Saunterings in and about London Max Schlesinger, 2021-05-19 In Saunterings in and about London Max Schlesinger presents a captivating exploration of London's streets neighborhoods and cultural milieu in the mid 19th century Imbued with vivid descriptions and a keen sense of observation Schlesinger's literary style combines picturesque prose with a touch of romanticism inviting readers on a leisurely stroll through both the city's bustling life and its quieter corners The work serves as both a travelogue and a reflective meditation offering insights into the social dynamics and urban landscapes of a city grappling with rapid modernization while also delving into themes of identity and place Max Schlesinger a journalist and urban observer was profoundly influenced by his European upbringing and keen interest in the civilizations he encountered His experiences navigating the streets of London during a period of great change inspired him to craft this insightful narrative Schlesinger's background in literature and journalism provided him with the tools to articulate the complexities of urban life making his work a pivotal contribution to the genre of literary travel writing For those intrigued by the transformative power of cities and the rich tapestry of human experience Saunterings in and about London is an essential read It not only captures the essence of a bygone era but also resonates with contemporary readers seeking to understand the intricate relationship between individuals and their urban environments Saunterings in and About London (Classic Reprint) Max Schlesinger, 2018-01-18 Excerpt from Saunterings in and About London And surprised with the very attering reception which my book experienced at the hands of the English critics Their favourable opinion which they so emphatically and I am selfish enough to go the whole length of the word so ably expressed has probably caused the production of the book in an English dress The critics therefore must bear the responsibility if the general public should happen to condemn these Saun terings as weary stale at and unprofitable and shelve them accordingly About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www forgottenbooks com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
