The Abc S Of Ghost Hunting:

The ABC's of Ghost Hunting Dave Oester,2014-11-21 I am a Master Ghost Hunter with twenty four years of experience and head of the huge International Ghost Hunters Society IGHS established in 1996 This book was written for someone new in this exciting field of study In the course of this book I shall talk about the types of equipment and tools used in ghost hunting The new ghost hunter should be caveat emptor Latin for Let the Buyer Beware as the tools you see on the TV versions from Geiger Counters to carrying axes for protection is about hype and not about reality I will share with the reader all that I have learned from my 1 500 investigations I will expose the hype the myths and the hoaxes in ghost hunting *The ABC Movie of the Week* Michael McKenna,2013-08-22 On September 23 1969 five years after the first made for television movie premiered the ABC network broadcast *Seven in Darkness* This was the first television film for an anthology show called the Tuesday Night Movie of the Week Dedicating ninety minutes of weekly airtime to a still emerging genre was a financial risk for the third place network a risk that paid off The films were so successful that in 1972 the network debuted *The Wednesday Movie of the Week* Although most of the movies are no longer remembered a handful are still fondly recalled by viewers today including *Duel* *Brian's Song* and *The Night Stalker* The series also showcased pilot films for many eventual series such as *Alias Smith and Jones* *The Six Million Dollar Man* and *Starsky and Hutch* By the end of both shows regular runs in the spring of 1975 the network had broadcast more than 200 made for television films In *The ABC Movie of the Week Big Movies for the Small Screen* Michael McKenna examines this programming experiment that transformed the television landscape and became a staple of broadcast programming for several years The author looks at how the revolving films showcased the right mixture of romantic comedy action horror and social relevance to keep viewers interested week after week McKenna also chronicles how the ratings success led to imitations from the other networks resulting in a saturation of television movies As a cultural touchstone for millions who experienced the first run and syndicated versions of these films *The ABC Movie of the Week* is a worthy subject of study Featuring a complete filmography of all 240 movies with credit information and plot summaries a chronology and a list of pilots both failed and successful this volume will be valuable to television historians and scholars as well as to anyone interested in one of the great triumphs of network programming
