**Roses at Dawn in an Ice Age World** Rolf Witzsche,2005 Mankind is the child of the Ice Age Our more than 2 million year history extends through the entire Pleistocene Ice Age Epoch We were shaped by the need to be creative to survive and still are Now that our warm interglacial epoch is nearly over we find ourselves challenged to be creative once again as the global agriculture and with it our food supply will be radically diminished once we get back into the Ice Age World Can we protect our agriculture in indoor facilities That sounds like science fiction right It will take a hundred years to do it But will we upgrade our human dimension to do it especially in the way we relate to one another as human beings We are deeply divided to the very grassroots social level and isolated The needed Ice Age Renaissance requires a taller foundation The novel explores the countless dimensions that are involved in breaking the ice in our social domain at the level of sexual and marital division and isolation towards becoming sublime as human beings The great renaissance principles of universal love and of the advantage of the other are threaded through the story putting a new light on sex and marriage relationships and expanding them into the universal dimension This novel is Episode 2B of the science fantasy series The Lodging for the Rose by Rolf A F Witzsche

*Ideas for the Ice Age* Roger L. Geiger,Max Lerner,2020-03-02 Ideas for the Ice Age is a companion volume to Max Lerner s classic work Ideas Are Weapons Both were written mostly in the 1930s as products of a period when the democratic idea was under heavy siege from totalitarian ideologies of the right and left In its focus Ideas for the Ice Age is a study of the task of democracy in a revolutionary era an enterprise that has taken on new urgency in the post Communist world For Lerner this task comprises four aspects around which the book is organized the task of winning the future for American democracy and planning its organization the problem of selecting out those elements of a usable past which when strengthened and extended can assure a livable future the problem of acting decisively in moments of international crisis and the problem of strengthening democracy at home and completing its unfinished business Within this framework Lerner selects ideas and personalities that have decisively shaped the modern mind The selections have lost none of their original timeliness Among the wide range of figures considered here are Machiavelli Franz Kafka Randolph Bourne Harold Laski John Strachey and Justice Oliver Wendell Holmes Lerner reflects as well on the offices institutions and constitutional questions of American democracy in moments of historical crisis For a new generation of readers this gallery of thinkers will be essential reading a must for students of American studies the history of ideas and political theory

**Ice Age Extinction** Jim Snook,2008 [Why and How the Ice Age Ended & The True History of the Pontic \(White\) Race](#) Raven Alb J.,2011-11-16 A complex book which goes from explaining how climate changes based on

changing of the earth's axis tilt to the formation of the Indo-European languages, first words and the misunderstood part of white race history. This book reveals the unknown part of Indo-European history in Asia which is very wrongly taught today. The evolution of European languages is corrected based on very logical and well-documented bases. It is a book that requires intelligence and great curiosity as well as the ability to concentrate because many lexicons are found throughout the book. Any intelligent person will have a very different understanding of earth's history and reason for climate change after reading this book. The book is extremely informative in many fields and the writer expects no mercy from the people who can prove him wrong. Try it.
