COMMODITY FINANCE -- 2ND EDITION Weixin Huang, 2019-03-25 Very few books published so far have touched

upon commodity finance and fewer still have provided a systematic explanation and analysis of the subject. It is however a subject that is relevant throughout almost every corner of the world. From food to gold, commodities are ubiquitous. In this book, Dr. W. Huang, a practitioner and a trainer, covers commodities, commodity markets, commodity trade, and the finance of commodity trade. As such, practitioners such as bankers and traders in commodity finance and those institutions operating in this field or planning to be active in this field will all benefit from this book. This revised and updated second edition is a hands-on summary of commodity finance with a special chapter dedicated to real-life case studies of commodity finance. Topics covered include: High-level overview of commodity trade and finance; The three major sectors of commodity finance: soft commodities, hard commodities, and energy; Commodity finance and emerging markets as most commodity export countries are emerging markets countries; The special mechanisms and products of commodity finance from plain vanilla products to more complicated structures; The concept of Supply Chain Finance is also covered in detail; Bank and country risk; Risk management principles with practical case studies; The organization of a typical commodity finance bank. The key benefits of the book are: For bankers, how to do business and what risks should be watched for; For traders, brokers, and institutional investors, how commodity finance is done and what bank instruments can be used; For students, how is commodity finance handled and developed by banks. Each chapter can be read independently. The content has been reviewed by both experts and newcomers incorporating their comments on style and content to ensure it is as useful and clear as possible.

Bringing Forth Prosperity Benjamin Bobo, 2022-09-01. Path to Capacity Innovation: An Africa MNC Strategic Alliance. A policy framework is advanced proposing a strategic alliance between African countries represented by NEPAD and the multinational corporation with input from the NGO and couched upon an NEPAD MNC-NGO cross-fertilizing integrative structure. Capacity innovation is the key to Africa's transformation with the appropriate catalysts. Innovation and transformation are but a matter of time in gestation. The first of two major catalysts

necessary to prompting this change so long sought by Africans came at the adoption of the New Partnership for Africa's Development. It is one of the most profound collaborations of African Heads of State. The second catalyst is proposed in this work in the form of the multinational corporation as change agent for the innovation process working in alliance with NEPAD as Africa's spokesperson for innovation. The policy framework for African capacity innovation is the material product along with discourse for redress of corruption and security policy narrative for protecting the assets of multinational corporations. Bringing Forth Prosperity: Capacity Innovation in Africa questions capital theory as a development construct and an appropriate platform upon which sustained capacity innovation in Africa may emerge. It explores Africa's road to modernity in the context of selected development constructs and assesses capacity innovation from a top-down/bottom-up perspective purposely to serve as backdrop to the Africa MNC strategic alliance framework. It constructs country capacity ID to identify internal resources available to African countries to support capacity innovation, conceptualizes the Africa MNC strategic alliance to convey a capacity innovation philosophy, articulates an African capacity innovation policy framework to guide the Alliance through a series of actions designed to prompt innovation activity and set the continent on a course to sustained transformation, and articulates a scheme to protect assets human and physical derived through the Africa MNC strategic alliance.
