**Ryan Cole**

### **The American And The Brit Unsolicited Advice English Edition:**

Lion, The Eagle, and Upper Canada, Second Edition Jane Errington, 2012-05-23 It has generally been assumed that the political and social ideas of early Upper Canadians rested firmly on veneration of eighteenth century British conservative values and unequivocal rejection of all things American Jane Errington's examination of the attitudes and beliefs of the Upper Canadian elite between 1784 and 1828 as seen through their private papers public records and the newspapers of the time suggests that this view is far too simplistic Errington argues that in order to appreciate the evolution of Upper Canadian beliefs particularly the development of political ideology it is necessary to understand the various and changing perceptions of the United States and of Great Britain held by different groups of colonial leaders Colonial ideology inevitably evolved in response to changing domestic circumstances and to the colonists knowledge of altering world affairs It is clear however that from the arrival of the first loyalists in 1748 to the passage of the Naturalization Bill in 1828 the attitudes and beliefs of the Upper Canadian elite reflect the fact that the colony was a British American community Errington reveals that Upper Canada was never as anti American as popular lore suggests even in the midst of the War of 1812 By the mid 1820s largely due to their conflicting views of Great Britain and the United States Upper Canadians were divided The Tory administration argued that only by decreasing the influence of the United States enforcing a conservative British mould on colonial society and maintaining strong ties with the Empire could Upper Canada hope to survive The forces of reform on the other hand asserted that Upper Canada was not and could not become a re creation of Great Britain and that to deny its position in North America could only lead to internal dissent and eventual amalgamation with the United States Errington's description of these early attempts to establish a unique Upper Canadian identity reveals the historical background of a dilemma which has yet to be resolved This edition of the book is updated with a new introduction by the author *Performing Authorship in the Nineteenth-Century Transatlantic Lecture Tour* Dr Amanda Adams, 2014-07-28 Expanding our understanding of what it meant to be a nineteenth century author Amanda Adams takes up the concept of performative embodied authorship in relationship to the transatlantic lecture tour Adams argues that these tours were a central aspect of nineteenth century authorship at a time when authors were becoming celebrities and celebrities were international Spanning the years from 1834 to 1904 Adams's book examines the British lecture tours of American authors such as Frederick Douglass Harriet Beecher Stowe and Mark Twain and the American lecture tours of British writers that include Harriet Martineau Charles Dickens Oscar Wilde and Matthew Arnold Adams concludes her study with a discussion of Henry James whose American lecture tour took place after a decades long absence In highlighting the wide range of authors who participated in this phenomenon Adams makes a case for the lecture tour as a microcosm for nineteenth century authorship in all its contradictions and complexity **The Lion, the Eagle, and Upper Canada** Elizabeth Jane Errington, 1987 It has generally been assumed that the political and social ideas of early Upper Canadians rested firmly on veneration of eighteenth century

British conservative values and unequivocal rejection of all things American Jane Errington's examination of the attitudes and beliefs of the Upper Canadian elite between 1784 and 1828 as seen through their private papers public records and the newspapers of the time suggests that this view is far too simplistic *Kennedy, Macmillan and the Cold War* N.

Ashton, 2002-09-18 Nigel J Ashton analyses Anglo American relations during a crucial phase of the Cold War He argues that although policy makers on both sides of the Atlantic used the term interdependence to describe their relationship this concept had different meanings in London and Washington The Kennedy Administration sought more centralized control of the Western alliance whereas the Macmillan Government envisaged an Anglo American partnership This gap in perception gave rise to a crisis of interdependence during the winter of 1962-3 encompassing issues as diverse as the collapse of the British EEC application the civil war in the Yemen the denouement of the Congo crisis and the fate of the British independent nuclear deterrent *Unspeakable Awfulness* Kenneth D. Rose, 2013-07-24 The late nineteenth century was a golden age for

European travel in the United States For prosperous Europeans a journey to America was a fresh alternative to the more familiar Grand Tour of their own continent promising encounters with a vast wild landscape and with people whose culture was similar enough to their own to be intelligible yet different enough to be interesting Their observations of America and its inhabitants provide a striking lens on this era of American history and a fascinating glimpse into how the people of the past perceived one another In *Unspeakable Awfulness* Kenneth D Rose gathers together a broad selection of the observations made by European travellers to the United States European visitors remarked upon what they saw as a distinctly American approach to everything from class politics and race to language food and advertising Their assessments of the American character continue to echo today and create a full portrait of late nineteenth century America as seen through the eyes of its visitors Including vivid travellers tales and plentiful illustrations *Unspeakable Awfulness* is a rich resource that will be useful to students and appeal to anyone interested in travel history and narratives **Quest for Freedom** Kenton

Clymer, 2010-06-01 **Quest for Freedom** **Journal of the British Dental Association** British Dental Association, 1890

