museums Peter Watson a former investigative journalist for the London Sunday Times and author of two previous exposés of art world scandals names the key figures in this network that has depleted Europe's classical artifacts Among the loot are the irreplaceable and highly collectable vases of Euphronius the equivalent in their field of the sculpture of Bernini or the painting of Michelangelo The narrative leads to the doors of some major institutions Sothebys the Getty Museum in L A the Museum of Fine Arts in Boston and the Metropolitan Museum of Art in New York among them Filled with great characters and human drama The Medici Conspiracy authoritatively exposes another shameful round in one of the oldest games in the world theft smuggling and duplicitous dealing all in the name of art *Out of Sheer Rage* Geoff Dyer, 2025-08-22 FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD In the spirit of Julian Barnes's Flaubert's Parrot and Alain de Botton's How Proust Can Change Your Life Mr Dyer's Out of Sheer Rage keeps circling its subject in widening loops and then darting at it when you least expect it a wild book Christopher Lehmann Haupt The New York Times Geoff Dyer was a talented young writer full of energy and reverence for the craft and determined to write a study of D H Lawrence But he was also thinking about a novel and about leaving Paris and maybe moving in with his girlfriend in Rome or perhaps traveling around for a while Out of Sheer Rage is Dyer's account of his struggle to write the Lawrence book a portrait of a man tormented exhilarated and exhausted Dyer travels all over the world grappling not only with his fascinating subject but with all the glorious distractions and needling anxieties that define the life of a writer **The Complete Travel Books of W.D.**

[Roman Law and Economics](#) Giuseppe Dari-Mattiacci, Dennis P. Kehoe, 2020 Ancient Rome is the only society in the history of the western world whose legal profession evolved autonomously distinct and separate from institutions of political and religious power Roman legal thought has left behind an enduring legacy and exerted enormous influence on the shaping of modern legal frameworks and systems but its own genesis and context pose their own explanatory problems The economic analysis of Roman law has enormous untapped potential in this regard by exploring the intersecting perspectives of legal history economic history and the economic analysis of law the two volumes of *Roman Law and Economics* are able to offer a uniquely interdisciplinary examination of the origins of Roman legal institutions their functions and their evolution over a period of more than 1000 years in response to changes in the underlying economic activities that those institutions regulated Volume II covers the concepts of exchange ownership and disputes analysing the

detailed workings of credit property and slavery among others while Volume I explores Roman legal institutions and organizations in detail from the constitution of the Republic to the management of business in the Empire Throughout each volume contributions from specialists in legal and economic history law and legal theory are underpinned by rigorous analysis drawing on modern empirical and theoretical techniques and methodologies borrowed from economics In demonstrating how these can be fruitfully applied to the study of ancient societies with due deference to the historical context Roman Law and Economics opens up a host of new avenues of research for scholars and students in each of these fields and in the social sciences more broadly offering new ways in which different modes of enquiry can connect with and inform each other
