Livingstone,D. G. Hart,Mark A. Noll,1999-04-08 In the eighteenth and nineteenth centuries evangelicals often took their place among prominent practicing scientists and their perspectives exerted a considerable impact on the development of modern western science Over the last century however evangelical scientists have become less visible even as the focus of evangelical engagement has shifted to political and cultural spheres Evangelicals and Science in Historical Perspective offers the first wide ranging survey of the history of the encounter between evangelical Protestantism and science Comprising papers by leading historians of science and religion this collection shows that the questions of science have been central to the history of evangelicalism in the United States as well as in Britain and Canada It will be an invaluable resource for understanding the historical context of contemporary political squabbles such as the debate over the status of creation science and the teaching of evolution      **On Purpose** Argle Smith,2014-11-20 Whether you are searching for meaning in your life or you want a deeper understanding of Genesis On Purpose has something to offer you Inside On Purpose you will find a comprehensive Bible study of Genesis that does not shy away from life s issues in a format that is both fun and easy to comprehend On Purpose has graphs and study questions to help you along At the end of each chapter you will find Fast Forward Facts that incorporate relevant Scripture

Lynch, Joseph H. Kraus, 1929      **Judgment and Salvation** Dustin G. Burlet, 2022-11-03 This book contends the text of the Noachian deluge narrative categorically underscores all God did to preserve life in spite of the disaster Despite the picture of devastation that the narrative depicts the prominent emphasis of the text is on deliverance and redemption i.e. salvation not judgment The focus of the Genesis flood is acutely bent towards God's salvific rather than punitive purposes The arc of salvation within the flood narrative can be broken down into two main ideas Firstly God's intention for creation is not thwarted and secondly God commits himself to his intentions of creation God's intention for creation can be stated thus the establishment of order via covenant showing the sanctity of human life and the upholding of all life This involves in particular humanity as his image bearers including the lex talionis life for life principle      **The Publishers Weekly**, 1890      Science and Invention, 1926
