Saving Strangers Humanitarian Intervention In:

Saving Strangers Nicholas J. Wheeler, 2000-09-08 The extent to which humanitarian intervention has become a legitimate practice in post cold war international society is the subject of this book It maps the changing legitimacy of humanitarian intervention by comparing the international response to cases of humanitarian intervention in the cold war and post cold war periods Crucially the book examines how far international society has recognised humanitarian intervention as a legitimate exception to the rules of sovereignty and non intervention and non use of force While there are studies of each case of intervention in East Pakistan Cambodia Uganda Iraq Somalia Rwanda Bosnia and Kosovo there is no single work that examines them comprehensively in a comparative framework Each chapter tells a story of intervention that weaves together a study of motives justifications and outcomes The legitimacy of humanitarian intervention is contested by the pluralist and solidarist wings of the English school and the book charts the stamp of these conceptions on state practice Solidarism lacks a full blown theory of humanitarian intervention and the book supplies one This theory is employed to assess the humanitarian qualifications of the cases of intervention analysed in the book and this normative assessment is then compared to the moral practices of states A key focus is to examine how far humanitarian intervention as a legitimate practice is present in the diplomatic dialogue of states In exploring how far there has been a change of norm in the society of states in the 1990s the book defends the broad based constructivist claim that state actions will be constrained if they cannot be legitimated and that new norms enable new practices but do not determine these The book concludes by considering how far contemporary practices of humanitarian intervention support a new solidarism and how far this resolves the traditional conflict between order and justice in international society

The Current Status of Humanitarian Intervention in Need of Legal Clarification. Analysis of the Legal and Humanitarian Justifications for Intervening In Libya and the Inaction in Syria Yewande Abiodun, 2020-06-24 Master s Thesis from the year 2014 in the subject Law European and International Law Intellectual Properties grade DISTINCTION University of Hertfordshire Faculty of Law course International Law language English abstract In this thesis the concepts of Sovereignty non intervention and Humanitarian Intervention will gradually be unveiled especially in subsequent chapters The cases of Syria and Libya will serve as watershed for the theoretically unveiled concepts The principle of State Sovereignty plays a great role in the formation of international law as it sets a basic foundation on which the international society is built The natural supposition is that international order is best maintained if states respect one another s sovereignty by adhering to the norms of non intervention in the internal affairs of other states The modern idea of Sovereignty dates back to Ancient Rome in which all sovereign powers were bestowed on the Emperor It was deemed an absolute unified inalienable power based upon a voluntary but irrevocable contract Rethinking the Responsibility to Protect Alexander Reichwein, Mischa Hansel, 2023-05-31 This edited volume critically examines the Responsibility to Protect R2P as a guiding norm in international politics After NATO s intervention in Libya against the

backdrop of civil wars in Syria and Yemen and because of the cynical support for R2P by states such as Saudi Arabia this norm is the subject of heavy criticism. It seems that the R2P is just political rhetoric, an instrument exploited by the powerful states. Hence the R2P is being challenged. At the same time, however, institutional settings, normative discourses, and contestation practices are making it more robust. New understandings of responsibility and the politics of protection are creating new normative spaces, patterns of legitimacy, and norm entrepreneurs, thereby reinforcing the R2P. This book's goals are to discuss the R2P's roots, institutional framework, and evolution to reveal its shortcomings and pitfalls and to explore how it is exploited by certain states. Further, it elaborates on the R2P's strength as a norm. Accordingly, the contributions presented here discuss various ways in which the R2P is being challenged or confirmed or both at once. As the authors demonstrate, these developments concern not only diplomatic communication and political practices within international institutions but also normative discourses. Furthermore, the book includes chapters that reevaluate the R2P from a normative standpoint, e.g., by proposing cosmopolitan standards as a guide for states' external behavior. Other contributors reassess the historical evidence from U.N. negotiations on the R2P principle and the productive or restrictive role of institutions. Discussing new issues relating to the R2P, such as global and regional power shifts or foreign policy as well as the phenomenon of authoritarian interventionism under the R2P umbrella, this book will appeal to all IR scholars and students interested in humanitarianism, norms, and power. By analyzing the status quo of the R2P, it enriches and broadens the debate on what the R2P currently is and what it ought to be.

