**Politics in Sri Lanka** S. Keethaponcalan, 2022-07-21 This volume examines and analyses electoral politics in Sri Lanka through the theoretical framework of manipulation The following questions guided the study how do political actors manipulate elections and what are the salient features of electoral politics in Sri Lanka Primary and secondary data formed the basis of the analysis examining eight presidential elections The research findings indicated that Sri Lankan governments political parties and political leaders have taken advantage of six types of electoral manipulation including constitutional tinkering field fixing time fixing vote suppression process manipulation and resource manipulation Through a close examination of eight presidential elections research carried out for the volume found that elections are often associated with violence presidential elections are mainly a majoritarian affair in which minority communities play only a marginal role there is a significant gender imbalance as women s participation in the electoral process is very limited despite the presence of a large number of candidates contesting the election it always remains a two way race and amid extensive manipulation and other problems voter participation tends to be high This volume will be a valuable resource for students academics and researchers who focus on democracy good governance electoral studies and South Asian politics and history and will enhance the conceptual foundation of democracy advocates and activists The Metrics of Teacher Effectiveness and

Teacher Quality Research Andrew Skourdumbis, Shaun Rawolle, 2020-03-05 Most developed nations measure the performance of teachers in audit evaluations of school productivity Accountability metrics such as teacher effectiveness and teacher quality dominate evaluations of student outcomes and shape education policy The Metrics of Teacher Effectiveness and Teacher Quality Research explores how these metrics distort analyses of student achievement sideline broader contextual and systemic influences on learning reinforce input output analysis of schooling and skew the educational debate Focusing on recent phases of school education policy reform this book utilizes qualitative data from classroom teacher participants to examine how and why issues of teacher effectiveness and teacher quality figure so prominently in policy reform and why pressing matters of social class school funding and broader contextual influences are downplayed The authors use this information to suggest how teachers can develop their role as pedagogic experts in a highly scrutinized

environment This book will be of great interest to education academics and postgraduate students specializing in teacher performance accountability and governance

**Popular Radicalism and the Unemployed in Chicago during the Great Depression** Chris Wright, 2022-06-14 In a time when mass joblessness and precarious employment are becoming issues of national concern it is useful to reconsider the experiences of the unemployed in an earlier period of economic hardship the Great Depression Focusing on the bellwether city of Chicago this book reevaluates those struggles revealing the kernel of political radicalism and class resistance in practices that are usually thought of as apolitical and unideological From communal sharing to eviction riots from Unemployed Councils to the nationwide movement behind the remarkable Workers Unemployment Insurance Bill millions of people fought to end the reign of capitalist values and usher in a new more socialistic society Today their legacy is their resilience their resourcefulness and their proof that the unemployed can organize themselves to renew the struggle for a more just world

*Red Moon Rising* Greg Autry, Peter Navarro, 2024-05-07 The space race was a critical determining factor in the Cold War After its Sputnik miracle the Soviets loss of the race to the Moon undermined the international mystique of Communism and crushed the USSR's dreams of world domination America's wildly successful Apollo program by sharp contrast brought America global glory and prestige along with a plethora of miracle technologies that accelerated economic growth and strengthened US national security for half a century We are now embroiled with a brutal and autocratic Communist China in a new cold war and second far more consequential race to the Moon whichever country seizes the commanding heights of the moon will have preferential access to vast lunar resources that will determine the quality of life on Earth and the political and moral character of the human diaspora as it advances into the solar system America should win Space Race 2.0 and is leading an international and commercial coalition to do so Yet Communist China is giving no ground even as its rockets soar above us The clear risk Timid and visionless policy makers in the White House and Congress may well surrender the ultimate high ground to the butchers of Beijing Greg Autry and Peter Navarro have been warning of this competition for more than a decade Both were influential in the construction of America's triumphant space agenda during the Trump administration In this book they take you through the technology economics and history of this important topic and provide policy recommendations that will win the Space Race for America Space superiority is one of the most important goals for long term American survival Greg Autry and Peter Navarro clearly describe the challenges we face in outer space and the devastating consequences if America cedes space leadership to other nations The dangers we face are real If we don't confront them the future could be catastrophic for America and the world Newt Gingrich 50th Speaker of the United States House of Representatives This superbly researched book is equivalent to the warnings by Winston Churchill in the 1930s regarding the catastrophic failure of leadership by the West to counter Nazi Germany and the Empire of Japan before the onset of WWII If we prevail in this space race which makes the one with the Soviets in the 1960s look like child's play by comparison the political social and economic benefits to the world will be

