former prostitute to whom he is not allowed to speak but their friendship and advice strikes James as stronger and truer than the clinic's droning dogma of How to Recover James refuses to consider himself a victim of anything but his own bad decisions and insists on accepting sole accountability for the person he has been and the person he may become which runs directly counter to his counselors' recipes for recovery James has to fight to find his own way to confront the consequences of the life he has lived so far and to determine what future if any he holds It is this fight told with the charismatic energy and power of *One Flew over the Cuckoo's Nest* that is at the heart of *A Million Little Pieces* the fight between one young man's will and the ever tempting chemical trip to oblivion the fight to survive on his own terms for reasons close to his own heart
