The Politically Incorrect Guide to **AMERICAN HISTORY**

*You think you know American
history. But did you know:*

- ★ The American "revolutionaries" were actually conservatives
- ★ The Puritans didn't steal Indian lands
- ★ FDR agreed to send a million Russian POWs back to Stalin
- ★ "Landslide Lyndon" Johnson stole his first Senate race
- ★ The War on Poverty made poverty worse
- ★ Hundreds of American liberals had secret ties to the Soviets

Politically Incorrect Guide To American History:

Politically Incorrect Guide to the Founding Fathers Brion McClanahan, 2009-06-30 The truth revealed and PC myths shattered about the Founding Fathers Tom Brokaw labeled the World War II generation the Greatest Generation but he was wrong That honor belongs to the Founders the men who pledged their lives fortunes and sacred honor for the cause of liberty and independence and who established the United States This was a generation without equal and it deserves to be rescued from the politically correct textbooks teachers and professors who want to dismiss the Founders as a cadre of dead white sexist slave holding males Now a clear sighted conservative historian Dr Brion McClanahan does just that In The Politically Incorrect Guide to the Founding Fathers he profiles Washington Adams Jefferson Madison Franklin and other important Founders traces the key issues of the day and shows how they dealt with them and in the process details the Founders deep faith commitment to the cause of independence impeccable character and visionary political ideals Even better The Politically Incorrect Guide to the Founding Fathers proves that the Founders had a better understanding of the problems we face today than do our own members of Congress McClanahan shows that if you want real and relevant insights into the issues of banking war powers executive authority freedom of the press freedom of speech freedom of religion states rights gun control judicial activism trade and taxes you d be better served reading the Founders than you would be watching congressional debates on C SPAN or reading the New York Times The Politically Incorrect Guide to the Founding Fathers is a vital guide to restoring a sane sober Constitutional sense of responsibility to today s public debates

Politically Incorrect Guide to American History Thomas E. Woods, Jr., 2004-12-01 Looks at American history with an irreverent and hard hitting look at the nation s important people and events concluding that the American Revolution was fought by conservatives and the First Amendment accepted state sponsored churches

Politically Incorrect Guide to American History Thomas E. Woods, 2004-01-04 The problem in America isn t so much what people don t know the problem is what people think they know that just ain t so Thomas E Woods Most Americans trust that their history professors and high school teachers will give students honest and accurate information The Politically Incorrect Guide to American History makes it quite clear that liberal professors have misinformed our children for generations Professor Thomas E Woods Jr takes on the most controversial moments of American history and exposes how history books are merely a series of clich s drafted by academics who are heavily biased against God democracy patriotism capitalism and most American family values Woods reveals the truth behind many of today s prominent myths MYTH The First Amendment prohibits school prayer MYTH The New Deal created great prosperity MYTH What the Supreme Court says goes From the real American revolutionaries to the reality of labor unions The Politically Incorrect Guide to American History is all you need for the truth about America objective and unvarnished

Politically Incorrect Guide to the Presidents, Part 1 Larry Schweikart, 2017-01-09 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country

Politically Incorrect Guide

to the American Revolution Larry Schweikart, Dave Dougherty, 2017-06-26 The truth about the American Revolution is under attack. Despite what you may have learned in school, it wasn't a rich slaveholder's war fought to maintain white privilege. In fact, the War of Independence wasn't about maintaining any status quo; it was the world's first successful bottom-up revolution by the people ushering in a new dawn of liberty that history had never seen before. But with left wingers dominating the teaching of history, where can you go for the true story of the unprecedented events that made the United States the world's greatest nation? Now bestselling historian Larry Schweikart has teamed up with author Dave Dougherty to write the ground-breaking patriotic history you've always wanted to read about the foundation of our unique nation. *The Politically Incorrect Guide to the American Revolution* reveals four key factors that applied only in America, making it impossible to replicate the Revolution anywhere else. Why it matters that the Patriot fighting force was overwhelmingly Scotch Irish. The key role of Protestantism, which denominations tended to become Patriots and which Tories. How Americans were different from the Europeans and English even at the outset of the Revolution. How the casualties of the deadliest war in American history are routinely underreported. How our Revolution became a model for hundreds of others that all failed. Schweikart and Dougherty take on the left-wing myths starting with the Marxist narrative of the Revolution in Howard Zinn's nearly ubiquitous *A People's History of the United States* and uncover the truth about America's beginning. **The Politically Incorrect Guide to Real American Heroes** Brion McClanahan, 2012-11-13 Profiles heroic figures from the beginning of the United States history to the present whose contributions to society the author asserts have been overshadowed by the actions of those the liberal media holds in high esteem. [Why American History Is Not What They Say](#) Jeff Riggenbach, 2009 Americans have been warring with each other for more than a century over the contents of the American history textbooks used in the nation's high schools and colleges. Page 4 of cover. *Politically Incorrect Guide to the Constitution* Kevin Gutzman, 2007-06-11 The Constitution of the United States created a representative republic marked by federalism and the separation of powers. Yet numerous federal judges led by the Supreme Court have used the Constitution as a blank check to substitute their own views on hot-button issues such as abortion, capital punishment, and same-sex marriage for perfectly constitutional laws enacted by We the People through our elected representatives. Now *The Politically Incorrect Guide to the Constitution* shows that there is very little relationship between the Constitution as ratified by the thirteen original states more than two centuries ago and the constitutional law imposed upon us since then. Instead of the system of state-level decision makers and elected officials, the Constitution was intended to create judges who have given us a highly centralized system in which bureaucrats and appointed, not elected, officials make most of the important policies. In *The Politically Incorrect Guide to the Constitution*, Professor Kevin Gutzman explains how the Constitution was understood by the founders who wrote it and the people who ratified it. Follows the Supreme Court as it uses the fig leaf of the Constitution to cover its naked usurpation of the rights and powers the Constitution explicitly reserves to the states and to the people. Slid

