1-3 John Robert W. Yarbrough,2008-11 Robert Yarbrough coauthor of the bestselling Encountering the New Testament offers a historical and theological commentary on the Johannine Epistles in this new addition to the BECNT series The commentary features the author s detailed interaction with the Greek text explores the relationship between John s Epistles and Jesus s work and teaching interacts with recent commentaries is attentive to the history of interpretation and seeks to relate these findings to global Christianity      The Problem of Jesus Mark Clark,2021-02-23 The modern world portrays Jesus in many ways for many reasons Some are well intentioned but misguided others are aberrations still others have some but not all the essential keys In order to see and understand the real Jesus and what the Gospels say about him we have to see him in his first century context and work out from there Here is a portrait of Jesus that in some ways will affirm what traditional Christianity has always understood about him and in other ways upend it altogether Award winning author Mark Clark delves into the person and work of Jesus of Nazareth his parables and miracles his controversial challenge of discipleship and obedience his seemingly insane claim to be God and what his death and resurrection if they did happen

actually mean Mark is unafraid to tackle questions such as What would first century Jews have immediately recognized about Jesus that modern Christians often miss What do the Gospels accomplish and can we trust them Is there a problem with science and Jesus miracles What are the barriers stopping people from following him And what is Christianity in light of an accurate portrayal of the object of its faith The Problem of Jesus engages with ideas from all realms of study from Malcolm Gladwell and Jordan Peterson to historians scientists and philosophers from N T Wright to C S Lewis from Star Wars to Pretty Woman all unite to form a breathtaking and accurate portrait of Jesus the man the message and the mission who forever altered the course of human history As a former atheist I would call this book philosophical dynamite The Problem of Jesus will take your thinking about Jesus and your relationship with him to whole new levels Pastor and author Ray Johnston