**Light-Horse Harry Lee** Ryan Cole, 2019-01-15 It would be hard to write a dull book on Light Horse Harry and Mr Cole's is far from it The book contains passages of considerable eloquence WALL STREET JOURNAL book review *Light Horse Harry* blazes across the pages of Ryan Cole's narrative like a meteor and his final crash is as destructive Cole tells his story with care sympathy and where necessary sternness This book is a great and sometimes harrowing read Richard Brookhiser senior editor at National Review and author of *Founding Father Rediscovering George Washington* Who was Light Horse Harry Lee Gallant Revolutionary War hero Quintessential Virginia cavalryman George Washington's trusted subordinate and immortal eulogist Robert E Lee's beloved father Founding father who shepherded the Constitution through the Virginia Ratifying Convention But Light Horse Harry Lee was also a con man A beachcomber Imprisoned for debt Caught up in sordid squabbles over squalid land deals Maimed for life by an angry political mob Light Horse Harry Lee's life was tragic glorious

and dramatic but perhaps because of its sad ignominious conclusion historians have rarely given him his due until now Now historian Ryan Cole presents this soldier and statesman of the founding generation with all the vim and vigor that typified Lee himself Scouring hundreds of contemporary documents and reading his way into Lee s life political philosophy and character Cole gives us the most intimate picture to date of this greatly awed but hugely talented man whose influence has reverberated from the founding of the United States to the present day     *Adams: An American Dynasty* Francis Russell,2014-08-05 John and Abigail Adams and their descendants have profoundly influenced life in the United States for more than two centuries From the great political and philosophical contributions of Founding Father and President John Adams the roster of Adams luminaries is unprecedented diplomat and sixth president John Quincy Adams pre Civil War Voice of Honor Charles Francis Adams and authors Henry and Brook Adams The story of the Adams dynasty is as impressive and compelling as its legacy Here it is     **The U.S. Democratic Review** ,1854     *We The Presidents* Ronald Gruner,2022-01-11 WE THE PRESIDENTS explores how American presidents over the last century from Warren G Harding to Donald Trump have shaped today s issues Every generation tends to believe they live in unique times but immigration healthcare civil rights tax policy income distribution globalization and the evolving role of government have all had their roots in earlier presidencies and continue to affect every American today Unlike most presidential biographies WE THE PRESIDENTS is devoid of politics A successful presidency is not based on political battles won but rather the well being and prosperity of ordinary citizens For most Americans that s closely related to their pocketbooks So throughout the book are discussions covering economic growth personal income and income inequality taxation and related topics affecting every American It s these issues evolving over decades that have woven the American tapestry WE THE PRESIDENTS tells a small part of that remarkable story PRAISE FROM EARLY READERS This well crafted wonderfully readable book takes the reader on a fascinating journey through the tenures of US presidents over the past 100 years highlighting the events that shaped America and the world and offers a candid yet balanced and objective critique of their stewardship An absorbing and compelling tour de force Howard Handy held senior management positions at the IMF and Institute of International Finance So you think you know your presidential history Think again Ronald Gruner has and he sees more than most He has balanced vision and an eye for detail He has written a knowledgeable and easily read work It is an excellent investment of your time It was for me Jack Falvey Opinion Writer The Wall Street Journal and Barron s This highly readable book is a triumph Author Ronald Gruner with meticulous research has woven a non partisan tapestry embedded with historical parallels as seventeen presidents from Harding to Trump shaped the American century up to the present day when our democracy faces yet another crucial test of its resilience and strength Nicholas G Penniman IV Publisher retired St Louis Post Dispatch Ronald Gruner s clear sighted view of presidents their times and contexts is extraordinary We need the Gruner sensibility in the White House We the Presidents is more than an absorbing read it is a great education about how our country works Gruner s engaging

and straightforward writing brings alive a century of presidencies from Harding to Trump and how their actions have led to what America is today Phil Cooper Founder and Managing Partner Pine Island Capital Partners Ronald Gruner is uniquely qualified to write a penetrating presidential history Gruner applied his significant business experience to objectively analyze the impact of past presidencies on today's America His extraordinary research provides facts rather than opinions A must read Dr John R Patrick President Attitude LLC

**British Pro-consuls in Egypt, 1914-1929** Charles William Richard Long, 2005 Long tells the story of four proconsuls McMahon Wingate Allenby and Lloyd their principal opponent Sa'ad Zaghlul and the great events of the time the rise of the WAFD party the uprising of 1919 the murder of Sir Lee Stack and the Allenby ultimatum

