World War II Military Nurses Book Talks Women In:

No Time for Fear Diane Burke Fessler, 1997-05-31 No Time for Fear summons the voices of more than 100 women who served as nurses overseas during World War II letting them tell their story as no one else can Fessler has meticulously compiled and transcribed more than 200 interviews with American military nurses of the Army Air Force and Navy who were present in all theaters of WWII Their stories bring to life horrific tales of illness and hardship blinding blizzards and near starvation all faced with courage tenacity and even good humor This unique oral history collection makes available to readers an important counterpoint to the seemingly endless discussions of strategy planning and troop movement that often characterize discussions of the Second World War [American Women During World War II](#) Doris Weatherford, 2009-10-16 American Women during World War II documents the lives and stories of women who contributed directly to the war effort via official and semi official military organizations as well as the millions of women who worked in civilian defense industries ranging from aircraft maintenance to munitions manufacturing and much more It also illuminates how the war changed the lives of women in more traditional home front roles All women had to cope with rationing of basic household goods and most women volunteered in war related programs Other entries discuss institutional change as the war affected every aspect of life including as schools hospitals and even religion American Women during World War II provides a handy one volume collection of information and images suitable for any public or professional library *Nurse Writers of the Great War* Christine Hallett, 2016-02-15 This electronic version has been made available under a Creative Commons BY NC ND open access license The First World War was the first total war Its industrial weaponry damaged millions of men and drove whole armies underground into dangerously unhealthy trenches Many were killed Many more suffered terrible life threatening injuries wound infections such as gas gangrene and tetanus exposure to extremes of temperature emotional trauma and systemic disease In an effort to alleviate this suffering tens of thousands of women volunteered to serve as nurses Of these some were experienced professionals while others had undergone only minimal training But regardless of their preparation they would all gain a unique understanding of the conditions of industrial warfare Until recently their contributions both to the saving of lives and to our understanding of warfare have remained largely hidden from view By combining biographical research with textual analysis Nurse writers of the great war opens a window onto their insights into the nature of nursing and the impact of warfare **Armed Forces Talk**, 1952 **Memories of a Tuskegee Airmen Nurse and Her Military Sisters** Pia Marie Winters Jordan, 2023-06-15 A scrapbook can tell us much about a person's life or one period of someone's life joys and sorrows challenges and successes problems and solutions Memories of a Tuskegee Airmen Nurse and Her Military Sisters focuses on a four year period from 1942 to 1946 during World War II when up to twenty eight women from the Army Nurse Corps staffed the station hospital on the base where the future Tuskegee Airmen were undergoing basic and advanced pilot training These women were African Americans graduates of nursing schools throughout the country

registered nurses and lieutenants in the U S Army Nurse Corps They were military officers and the pilot cadets saluted them Pia Marie Winters Jordan s mother was one of those angels of mercy Her mother the former first lieutenant Louise Lomax did not talk much about her ten years of military nursing but nonetheless her Tuskegee Army Flying School scrapbook told a story Although Jordan may have seen this scrapbook when she was much younger only when her mother became ill and had to be cared for in a nursing home did Jordan Louise s only child take a closer look as she began organizing belongings in the process of closing her mother s apartment Jordan saw that the Tuskegee Airmen were not the only ones making Black history during World War II nurses also had to fight gender as well as racial discrimination Through her research she found out more about them It was time for their story to be told The U.S. Military and Civil Rights Since World War II Heather Stur,2019-09-26 Through examinations of U S military racial and gender integration efforts and its handling of sexuality this book argues that the need for personnel filling the ranks has forced the armed services to be pragmatically progressive since World War II The integration of African Americans and women into the United States Armed Forces after World War II coincided with major social movements in which marginalized civilians demanded equal citizenship rights As this book explores due to personnel needs the military was a leading institution in its opening of positions to women and African Americans and its offering of educational and economic opportunities that in many cases were not available to them in the civilian world By opening positions to African Americans and women and remaking its where boys become men image the military was an institutional leader on the issue of social equality in the second half of the 20th century The pushback against gay men and women wishing to serve openly in the forces however revealed the limits of the military s pragmatic progressivism This text investigates how policymakers have defined who belongs in the military and counts as a soldier and examines how the need to attract new recruits led to the opening of the forces to marginalized groups and the rebranding of the services A Companion to Women's Military History ,2012-08-17 Military institutions have everywhere and always shaped the course of history but women s near universal participation in them has largely gone unnoticed This volume addresses the changing relationships between women and armed forces from antiquity to the present The eight chapters in Part I present broad scholarly reviews of the existing literature to provide a clear understanding of where we stand An extended picture essay documents visually women s military work since the sixteenth century The book s second part comprises eight exemplary articles more narrowly focused than the survey articles but illustrating some of their major themes Military history will benefit from acknowledging women s participation as will women s history from recognizing military institutions as major factors in molding women s lives Contributors include Jorit Wintjes Mary Elizabeth Ailes John A Lynn Barton C Hacker Kimberly Jensen Margaret Vining D Ann M Campbell Carol B Stevens Jan Noel Elizabeth Prelinger Donna Alvah Karen Hagemann Yehudit Kol Inbar Dorotea Gucciardo and Megan Howatt and Judith Hicks Stiehm Women at War Elizabeth Norman,2010-08-03 Norman tells the dramatic story of fifty women members of the Army Navy and Air

