chapter     **A People and a Nation** George C. Warren, 2001     *Liberty, Retrenchment and Reform* Eugenio F. Biagini, 1992

In common with republicanism or socialism in continental Europe Liberalism in nineteenth century Britain was a mass movement By focussing on the period between the 1860s and the 1880s this book sets out to explain why and how that happened and to examine the people who supported it their beliefs and the way in which the latter related to one another and to reality Popular support for the Liberal party was not irrational in either its objectives or its motivations on the contrary its dissemination was due to the fact that the programme of reforms proposed by the party leaders offered convincing solutions to some of the problems perceived as being the most urgent at the time This is a revealing innovative synthesis of the history of popular support for the Liberal party which emphasises the extent to which Liberalism stood in the common heritage of European and American democracy     The Oracle , 1881     Catalogue of Works on Political Economy . . . Classified by Subjects Clarke, Cincinnati, firm, booksellers, 1888     *The Story of America : Beginnings to 1877: Volume 1* John Arthur Garraty, 1992 The Story of America tells our story because it is important in itself It is a great epic and the unique tale of how hundreds of millions of people took possession of a vast continent often at the expense of the original inhabitants The Story of America contains many original documents and lengthy excerpts from primary and secondary sources These include eyewitness accounts poems song lyrics diary entries and excerpts from a variety of other sources