from the Constitution's republican federal government with its very limited powers to an unrepublican judgeocracy with limitless powers. How the Fourteenth Amendment has been twisted to use the Bill of Rights as a check on state power instead of on federal power as originally intended. The radical inconsistency between constitutional law and the rule of law. Contends that the judges who receive the most attention in history books are celebrated for acting against the Constitution rather than for it. As Professor Gutzman shows, constitutional law is supposed to apply the Constitution's plain meaning to prevent judges, presidents, and congresses from overstepping their authority. If we want to return to the founding fathers' vision of the Republic, if we want the Constitution enforced in the way it was explained to the people at the time of its ratification, then we have to overcome the received wisdom about what constitutional law is. The Politically Incorrect Guide to the Constitution is an important step in that direction.

Politically Incorrect Guide to Darwinism and Intelligent Design Jonathan Wells, 2006-08-21. Darwin is an emperor who has no clothes, but it takes a brave man to say so. Jonathan Wells, a microbiologist with two Ph.D.s from Berkeley and Yale, is that brave man. Most textbooks on evolution are written by Darwinists with an ideological axe to grind. Brave dissidents, qualified scientists who try to teach or write about intelligent design are silenced and sent to the academic gulag. But fear not: Jonathan Wells is a liberator. He unmasks the truth about Darwinism, why it is wrong, and what the real evidence is. He also supplies a revealing list of books you're not supposed to read as far as the Darwinists are concerned and puts at your fingertips all the evidence you need to challenge the most closed-minded Darwinist.

The Politically Incorrect Guide to the British Empire H. W. Crocker, III, 2011-10-24. Presents an irreverent and humorous look at the four hundred year history of the British empire.

The Politically Incorrect Guide to the Bible Robert J. Hutchinson, 2007-09-18. Defends the reliability of the Bible and argues that it is the source of Western ideas of charity, justice, reason, science, and democracy.

Politically Incorrect Guide to Hunting Frank Miniter, 2007-08-21. Why the Left's anti-hunting propaganda is dead wrong. Nothing is more hated and more misunderstood by the trendy Left than hunting. But now intrepid hunter and pro-hunting activist Frank Miniter sets the record straight. In The Politically Incorrect Guide to Hunting, he details the concrete benefits that hunting provides to all of us, even how it helps the environment. Speaking with wildlife biologists, hunters, farmers, anti-hunters, and victims of animal attacks, Miniter explains how banning hunting negatively affects wildlife populations and conservation. Miniter's fearless, politically incorrect take on hunting lays out the facts that liberal environmentalists don't want you to know.

Politically Incorrect Guide to the Presidents Steven F. Hayward, 2012-02-13. Larry Schweikart, a retired history professor, is ready to set the record straight on the American presidents. He goes through each of the first 26 presidents from Washington to Taft and debunks myths, lies, and fake news made fact by the uninformed. Discover why George Washington favored American isolationism, James Madison supported states' rights, what Lincoln promised to Southerners about fugitive slaves, and why nineteenth-century presidents were the last to understand the true role of government. So what made these presidents so much better than the ones America has now?

Schweikart argues that recent commanders in chief have welcomed crises to advance their own partisan agenda defied the separation of powers the Founders carefully constructed to preserve the Republic and given us every reason to doubt they take the country's interests to heart **Politically Incorrect Guide to the Presidents, Part 2** Steven F.

Hayward,2017-01-09 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country **A Time to Clash** Doug Giles,2007-11 *Politically Incorrect Guide to the Great Depression and*

the New Deal Robert P. Murphy,2009-03-31 In this timely new P I Guide Murphy reveals the stark truth free market failure didn't cause the Great Depression and the New Deal didn't cure it Shattering myths and politically correct lies he tells why World War II didn't help the economy or get us out of the Great Depression why it took FDR to make the Depression Great and why Herbert Hoover was more like Obama and less like Bush than the liberal media would have you believe Free market believers and capitalists everywhere should have this on their bookshelf and in their briefcases *Vindicating Lincoln*

