Evaluation of the Department of Veterans Affairs Mental Health Services

National Academies of Sciences, Engineering, and Medicine,Health and Medicine Division,Board on Health Care Services,Committee to Evaluate the Department of Veterans Affairs Mental Health Services,2018-04-29

Approximately 4 million U S service members took part in the wars in Afghanistan and Iraq Shortly after troops started returning from their deployments some active duty service members and veterans began experiencing mental health problems Given the stressors associated with war it is not surprising that some service members developed such mental health conditions as posttraumatic stress disorder depression and substance use disorder Subsequent epidemiologic studies conducted on military and veteran populations that served in the operations in Afghanistan and Iraq provided scientific evidence that those who fought were in fact being diagnosed with mental illnesses and experiencing mental health related outcomes in particular suicide at a higher rate than the general population This report provides a comprehensive assessment of the quality capacity and access to mental health care services for veterans who served in the Armed Forces in Operation Enduring Freedom Operation Iraqi Freedom Operation New Dawn It includes an analysis of not only the quality and capacity of mental health care services

within the Department of Veterans Affairs but also barriers faced by patients in utilizing those services

people know about The book describes them all If the veteran is considering a new career a cross walk is included that shows what the military civilian equivalencies are It also gives information about which career fields are fastest growing and which might be a bit slower The veteran can use this information along with a GI Bill education to enter a career of the best value to both the veteran and family I wasn't told about any of this but the book outlines them in an easy to understand narrative You have made a big life altering step in deciding to leave active duty or retiring from the military Good luck to you all I know this book will help you along the way
