Handbook of Positive Psychology C. R. Snyder, Shane J. Lopez, 2001-12-20 Psychology has long been enamored of the dark side of human existence rarely exploring a more positive view of the mind What has psychology contributed for example to our understanding of the various human virtues Regrettably not much The last decade however has witnessed a growing movement to abandon the exclusive focus on the negative Psychologists from several subdisciplines are now asking an

intriguing question What strengths does a person employ to deal effectively with life The Handbook of Positive Psychology provides a forum for a more positive view of the human condition In its pages readers are treated to an analysis of what the foremost experts believe to be the fundamental strengths of humankind Both seasoned professionals and students just entering the field are eager to grasp the power and vitality of the human spirit as it faces a multitude of life challenges The Handbook is the first systematic attempt to bring together leading scholars to give voice to the emerging field of positive psychology

That Which Brings Us Together Bob Franklin, 2018-05-16 Two boys a Brooklyn Jew and a Mid western farmer each possessing no more than a stereotype regarding one another when they meet find themselves randomly thrust together in their first weeks of college life As each seeks to understand what it means to grow up they find a connection so strong that neither religion nor upbringing nor the prejudices formed by their disparate childhood experiences can get in the way of their growing friendship For they find that they share a common humanity a zest for life and a love of baseball strong enough to overcome all obstacles In so doing they build a trust for one another so powerful it can weather not only the toughest of times but the secrets they ultimately share That Which Brings Us Together is a saga of two families lives whose roots date back for generations starting in the 19th century It is a tale of a decades long friendship whose characters share life s great triumphs as well as its deep dark challenges It is a friendship which only ends with an untimely death And along the way we come face to face with the existential question of how do you find the strength to carry on when you think that all hope is lost when all of life s forces have mounted the perfect storm against you It is a window into life s journey the one that we are all on together and the one that we eventually must face all alone Living in an age where society is more and more fractured by its perceived divisions the question is posed would the world be a better place if we are willing to open ourselves up to those who seem so different from us Innocent heart warming sad often wise and occasionally surprising That Which Brings Us Together will leave readers longing for a different time or committed more than ever to getting to really know their fellow human beings