Show Me the Bone Gowan Dawson, 2016-04-21 Nineteenth century paleontologists boasted that shown a single bone they could identify or even reconstruct the extinct creature it came from with infallible certainty Show me the bone and I will describe the animal Paleontologists such as Georges Cuvier and Richard Owen were heralded as scientific virtuosos sometimes even veritable wizards capable of resurrecting the denizens of an ancient past from a mere glance at a fragmentary bone Such extraordinary feats of predictive reasoning relied on the law of correlation which proposed that each element of an animal corresponds mutually with each of the others so that a carnivorous tooth must be accompanied by a certain kind of jawbone neck stomach limbs and feet Show Me the Bone tells the story of the rise and fall of this famous claim tracing its fortunes from Europe to America and showing how it persisted in popular science and literature and shaped the practices of paleontologists long after the method on which it was based had been refuted In so doing Gowan Dawson reveals how decisively the practices of the scientific elite were and still are shaped by their interactions with the general public

**The "special Relationship"** Aïssatou Sy-Wonyu, Antoine Capet, La relation spéciale entre le Royaume Uni et les tats Unis Colloque tenu l'université de Rouen 8 et 9 nov 2002 Le colloque a trait de la question de civilisation britannique de l'agrégation d'anglais 2003 2004 La relation spéciale Royaume Uni tats Unis 1945 1990 entre mythe et réalité Les organisateurs ont voulu donner une dimension véritablement internationale et pluridisciplinaire au colloque en y invitant des personnalités de notoriété mondiale dans leur domaine la juxtaposition de leurs analyses et la confrontation de leurs interprétations appuyées sur les meilleures sources apportent une contribution remarquable au thème débattu

Gandhi: The Years That Changed the World, 1914-1948 Ramachandra Guha, 2018-10-02 Opening in July 1914 as Mohandas Gandhi leaves South Africa to return to India Gandhi The Years That Changed the World 1914 1918 traces the Mahatma's life over the three decades preceding his assassination Drawing on new archival materials acclaimed historian Ramachandra Guha follows Gandhi's struggle to deliver India from British rule to forge harmonious relations between India's Hindus and Muslims to end the pernicious practice of untouchability and to nurture India's economic and moral self-reliance He shows how in each of these campaigns Gandhi adapted methods of nonviolence that successfully challenged British authority and would influence revolutionary movements throughout the world A revelatory look at the complexity of Gandhi's thinking and motives the book

is a luminous portrait of not only the man himself but also those closest to him family friends and political and social leaders

*Divided by a Common Language* Christopher Davies, 2007-09-26 This guide to the language differences between the United States and United Kingdom is a fascinating collection full of all kinds of surprises Minneapolis Star Tribune Taxi rank toad in the hole dustman fancy dress American visitors to London or viewers of British TV shows might be confused by these terms But most Britons would be equally puzzled by words like caboose bleachers and busboy In *Divided by a Common Language* Christopher Davies explains these expressions and discusses the many differences in pronunciation spelling and vocabulary between British and American English He compares the customs manners and practical details of daily life in the United Kingdom and the United States and American readers will enjoy his account of American culture as seen through an Englishman's eyes Davies tops it off with an amusing list of expressions that sound innocent enough in one country but make quite the opposite impression in the other Two large glossaries help travelers translate from one variety of English to the other and additional lists explain the distinctive words of Australia New Zealand and South Africa This delightful book is the ideal companion for travelers or anyone who enjoys the many nuances of language **Henry Adams** Elizabeth

Stevenson, 2020-03-02 His great grandfather and his grandfather had been presidents of the United States and to a small boy this seemed a matter of course in his family But Henry Adams belonging to a later generation coming to maturity at the time of the Civil War found himself in an age uncongenial to the leadership of such men as his ancestors In the changing world of the late nineteenth century and early twentieth century Adams found his rightful place as an observer and critic rather than a participant in public life But no time and no country ever had a keener mind to take note of the comic and tragic qualities embedded in the political economic and human drama upon which he gazed And his writings appeal timelessly in their incisive wit their warm charm and in the way they speak to us of a very individual personality When Stevenson's book first appeared the New York Times called it One of the notable biographies of recent years and it won the Bancroft Prize that year It remains an engrossing portrait of a remarkable man It is good to take note of the sage he became in his late great books *Mont St Michel and Chartres* and *The Education of Henry Adams* This biography explains how Henry Adams became the man both admired and feared in his later years He was first a bright unformed young man who was a diplomatic assistant to his father then an ambitious journalist a writer of several sensational newspaper and magazine articles Next he became a provocative and innovative teacher and a historian unequalled in his presentation of the Jeffersonian period Until his wife's tragic death he was a willing actor on the social scene of his beloved Washington D C Throughout he remained a friend and instigator of the careers of friends in artistic and scientific fields His writings speak to us still and seem contemporary in their tone as well as their view of cycles of culture and their warnings of decline and achievement The New-York Review, 1825 The New-York Review, and Atheneum Magazine, 1825
