Muzio, 2009-02-24 This book is a memoir the description of my parents lives based on my remembrances conversations with relatives reviews of family photographs as well as examining remaining personal documents of our family This memoir started as a brief description and was something I had planned for a long time Initially I thought it would be perhaps a few dozen pages Instead it grew organically and became a much more detailed recollection of my mother and father s lives their marriage their approaches to life how they raised my sister and me and their continuing influence upon me They came to America as immigrant children they developed here within their cultural boundaries as Italian Americans they struggled thrived and pursued their personal goals They are still with me today It has been simultaneously an exhilarating and exhausting process as the writing expanded This is far beyond any sort of genealogical charting or the identification of distant relatives Rather it provides perceptions about my feelings and beliefs regarding my parents their positive qualities and flaws as well as how I perceive them now that I am an older adult This process is one that I urge other children to engage in writing about their parents so that there will be descriptions of the roles they played I call such writing a critical component of the collective humanity tracing the historical journeys that would then be available to the remaining family members and their ancestors Conceivably such continued writings could become an endless documentation of family behaviors and interactions It might even provide a greater clarity and understanding of one s parents through a long range lens **Harper Lee** Kerry Madden-Lunsford, 2009-03-19 Read Kerry Madden s posts on the Penguin Blog Nelle Harper Lee s *To Kill a Mockingbird* was published in 1960 and became an instant bestseller Two years later it was an Academy Award winning film Today it remains standard and beloved reading in English classes But Lee never wanted the book to define who she was which explains her aversion to any kind of publicity Kerry Madden conducted

extensive research for this Up Close biography which reveals Lee to be a down to earth Southern woman who prefers to live simply like her neighbors do despite the fact that she is a treasured literary legend Madden s in depth biography is now more relevant than ever 2015 s historic release of Go Set a Watchman written by Lee before To Kill a Mockingbird and lost for decades has thrust Lee and her work back into the spotlight A Booklist Top Ten Biography of 2009 A Kirkus Best Book of 2009

Aroostook County, Visited Claude Therriault, 2013-08-19 The author s first story was A Very Smart Cat Then he expanded his storytelling to happenings of small backyard animals He realized that at his fingertips non fictional episodes were now at his disposal These short stories were easy for the author to tell because he was now re living them The story of Pool Table Shuffle involves some of the author s siblings and his dad That is just the way it happened over 70 years ago His dad was an energetic type of guy and believed that busy hands was an excellent attribute and made sure that all of his children contributed This might be one of the reasons that the author has a good amount of true stories to relate All of the stories were written trying to stay away from negative attitudes unless the tale needed a short statement to bring out the point of interest The author has to apologize to his dear wife Lorraine about being a little rude in School Bus Driver About the Author The author Claude Therriault is a full blooded Acadian from Chelmsford MA After high school in 1949 he headed for Hartford CT for employment In 1952 Harry S Truman the president sent him a letter received on his 21st birthday to report for induction He spent July 1952 June 1954 in the US Army Infantry mostly as a radio operator and achieved the rank of sergeant Therriault attended Tri State College in Angola IN and Wards School of Electronics in Hartford CT earning a certificate in 1959 in Industrial Electronics Technology A new job with SDS Scientific Data Systems in 1967 took him to school in Santa Monica CA for six months He then serviced and maintained the Sigma 5 computers in the Boston MA area SDS was bought out by Xerox Corp in 1972 and he remained with them till his retirement in 1994 Therriault s hobbies are gardening golf pool and writing short stories His wife gave birth to five children resulting in six grand and seven great grand children
