Vaal Late Application:

The Politics of Truth and Reconciliation in South Africa Richard Wilson, 2001-05-02 The South African Truth and Reconciliation Commission TRC was set up to deal with the human rights violations of apartheid during the years 1960-1994. However, as Wilson shows, the TRC's restorative justice approach to healing the nation did not always serve the needs of communities at a local level. Based on extended anthropological fieldwork, this book illustrates the impact of the TRC in urban African communities in Johannesburg. While a religious constituency largely embraced the commission's religious redemptive language of reconciliation, Wilson argues that the TRC had little effect on popular ideas of justice as retribution. This provocative study deepens our understanding of post-apartheid South Africa and the use of human rights discourse. It ends on a call for more cautious and realistic expectations about what human rights institutions can achieve in democratizing countries.

In a galaxy filled with interstellar species, the Alliance of Republic Worlds continues to step in the way of the rising Wersillian Legion, a theocratic alliance determined to colonize other worlds. James Stone, a soldier with extraordinary gifts and his unit of five other members, must overcome terrible tragedy and near-insurmountable odds to combat the superior forces of the Wersillian Legion. In the midst of battle, James comes across one of the deadliest, most feared individuals in the Wersillian Legion: has at their disposal one of the eight Warlords of Virtue. After struggling with hard personal choices, James takes it upon himself to rid the galaxy of this warlord, a monster that will push James harder than he's ever been pushed.