beyond measure Courtney Stadd Former Director Commercial Space Policy at the White House National Space Council Former NASA Chief of Staff and currently Executive Vice President Beyond Earth Institute This book needs to be on the desk of every official in the Pentagon Congress the White House and the Western World not to mention everyone who wants to understand the Space Race 2.0 now fully engaged between the USA and China in the context of a world that is increasingly hostile to the values of our American republic and Western civilization in general Homer Hickam NASA Engineer and Author of Rocket Boys aka October Sky The threat of the 21st century the authors nailed it The United States is an aerospace nation from the beaches of Kitty Hawk to the International Space Station to the James Webb Space Telescope and beyond this and all of the benefits of access to and use of space for the betterment of humankind are at risk The authors paint a clear picture of the threats to the free use of space from basic commerce to international security A must read Major General Ret Lee Levy Member of the NASA Advisory Council

**Sport, Advertising and Global Promotional Culture** Steven J. Jackson, David L. Andrews, 2025-02-07 This book explores the intersection of contemporary sport advertising promotional culture and wider society Arguing that advertising and promotional culture remain key driving forces in relation to social structures and systems that contribute to enduring patterns of economic and other forms of inequality this book examines how sport and related areas of social life continue to be transformed by these forces Presenting in depth international case studies covering topics such as Nike's sign economies the sports gambling media complex sportswashing greenwashing radical politics in sport advertising sport and corporate nationalism and girls empowerment and transgender exclusion in sports this book sheds critical new light on some of the most important themes in the study of global consumer culture in the emerging era of surveillance capitalism Overall this book examines sport advertising through the lens of the circuit of cultural commodification including production representation consumption and regulation in order to provide insights into the formation complexities and contradictions of social identities commodities and brands This is fascinating reading for anybody with an interest in the sociology culture and politics of sport or cultural studies media studies and the wider politics and social significance of late stage capitalism

**Barack Obama** Burton I. Kaufman, 2022-03-15 In this insightful biography Burton I Kaufman explores how the political career of Barack Obama was marked by conservative tendencies that frustrated his progressive supporters and gave the lie to socialist fearmongering on the right Obama's was a landmark presidency that paradoxically Kaufman shows resulted in few if any radical shifts in policy Following his election President Obama's supporters and detractors anticipated radical reform As the first African American to serve as president he reached the White House on a campaign promise of change But Kaufman finds in Obama clear patterns of classical conservatism of an ideological sort and basic policy making pragmatism His commitment to usher in a multiracial multiethnic and multicultural society was fundamentally connected to opening up but not radically altering the existing free enterprise system The Affordable Care Act arguably President Obama's greatest policy achievement was a distillation of his complex motivations for

policy More conservative than radical the ACA fitted the expansion of health insurance into the existing system Similarly in foreign policy Obama eschewed the use of force to affect regime change Yet he kept boots on the ground in the Middle East and supported ballot box revolts geared toward achieving in foreign countries the same principles of liberalism free enterprise and competition that existed in the United States In estimating the course and impact of Obama s full political life Kaufman makes clear that both the desire for and fear of change in the American polity affected the popular perception but not the course of action of the forty fourth US president **Blackness and la Francophonie** Amal

Madibbo,2021-09-16T00:00:00-04:00 This book uncovers intricate convergences and divergences among Blackness Canadian ness and La Francophonie positing anti Black racism linguistic discrimination slavery and colonialism and neo colonialism as sites of identity exclusion However Black agency reconstructs and renegotiates identity meanings and praxis to strengthen belongingness and pave the way for inclusion in the future *Building Great Mental Health Professional-Teacher Teams*

Forgotten Disney Kathy Merlock Jackson,Carl H. Sederholm,Mark I. West,2023-06-19 This work demonstrates that not everything that Disney touched turned to gold In its first 100 years the company had major successes that transformed filmmaking and culture but it also had its share of unfinished projects unmet expectations and box office misses Some works failed but nevertheless led to other more stunning and lucrative ones others shed light on periods when the Disney Company was struggling to establish or re establish its brand In addition many Disney properties popular in their time but lost to modern audiences emerge as forgotten gems By exploring the studio s missteps this book provides a more complex portrayal

of the history of the company than one would gain from a simple recounting of its many hits With essays by writers from across the globe it also asserts that what endures or is forgotten varies from person to person place to place or generation to generation What one dismisses someone else recalls with deep fondness as a magical Disney memory     **The Schematic State** Debra Thompson,2016-10-20 Invitation Orientation Transnational biological racialism The death and resurrection of race The multicultural moment The multiracial moment The future of counting by race Appendix A List of interviews archival sources     Criminological Theory J.