Force Nurse Corps who went to war working in military hospitals aboard ships and with air evacuation squadrons during the Vietnam War Here in a moving narrative the women talk about why they went to war the experiences they had while they were there and how war affected them physically emotionally and spiritually

Military Women in World Cinema Deborah A. Deacon, Stacy Fowler, 2023-08-10 From British soldier Flora Sandes to the famed World War II Night Witches of the Soviet Air Force women across the globe have stepped up to defend their countries during every major and minor conflict of the twentieth century and filmmakers have long attempted to capture their stories This book analyzes these military women's portrayals in world cinema examining movies from Israel the United Kingdom Italy the United States Japan and others It includes theatrical releases direct to video productions and made for television films Chapters organize films by decade produced and topics covered include the women's sexuality maternal and marital status leadership skills actual jobs performed and the accuracy of depiction The book also discusses how each film reflects the contemporary social issues of the nation in which it was produced

New Jersey Women during World War II Patricia Chappine, 2023-10-24 While World War II has long been viewed as a pivotal period that allowed women expanded opportunities in the military and the labor force locally focused considerations have long been left out of the national narrative New Jersey Women during World War II On the Home Front and Abroad by Patricia Chappine explores the experiences that detail the wartime narrative of New Jersey women on the home front and abroad and describes the impact these women had as they pushed past gendered social boundaries and joined the war effort in numbers greater than any previous generation of Americans Through expansive research Chappine examines the critical role the women of New Jersey played as they stepped into newly formed military branches and entered the labor force in areas never before open to them volunteering in staggering numbers Focusing on the nuances of women's wartime experiences this book blends the personal with the social political and economic climate of New Jersey and the communicated aspirations uncertainties and fears of women during World War II to offer new insights into the role they all played

Women Vietnam Veterans Donna A. Lowery, 2015-09-24 Women Vietnam Veterans Our Untold Stories by Donna Lowery a Vietnam veteran chronicles the participation of American military women during the Vietnam War This little known group of an estimated 1 000 women from the Army Marine Corps Navy and Air Force left its mark in Vietnam from 1962 to 1973 They served in a myriad of duties from intelligence analysts flight controllers clerk typists translators physical therapists dietitians and communications specialists among many others Our Untold Stories allows the women to speak for themselves about their experiences and for the first time ever brings names facts and figures together in one literary work The purpose of the book is to be historically significant to future researchers The history of the military women in Vietnam began in 1962 with Army Major Anne Marie Doering She was born in what became North Vietnam Her father was a French officer her mother a German citizen When her father died her mother married an American businessman Her service in Vietnam as a Combat Intelligence Officer is a compelling story of the US military women in a war

zone It was not until 1965 that the US Women's Army Corps WAC sent two women as advisors to assist the newly formed Vietnam Women's Armed Forces Corps The following year the Army authorized the establishment of a WAC Detachment in Vietnam Soon thereafter the Air Force Marine Corps and Navy also sent women to serve in various capacities In March 1973 under the Paris Peace Accords the last women left Vietnam along with the remaining men The impact they had in Vietnam set the stage for the expansion and integration of women into additional roles in the military Today women serve in areas of active combat demonstrating their abilities and dedication to the mission *The New Neighbor* Leah Stewart, 2016-06-28 In the tradition of Zoe Heller's *What Was She Thinking* Notes on a Scandal a darkly sophisticated novel about an old woman's curiosity that turns into a dangerous obsession as she becomes involved in her new neighbor's complicated and cloaked life

