The Future of Mail Delivery in the United States United States. Congress. Joint Economic Committee. Subcommittee on Economic Goals and Intergovernmental Policy, 1982 [Making Money From JUNK](#) Steve Majors, You already know that One Man's Junk is another Man's Treasure, but just how would you go about making money from it? And I'm not talking about chump change either, how about HUNDREDS and even THOUSANDS of dollars per week. That's just what I did. I started out with NO MONEY TO WORK WITH to get started and turned a PILE OF JUNK into 72,864.29 in just under three months. In fact, I started in the junk business because I just got fired from my job and needed some way to feed my family, and I needed something fast that had to turn some cash quickly. I had to learn how to make money from thin air, and you can do it too without leaving your current job. It isn't hard; you just have to learn what it takes to make it happen. Oh, I had a big hang-up about being a junk dealer after all who wants to deal in junk. Junk dealers live in ratty houses, have trash laying around everywhere, and are always poor, like in the TV show *Sandford and Son*. Right, I guess that is possible, but there is another side to it. Here's what I discovered: A system of junk to cash that works, time and time again. Where to find junk that sells quickly. How to make even more money by taking out the trash. 4 of the best places to look for high-value, quick-sell junk. Types of junk that others will buy from you for, but you should throw away. Who to deal with to get all the junk you can handle. Now that's just a taste of what I was forced to learn quickly. I mean, I had no money, having been laid off from my job of over 12 years. The company closed quickly, and there was nothing else available in the area doing a similar job. I had to work fast. But I got lucky. I found a man that taught me the ropes, the insider secrets to making money in the junk business. He had been in the business for about 20 years and wanted me to work a different area; he couldn't physically reach any longer. Since I lived in between

his house and the junk he agreed to teach me all the details of the business work with me on putting the deals together and show me just how he did his business Some of the things I learned from this long term professional What to say to make your best deal Powerful methods to quickly get you into those places that tell you NO The best people to contact to get the best junk FOR FREE The people you want to avoid if you can and what to say to them if you can't How to make offers that work for everyone How to make a lot more money from choosing the right junk We began to work together He gave me some super tips to get started quickly and I went to work Once I made some contacts he told me what to do to turn them into deals A short time later I made a deal and got some junk He helped me pick it up showed me how to sell it quickly and then we divided the money I'd made 72 864 29 in just under three months Even more money than I was making at my job and not even 10% of the hours Oh my mentor took a healthy cut in fact a very healthy cut of the profits Of course he had taught me a lot of things that would have taken me a long time to figure out for myself and we both made some great cash in a short amount of time I soon learned what to do for myself and no longer needed him But I retained all that I learned and was well on my way to having my own junk business And I'm passing all these secrets on to you The exact statement to get tons of free junk that you can sell for A systematic method of offering that assures you make the maximum money A super quick method of finding out just how much your junk is really worth A simple secret mathematical formula to find the magical selling price for anything The most vital rule that you absolutely must learn to supercharge your sales The insider's formula that guarantees you will make profits every time After learning all this I went on to make my 1st deal without him all alone in the world I was really scared to venture out on my own but I took the step and found out a really important lesson You don't have to do it alone if you rely on a time tested system By relying on what I had already learned and following the same techniques over and over again I was able to step out and bring in tons of junk all by myself All it took was a bit of time to talk with people and find out what they have available then work out a deal and go get the junk Of course then I had to sell it but again I followed the same path that I had learned from my coach and following through it step by step I was able to get rid of the junk quickly and started bringing in tons of cash in just a couple days Continuing on the process I was able to feed my family put some cash in the bank and even increase our lifestyle going on vacations having nicer things and living like we never imagined before I had such success with our junk that I even got a warehouse that stayed full of big cash items that could be sold anytime for some instant Of course all my shelving packaging and shipping equipment was all picked up FOR FREE all in taking care of the junk business I picked up all the business stuff I needed and never paid ONE CENT for it now don't go telling the IRS I got so successful at it that my friends and family members wanted to know just how I did it They too wanted the insider secret to making buckets of cash with little effort and certainly stopped laughing about me being in the junk business That's when I started putting it all into a book And now you can get all the secrets to making big bucks in Junk for yourself Here's what I've included You'll learn a simple formula that few know about and why those that don't know it
