unearthing unwelcome truths The Times Cultural Review 2016 When Tony Blair became prime minister in May 1997 he was at forty three the youngest person to hold that office since 1812 With a landslide majority his approval rating was 93 per cent and he went on to become Labour's longest serving premier On his first election campaign Blair had promised that New Labour would modernize Britain freeing it from sleaze special interests and government secrecy He vowed to give priority to social justice and equal opportunity for all So what went wrong The invasion of Iraq was particularly controversial and unleashed public fury against a government accused of not being open and honest in its march to war in Iraq and Afghanistan Alastair Campbell's dodgy dossiers about WMDs sparked outrage but did the contamination of New Labour's spin stretch beyond the wars What is the truth behind Blair's claims of rebuilding Britain's schools hospitals and welfare services Why did he covertly open the doors to mass immigration And how is it that the same man who risked his government to destroy Slobodan MiloSevic and Saddam Hussein has since leaving office earned millions of pounds serving dictators Tom Bower was one of those who in 1997 looked on in excited anticipation as Blair took up residence in Downing Street Now with unprecedented access to more than 180 Whitehall officials military officers and politicians he has uncovered the full story of Blair's decade in power To distil the magic and the myths of an era all Britons experienced but have not properly understood he has followed Blair's trail since his resignation to Asia the Middle East and America where he has built an extraordinary commercial empire advising tycoons and tyrants The result is the political thriller of the year a dramatic re evaluation of Tony Blair which disentangles the mystery of an extraordinary politician and illuminates the ultimate tragedy of power
