Connecting the Dots in World History, A Teacher's Literacy Based Curriculum Chris Edwards, 2015-11-10 In his previously written articles and books Chris Edwards has argued that Teaching should be considered a field that is separate from both the field of Education and from the content area fields Teaching is a field which synthesizes content and method for classroom application All of the other major intellectual fields have a canon of works which practitioners can learn from and add to but Teaching does not The Connecting the Dots in World History A Teacher s Literacy Based Curriculum series changes this by showing how effective a teacher generated curriculum can be These books can inspire other teachers to create their own curriculums and inspire a change in the way that the public views teachers and teaching **World History** Eric Vanhaute, 2013-07-24 World History An Introduction provides readers with the knowledge and tools necessary to understand the global historical perspective and how it can be used to shed light on both our past and our present A concise

and original guide to the concepts methods debates and contents of world history it combines a thematic approach with a clear and ambitious focus Each chapter traces connections with the past and the present to explore major questions in world history How did humans evolve from an endangered species to the most successful of them all How has nature shaped human history How did agricultural societies push human history in a new direction How has humankind organized itself in ever more complex administrative systems How have we developed new religious and cultural patterns How have the paths of The West and The Rest diverged over the last five centuries How at the same time has the world become more interconnected and globalized How is this world characterized by growing gaps in wealth poverty and inequality Sharp and accessible Eric Vanhaute s introduction to this exciting field demonstrates that world history is more of a perspective than a single all encompassing narrative an instructive new way of seeing thinking and doing It is an essential resource for students of history in a global context

Reference Sources in History Ronald H. Fritze, Brian E. Coutts, Louis A. Vyhnanek, 2004-03-09 Fully annotated and completely updated the most comprehensive guide to reference books in the field of history Reference Sources in History catalogs atlases encyclopedias dictionaries handbooks sourcebooks bibliographies and chronologies and makes sense of it all Its broad scope and systematic organization make it an accessible reliable resource for experienced and inexperienced researchers alike Fully annotated and updated the new edition summarizes hundreds of reference works on every conceivable subject in history from ancient to modern from Afghanistan to Zimbabwe This edition also reflects the dramatic impact of the digital revolution on historical research by integrating a wide range of Internet and CD ROM sources Reference Sources in History is a time saving alternative to searching the reference stacks or getting lost in an online thicket of dubious historical websites

Primary Sources in World History James Farr, Patrick J. Hearden, 2023-03-13 This two volume collection of primary documents covers societies that developed writing systems in different geographical regions during that last 5 000 years While comprehensive in scope this reader focuses on a central theme the unequal allocation of wealth and power both within individual societies and between different polities ranging from small city states to large territorial empires The documents reveal that people living at different times and in different places have used similar methods to achieve similar political and economic objectives By reflecting uniformities as well as diversities in ideas and actions these documents undermine assertions of Western intellectual cultural or moral superiority These readings also show that the expanding supply of goods and services resulting from technological innovations has led to increasing social economic and political racial and gender inequality Selected to give students a deeper understanding of how and why inequalities have emerged in societies around the globe each document will be introduced by a brief explanation of its historical context And each document presented in chronological order will be followed by 3 or 4 review questions giving students an opportunity to test their understanding of its main points
