just below it it is often every man and woman for themselves Our culture may deny this reality but we all know it and feel it in our daily lives As equally important as *The 48 Laws of Power* and *The Art of Seduction* *The 33 Strategies of War* by Robert Greene is a comprehensive guide to human interaction which reveals how the most ingenious and effective principles of warfare can be applied to the battles and conflicts of everyday life Each chapter is a strategy aimed at solving a particular problem that you will often encounter in your daily struggles The strategies range from the basic strategies of classical warfare to the dirty and unconventional

strategies of modern times and can be applied to struggles of any kind organized warfare business campaigns the politics of a group or personal relationships This summary highlights the key ideas and captures the most important lessons found in the original book If you've already read the original this summary will serve as a reminder of main ideas and key concepts If you haven't don't worry here you will find every bit of practical information that you can apply However we do encourage you to purchase the original as well for a more comprehensive understanding of the subject Note This summary is written and published by Millionaire Mindset Publishing It is not the original book and it's not affiliated with the original author in any way You can find the original book by accessing this link <http://amzn.to/2xCU9pe>

The Normalization of War in Israeli Discourse, 1967-2008 Dalia Gavriely-Nuri, 2013 The Normalization of War in Israeli Discourse 1967-2008 by Dalia Gavriely Nuri opens a window to how Israelis talk write and think about war In the post World War II period Israel has taken part in eight wars more than almost any other western democracy In addition to official wars Israel has experienced two Intifadas and repetitive long periods of bombings of its border settlements This book argues that such an intensive involvement in military actions provides a natural arena for a uniquely fertile war discourse Gavriely Nuri identifies a special war discourse a war normalizing discourse WND WND as a set of linguistic discursive and cultural devices aims at blurring the anomalous character of war by transforming it into an event perceived as natural a normal part of life Moreover the WND is served as a unique rhetorical compass and illuminates one basic organizing principle underlying the Israeli war discourse WND has been in use throughout Israel's history in periods of war as well as in periods of relative peace It has become a fundamental part of the Israeli public discourse concerning both peace and war and an integral part of Israeli identity The Normalization of War in Israeli Discourse 1967-2008 is an essential investigation into how nations use rhetoric and tactical discourse to normalize their conflicts

Arming Against Hitler Eugenia C. Kiesling, 1996 In May/June 1940 the Germans demolished the French Army inflicting more than 300,000 French casualties including more than 120,000 dead While many historians have focused on France's failure to avoid this catastrophe Eugenia Kiesling is the first to show why the French had good reason to trust that their prewar defense policies military doctrine and combat forces would preserve the nation
