**The Soybean Through World History** Matilda Baraibar Norberg,Lisa Deutsch,2023-06-30 This book examines the changing roles and functions of the soybean throughout world history and discusses how this reflects the complex processes of agrofood globalization The book uses a historical lens to analyze the processes and features that brought us to the current global configuration of the soybean commodity chain From its origins as a peasant food in ancient China today the protein rich soybean is by far the most cultivated biotech crop on Earth used to make a huge variety of food and industrial products including animal feed tofu cooking oil soy sauce biodiesel and soap While there is a burgeoning amount of literature on how the contemporary global soy web affects large tracts of our planet s social ecological systems little attention has been given to the questions of how we got here and what alternative roles the soybean has played in the past This book fills this gap and demonstrates that it is impossible to properly comprehend the contemporary global soybean chain or the wider agrofood system of which it is a part without looking at both their long and short historical development However a history of the soybean and its changing roles within equally changing agrofood systems is inexorably a history about globalization Not only does this book map out where soybeans are produced but also who governs wields power and accumulates capital in the entire commodity chain from inputs in production to consumption as well as identifying the institutional context the global commodity chain operates within The book concludes with a discussion of the main challenges and contradictions of the current soy regime that could trigger its rupture and end This book is essential reading for students practitioners and scholars interested in agriculture and food systems global commodity chains globalization environmental history economic history and social ecological systems

Uniquely addresses in a comprehensive and structured manner risk governance methodologies.

**A Dictionary of Contemporary World History** Christopher Riches, Jan Palmowski, 2016-09-15. This authoritative dictionary provides informative and analytical entries on the most important people, organizations, events, movements, and ideas that have shaped the world we live in. Covering the period from 1900 to the present day, this fully revised and updated new edition presents a global perspective on recent history with a wide range of new entries from Tony Abbott, the European migration crisis, and ISIL to Narendra Modi, Hassan Rouhani, and the Lisbon Treaty. All existing entries have been brought up to date. Handy tables include lists of office holders for countries and organizations and winners of the Nobel Peace Prize. This accessible dictionary will be revised on a regular basis following the publication of this edition, as will *A Guide to Countries of the World*, ensuring that coverage of current affairs is up to date. This dictionary is a reliable resource for students of history, politics, and international relations, as well as for journalists, policy makers, and general readers interested in the modern world.

**Africa in Global History** Toyin Falola, Mohammed Bashir Salau, 2021-12-06. This handbook places emphasis on modern contemporary times and offers relevant, sophisticated, and comprehensive overviews. It aims to emphasize the religious, economic, political, cultural, and social connections between Africa and the rest of the world and features comparisons, as well as an interdisciplinary approach, in order to examine the place of Africa in global history. This book makes an important contribution to the discussion on the place of Africa in the world and of the world in Africa. An outstanding work of scholarship, it powerfully demonstrates that Africa is not marginal to global concerns. Its labor and resources have made our world, and the continent deserves our respect. Mukhtar Umar Bunza, Professor of Social History, Usmanu Danfodiyo University Sokoto and Commissioner for Higher Education, Kebbi State, Nigeria. This is a deep plunge into the critical place of Africa in global history. The handbook blends a rich set of important tapestries and analysis of the conceptual framework of African diaspora, histories of imperialism, and globalization. By foregrounding the authentic voices of African interpreters of transnational interactions and exchanges, the Handbook demonstrates a genuine commitment to the promotion of decolonized and indigenous knowledge on the African continent and its peoples. Samuel Olorunjoba, Visiting Research Professor, Institute of African Studies, Carleton University.

*State Responses to Nuclear Proliferation* Brian K. Chappell,2021-01-07 Contemporary fears of rogue state nuclear proliferation and nuclear terrorism pose unique challenges for the global community This book offers a unique approach by examining why states that have the military capability to severely damage a proliferating state s nuclear program instead choose to pursue coercive diplomacy The author argues cognitive psychological influences including the trauma derived from national tragedies like the September 11th attacks and the Holocaust and a history of armed conflict increase the threat perceptions of foreign policy decision makers when confronting a state perceived to be challenging the existing power structure by pursuing a nuclear weapon The powerful state s degree of perceived threat combined with its national security policies military power projection capabilities and public support then influence whether it will take no action use coercive diplomacy sanctions or employ military force to address the weaker state s nuclear ambitions
