As a part of the Navy/Marine amphibious task force, the Marine Corps shares the responsibility of providing a proportionate number of naval aviators trained as LSO's. Because of the long, arduous, and costly period of training, naval aviators volunteering for LSO training/assignments must be highly motivated and career oriented. Compliance with instructions contained herein should ensure the Marine Corps maintains sufficient numbers of well-trained LSO's to meet Fleet Marine Force (FMF) requirements.

The Marine Corps and the State Department Leo J. Daugherty III, 2009-04-22 This work is a complete history of the partnership between the Department of State and the United States Marine Corps From its formation in 1775 the Corps developed a close working relationship with the diplomatic service of the Continental Congress and later in 1798 with the newly created United States Department of State The Marines accompanied U S diplomats to France in 1778 and worked closely with the State Department during the Barbary Wars and the opening of China In 1905 an executive order by Theodore Roosevelt established a Marine Legation Guard and the Corps played an increasingly important role in embassies across the globe Today the war on terrorism highlights this important relationship as Marines guard some of the most dangerous embassies in the world

Without Honor Arnold R. Isaacs, 2022-11-11 In a new and updated second edition this book first published in 1983 provides a detailed review of the end of the Vietnam War Drawing on the author's eyewitness reporting and extensive research the book relies on carefully reported facts not partisan myths to reconstruct the war's last years and harrowing final months The catastrophic suffering those events brought to ordinary Vietnamese civilians and soldiers is vividly portrayed The largely unremembered wars in Cambodia and Laos are examined as well while new material in an updated final chapter points out troubling parallels between the Vietnam War and America's wars in Iraq and Afghanistan

Guam James H. Hallas, 2025-03-18 From the award winning author of Saipan comes the definitive account of one of World War II's most brutal yet overlooked battles the American reconquest of Guam where 20 days of combat would claim over 18 000 mostly Japanese lives and mark another important turning point in the Pacific War Drawing from extensive archival research and firsthand accounts James H Hallas masterfully reconstructs this pivotal 1944 campaign that transformed a Japanese island fortress into a vital American base for the final push toward Tokyo Experience the harrowing invasion through the eyes of the Marines soldiers and sailors who fought there The devastating pre invasion bombardment that pounded Japanese defenses for 13 straight days The bloody beach landings where frogmen teams led the way through murderous fire The desperate Japanese counterattacks that sometimes inflicted 50% casualties on American units The brutal combat through jungles swamps and cave networks in suffocating tropical heat With the same gripping detail that earned his previous works critical acclaim Hallas weaves together strategic overview with intimate human drama from the commanders who planned the invasion to the frontline troops who executed it This meticulously researched narrative stands as the authoritative history of a battle that helped secure ultimate victory in the Pacific
