Sir John Froissart's

Chronicles of England, France, Spain, and the Adjoining Countries, Jean Froissart, 1868      Searching for Japan Michele Monserrati, 2020-03-27 This book pursues the specific case of Italian travel narratives in the Far East through a focus on the experience of Japan in works by writers who visited the Land of the Rising Sun beginning in the Meiji period 1868 1912 and during the concomitant opening of Japan's relations with the West Drawing from the fields of Postcolonial and Transnational Studies analysis of these texts explores one central question what does it mean to imagine Japanese culture as contributing to Italian culture Each author shares in common an attempt to disrupt ideas about dichotomies and unbalanced power relationships between East and West Proposing the notion of relational Orientalism this book suggests that Italian travelogues to Japan in many cases pursued the goal of building imaginary transnational communities predicated on commonalities and integration by claiming what they perceived as Oriental as their own In contrast with a long history of Western representations of Japan as inferior and irrational Searching for Japan identifies a positive overarching attitude toward the Far East country in modern Italian culture Expanding the horizon of Italian transnational networks normally situated within the Southern European region this book reinstates the existence of an alternative Euro Asian axis operating across Italian history      **The Record of Old Westminster** Westminster School (London, England), 1928      Dictionary of National Biography Leslie Stephen, Sir Sidney Lee, 1897      **Henry James Goes to Paris** Peter Brooks, 2018-06-26 Henry James's reputation as The Master is so familiar that it's hard to imagine he was ever someone on whom some things really were lost This is the story of the year 1875 to 1876 when the young novelist moved to Paris drawn by his literary idols living at the center of the early modern movement in art As Peter Brooks skillfully recounts James largely failed to appreciate or even understand the new artistic developments teeming around him during his Paris sojourn But living in England twenty years later he would recall the aesthetic lessons of Paris and his memories of the radical perspectives opened up by French novelists and painters would help transform James into the writer of his adventurous later fiction A narrative that combines biography and criticism and uses James's writings to tell the story from his point of view Henry James Goes to Paris vividly brings to life the young American artist's Paris year and its momentous artistic and personal consequences James's Paris story is one of enchantment and disenchantment He initially loved Paris he succeeded in meeting all the writers he admired Turgenev Flaubert Zola Maupassant Goncourt and Daudet and he witnessed the latest development in French painting Impressionism But James largely found the writers disappointing and he completely misunderstood the paintings he saw He also seems to have fallen in and out of love in a more ordinary sense with a young Russian aesthete Paul Zhukovsky Disillusioned James soon retreated to England for good But James would eventually be changed forever by his memories of Paris      The Literary Gazette and Journal of Belles Lettres, Arts, Sciences, &c , 1835      *Literary Gazette and Journal of Belles Lettres, Arts, Sciences, &c* , 1849      Scripture Natural History rev.