A Woman's Concise Guide to Common Medical Tests Michele C Moore, M.D., Caroline M. de Costa, 2005-03-31 Every year millions of healthy women undergo a variety of screening tests without understanding why or the meaning of the outcome If you are among those women overwhelmed by information and baffled by results this is the book you've been waiting for In straightforward personable prose *A Woman's Concise Guide to Common Medical Tests* surveys a wide variety of standard tests commonly suggested by doctors Using the recommendations of the U S Preventative Health Services Task Force as a starting point physicians Michele C Moore and Caroline M de Costa describe and explain screening tests for STDs and other communicable diseases diabetes thyroid disease bone loss various genetic tests pregnancy and cancer including breast colon and skin A section on common blood tests demystifies the numerical results that can be virtually impossible to interpret for women outside the medical profession The authors detail what is considered normal as well as what's not to help women make sense of their results As practicing physicians both authors have fielded patients' questions about standard screening tests and understand what women should know but often feel afraid to ask about For each test there is an explanation of why it may be ordered how it is done what sort of preparation may be involved and what risks may be incurred As the health care industry continues to evolve the amount of medical information available to women about their health can be overwhelming and confusing Without being encyclopedic or intimidating *A Woman's Concise Guide to Common Medical Tests* offers all the facts you need about screening tests all in one place Vietnam George Donelson Moss, 2016-07-01 This book provides a comprehensive narrative history of U S involvement in Southeast Asia from 1942 to 1975 with a concluding section that traces U S Vietnam relations from the end of the war in 1975 to the present Unlike most general histories of U S involvement in Vietnam which are either conventional diplomatic or military histories this volume synthesizes the perspectives to explore both dimensions of the struggle in greater depth elucidating more of the complexities of the U S Vietnam entanglement It explains why Americans tried so hard for so long to stop the spread of Communism into Indochina and why they failed Key topics The Fall of Saigon The End as Prelude Vietnam A Place and A People The Elephant and the Tiger An Experiment in Nation Building Raising the Stakes Going to War The Chain of Thunders The Year of the Monkey A

War to End a War The End of the Tunnel Market For anyone curious to know about the long American involvement in Southeast Asia 1942 1975 **The Oxford Encyclopedia of Women in World History** Bonnie G. Smith,2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated womens daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

Twelve Feminist Lessons of War Cynthia Enloe,2023-09-07 Cynthia Enloe is a force to be reckoned with and utterly tireless Her work has long spanned intersectional analyses of gender race and class she repeatedly questions which things society pays attention to and which we consider insignificant She is an inspiration Laura Bates A triumph Chatham House Twelve Feminist Lessons of War draws on sharp insights of women as survivors activists and scholars from Ukraine to Sudan and Myanmar to show how diverse women s experiences of war must be taken seriously if we are to prevent and shorten wars and make gender justice central to recovering from wars Women s wars are not men s wars Wartime shapes the gendered politics of marriage prostitution journalism economics childcare domestic violence and rape Enloe s razor sharp analysis highlights how understanding this can prevent wars and even end them With fresh fierce and vital thinking she shows that by paying more attention to the wounded and the women who care for them we will be more realistic about the long post war and that by listening to feminists on the ground in Ukraine and elsewhere we will better understand what is happening to our world Cynthia is one of only 100 women named on the Gender Justice Wall in The Hague [Air University Library Index to Military Periodicals](#) ,1992 *AFI Catalog of Motion Pictures Produced in the United States* American Film Institute,1971 [Broadcasting Freedom](#) Barbara Dianne Savage,1999 Tells how Blacks used radio 'Boredom is the Enemy' Amanda Laugesen,2016-04-15 War is often characterised as one percent terror 99 per cent boredom Whilst much ink

has been spilt on the one per cent relatively little work has been directed toward the other 99 per cent of a soldier's time. As such, this book will be welcomed by those seeking a fuller understanding of what makes soldiers endure war and how they cope with prolonged periods of inaction. It explores the issue of military boredom and investigates how soldiers spent their time when not engaged in battle work or training through a study of their creative, imaginative and intellectual lives. It examines the efforts of military authorities to provide solutions to military boredom and the problem of discipline and morale through the provisioning of entertainment and education but more importantly explores the ways in which soldiers responded to such efforts, arguing that soldiers used entertainment and education in ways that suited them. The focus in the book is on Australians and their experiences primarily during the First World War but with subsequent chapters taking the story through the Second World War to the Vietnam War. This focus on a single national group allows questions to be raised about what might or might not be exceptional about the experiences of a particular national group and the ways national identity can shape an individual's relationship and engagement with education and entertainment. It can also suggest the continuities and changes in these experiences through the course of three wars. The story of Australians at war illuminates a much broader story of the experience of war and people's responses to war in the twentieth century.
