Some Reviews This is a rare book of raw scalding material regarding an unknown reality of abuse and the abuse cycle that occurs within what Savannah Rain refers to as the Inner circle This honestly IS a must read book G Y An imperfect person as we all are writes the truth as it truly is The unheard of yet very real behaviors of sociopaths and what they do behind the scenes Victims check out this book and see that you are not alone T J Finally Someone has the guts to tell it like it is I previewed this book and recommend it for all adults in societies all over the world The get a clue wake up call is finally here J M A raw book with no sugar coating for the victims of sociopaths An unusually intuitive directly honest author setting the record straight for many victims of predators who

heartlessly commit similar abuses every day K R Its really not the Twilight Zone These predators do this stuff Wake up America and smell the garbage so many ignorant and uncaring minions are supporting Savannah Rain spells it out in graphic detail that is sometimes hard to read and Im sure impossible to believe unless youve lived it and some of us have So we know it is horrifyingly real I recommend this book to victims and professionals who come into contact with victims in the worst ongoing moments of those victims lives What I may have been spared if Id read this book many years ago Survivor no name for the public I have previewed Rains book and found it to be enlightening and scary I will be keeping my eyes and ears open for the signs and evaluating my life a little more carefully now Some things have happened to me in my relationship that never happened before in my 35 years in this world I thought may have him manipulating things because of what I was told by others Now I am more sure No rash moves but I am thinking about what I have been through seen and heard By J M This book is a double fisted sucker punch out that never stops hitting and hitting home with every page The harsh reality of the life of a sociopaths victim profoundly described C H yay Kudos to you for reaching out with the truth if EVERYONE knew about narcissism and sociopaths they would avoid them and maybe the world would be rid of them By Kat **The Night Stalkers** Michael J. review of all three books what was once in a sense truly a cover up that which persisted for nearly a decade is clearly shattered Readers could be well advised to view a lot of Sweetie Baby as almost a Dear Diary collection of material written by a stalking victim while she was stalked The material has not been altered to change that first hand real time impression of when and where it was written The authenticity of time and place is intact The Sereena Nightshade that drifts out of the end of this obscured tunnel of stealth is the same innocent drafted warrior who should have never been a soldier at all however the layers of what she tried to maneuver and protect are mind blowing Names of individuals in all of this authors books are fictitious names Real names are not revealed Review by Dominic Sereena Nightshade Trivia 1 Favorite musician Sixto Rodriguez A Album sample Cold Fact

The Dead City Paul Dobraszczyk, 2017-06-30 The Dead City unearths meanings from such depictions of ruination and decay looking at representations of both thriving cities and ones which are struggling abandoned or simply in transition It reveals that ruination presents a complex opportunity to envision new futures for a city whether that is by rewriting its past or throwing off old assumptions and proposing radical change Seen in a certain light for example urban ruin and decay are a challenge to capitalist narratives of unbounded progress They can equally imply that power structures thought to be deeply ingrained are temporary contingent and even fragile Examining ruins in Chernobyl Detroit London Manchester and Varosha this book demonstrates that how we discuss and depict urban decline is intimately connected to the histories economic forces power structures and communities of a given city as well as to conflicting visions for its future