Thomas L. Krannawitter,2008-06-27 Was Abraham Lincoln a racist as some critics would have us believe Was he the father of big government as some others maintain Was the sixteenth president a traitor to the cause of free society and constitutional government Are the political principles that guided him relevant today In this provocative and timely book Thomas L. Krannawitter sets out to defend the man many consider to be our greatest president from critics on both the left and the right For although public opinion polls tend to rank Lincoln among the country's most venerated presidents he is also paradoxically the president who is least understood While Lincoln's name is frequently invoked in contemporary American politics few Americans understand or agree with the moral and political principles for which Lincoln gave his last full measure of devotion Many influential authors view Lincoln as an antiquated monument a man of his age who knew only nineteenth century prejudices and lacked twenty first century enlightenment Other writers denounce Lincoln as a tyrant who trampled upon the Constitution and states rights and thereby inaugurated big government and the kind of politics feared by the Founding Fathers Krannawitter argues that both views spring from a misunderstanding of Lincoln Today at precisely the moment when America is most in need of his moral and political understanding we are more removed from Lincoln's thought than ever before *Vindicating Lincoln* reintroduces us to Lincoln the statesman the man who defended our greatest ideals of freedom and equality at the darkest moment in American history Krannawitter shows us why it is in our interest not only to learn about Abraham Lincoln but to learn from him to understand that Lincoln's guiding principles were true not only for his time but that they remain true for ours as well On the eve of the bicentennial of his birth in 2009 Lincoln can offer moral and political guidance to us all **The Politically Incorrect Guide to Capitalism** Robert P. Murphy,2007-04-09 An irreverent

look at capitalism that exposes common fallacies and offers simple explanations of complex issues related to capitalism and its role in the world's economy **Politically Incorrect Guide to Immigration** John Zmirak,Al Perrotta,2018-05-21

America's immigration crisis is out of control Unregulated immigration has led to an increase in crime a loss of working class

jobs an inflated welfare state and an elevated amount of terror threats on our home territory The clash of differing emotions facts and opinions reveal that this issue is not simply a nationwide disagreement it is an American crisis In The Politically Incorrect Guide to Immigration authors John Zmirak and Al Perrotta debunk the Left s most deceptive myths on this complex policy issue and reveal the huge implications that lie ahead for our nation s future Zmirak and Perrotta set the record straight on the history of American immigration uncover the principles with which our forefathers migrated to America affirm the respect with which migrants should treat our country if they wish to live here and assert real solutions to the immigration crisis America faces The Politically Incorrect Guide to Immigration equips readers with real life statistics and information and is packed with targeted arguments to help convince even the staunchest advocates for open borders that America needs to build The Wall You may think you know all about immigration but in The Politically Incorrect Guide to Immigration you ll learn Building The Wall would cost less than half of what we spend to educate illegal immigrants every year Illegal immigration costs American taxpayers 116 billion a year 62% of naturalized immigrants are for the Democrats only 25% are for the Republicans Competition from immigrants costs American worker 450 billion a year The Founders wanted to admit only immigrants who would make a net contribution and assimilate Millions of nineteenth century immigrants who couldn t make it in American went back home The percent of foreign born in the United States today is the highest since World War I and this time we re not doing Americanization After Reagan s 1986 Amnesty the illegal population went from 3.2 million to 11 million Over 700 000 foreign visitors to the United States in 2016 overstayed their visas Eighty percent of Central American women and girls who enter the United States illegally are raped along the way Non citizens are only 9 percent of our population but 27 percent of federal prisoners One hundred forty seven million more people from around the world would like to move to the United States

The Politically Incorrect Guide to the Supreme Court John Yoo, Robert J. Delahunty, 2023-06-27

Justice in the Balance Alexander Hamilton famously predicted that the judiciary would be the least dangerous branch of government How s that working out The Supreme Court stands as arbiter over a country increasingly unable to govern itself Americans can t agree on the meaning of the Constitution or even the rule of law Are the nine high priests enthroned in their marble temple the saviors of the Republic or the pallbearers of democracy Are they defenders of the Constitution as written or super legislators who make law from the bench What did the Founders envision when they vested the judicial Power in one supreme Court John Yoo a professor of law at UC Berkeley and Robert J Delahunty a fellow at the Claremont Institute Center for the American Way of Life provide the answers with an incisive reading of the law and constitutional history The Politically Incorrect Guide to the Supreme Court explains The turbulent history of the court s early years and the eventual triumph of judicial supremacy The Bill of Rights how the Court has defined free speech freedom of religion and the right to bear arms The Court s notorious rulings and how they were overturned from Dred Scott to Roe v Wade Why court packing is a constant temptation for Democratic presidents The Supreme Court s best and worst justices

and what qualities distinguished them The future of the Supreme Court Will it be the rubber stamp of corrupt administrations or the ultimate watchdog protecting our nation s liberties The Politically Incorrect Guide to the Supreme Court offers a penetrating and irreverent account of the justices ideologues and cowards geniuses and mediocrities all of them thoroughly human and a fascinating analysis of a Court that has swung like a pendulum from preserving the Republic to undermining government by the people and back to defending the Constitution Sprightly informative and powerfully argued this book is guaranteed to give the reader a deeper understanding of America s most powerful judicial body
