Global Impact of the Ukraine Conflict Shuichi Furuya,Hitomi Takemura,Kuniko Ozaki,2023-11-30 The invasion of Ukraine by the Russian Federation and the subsequent military campaigns entail several classical aspects of armed conflict First it is

a type of international armed conflict between two sovereign states that had been prevalent until the middle of the twentieth century but not in the last several decades. It is also a direct intervention by a superpower into a neighboring state with the former's aspiration of territorial expansion. This action evokes a scheme of war reminiscent of the nineteenth or early twentieth century. At the same time, however, the invasion is generating in the international community a sense of new phenomena leading to a new era that may be different from the past three decades following the end of the Cold War. In fact, the hostilities between the Russian Federation and Ukraine, as well as reactions by other states and international organizations, have raised legal and political issues that require scholars to reexamine existing frameworks of the international community and individual rules of international law. The process of applying international law to states is a dynamic one. Rules of international law may and should regulate the behavior of states and provide standards to decide whether a particular act by a state is permissible. At the same time, however, states may change or replace existing rules, and a significant event or series of such events may be a strong motivator to create a new legal framework. In this regard, rules of international law and the conduct of states are in a dialectical relationship. International law can both shape a mode of conduct and be shaped by that conduct, being its creator as well as its creation. The Ukraine conflict is not an exception. We can discuss the conduct of the Russian Federation, Ukraine, other states, and international organizations and evaluate their legality and legitimacy from the viewpoint of existing rules. However, we may also reevaluate the current rules of international law through the lens of the Ukraine conflict and discuss possible changes to those rules in the future. Inspired by the latter aspect of the international legal process, the present book aims to examine the impact of the Ukraine conflict, whether salient or potential, on various rules of international law. Most of the authors are from Japan and other Asian countries that are geographically remote from the site of the conflict. It is often true, however, and particularly in this case, that those keeping an appropriate distance can look at relevant issues in a broader view and from a more objective perspective. To what extent and in what manner may the Ukraine conflict have an impact on the legal framework of the international community and the rules of international law? This book is the first to answer those questions in a comprehensive manner.

An Unlikely Angel

Juel Jones could play a guitar the first time she picked one up, but nobody ever knew. A beautiful girl from a troubled family, she gets lost in the world at an early age and sells herself for money. Living in a dingy motel, barely nineteen years old, she writes the first two verses of a song that will one day be heard by the world. Her audience, a stray yellow cat. Working in a massage parlor a thousand miles from home, Juel sets out hitchhiking in a fit of anger when along comes Sammy Reed. Twenty-one, the day the story begins, Sammy is drifting through life in the aftermath of an unthinkable family tragedy. California bound from North Carolina in a windowless '69 Camaro. Over the next six months and several thousand miles, things happen in the lives of these two beautiful losers that can't be logically explained. Things such as the song and its incredible, mysterious journey from the back of a brown paper sack to a number one hit. As the writer of this

story I attempt to raise a number of interesting possibilities The characters I use and the things they do and say will offend some people I know In their defense I'd simply say that I personally believe God meant everybody to matter Everybody