The International Struggle Over Iraq David Malone, 2006. Iraq has dominated headlines in contemporary times, but its controversial role in international affairs goes back much further. This book presents an understanding of one of the most persistent crises in international affairs and the various roles the world's central peace-making forum has played in it.

The Emergence of Humanitarian Intervention Fabian Klose, 2016. A study of the emergence and development of humanitarian intervention from the nineteenth century through to the present day. Drawing from a multitude of disciplines, it investigates the complex and controversial debates over the legitimacy of protecting humanitarian norms and universal human rights by violent as well as non-violent means.

American Exceptionalism Reconsidered David P. Forsythe, Patrice C. McMahon, 2016-11-25. Is the US really exceptional in terms of its willingness to take universal human rights seriously? According to the rhetoric of American political leaders, the United States has a unique and lasting commitment to human rights principles and to a liberal world order centered on rule of law and human dignity. But when push comes to shove, most recently in Libya and Syria, the United States failed to stop atrocities and dithered as disorder spread in both places. This book takes on the myths surrounding US foreign policy and the future of world order. Weighing impulses toward parochial nationalism against the ideal of cosmopolitan internationalism, the authors posit that what may be emerging is a new brand of American globalism or a foreign policy that gives primacy to national self-interest but does so with considerable interest in and genuine attention to universal human rights and a willingness to suffer and pay

for those outside its borders at least on occasion The occasions of exception such as Libya and Syria provide case studies for critical analysis and allow the authors to look to emerging dominant powers especially China for indicators of new challenges to the commitment to universal human rights and humanitarian affairs in the context of the ongoing clash between liberalism and realism The book is guided by four central questions 1 What is the relationship between cosmopolitan international standards and narrow national self interest in US policy on human rights and humanitarian affairs 2 What is the role of American public opinion and does it play any significant role in shaping US policy in this dialectical clash 3 Beyond public opinion what other factors account for the shifting interplay of liberal and realist inclinations in Washington policy making 4 In the 21st century and as global power shifts what are the current views and policies of other countries when it comes to the application of human rights and humanitarian affairs

The Cambridge World History of Genocide: Volume 3, Genocide in the Contemporary Era, 1914-2020 Ben Kiernan, Wendy Lower, Norman Naimark, Scott Straus, 2023-05-04 Volume III examines the most well known century of genocide the twentieth century Opening with a discussion on the definitions of genocide and ethnic cleansing and their relationships to modernity it continues with a survey of the genocide studies field racism and antisemitism The four parts cover the impacts of Racism Total War Imperial Collapse and Revolution the crises of World War Two the Cold War and Globalization Twenty eight scholars with expertise in specific regions document thirty genocides from 1918 to 2021 in Europe the Middle East Africa Asia and Latin America The cases range from the Armenian Genocide to Maoist China from the Holocaust to Stalin s Ukraine from Indonesia to Guatemala Biafra Bangladesh Cambodia Bosnia and Rwanda and finally the contemporary fate of the Rohingyas in Myanmar and the ISIS slaughter of Yazidis in Iraq The volume ends with a chapter on the strategies for genocide prevention moving forward

The United Nations Security Council and War Vaughan Lowe, Adam Roberts, Jennifer Welsh, Dominik Zaum, 2008-06-05 This is the first major exploration of the United Nations Security Council s part in addressing the problem of war both civil and international since 1945 Both during and after the Cold War the Council has acted in a limited and selective manner and its work has sometimes resulted in failure It has not been and was never equipped to be the centre of a comprehensive system of collective security However it remains the body charged with primary responsibility for international peace and security It offers unique opportunities for international consultation and military collaboration and for developing legal and normative frameworks It has played a part in the reduction in the incidence of international war in the period since 1945 This study examines the extent to which the work of the UN Security Council as it has evolved has or has not replaced older systems of power politics and practices regarding the use of force Its starting point is the failure to implement the UN Charter scheme of having combat forces under direct UN command Instead the Council has advanced the use of international peacekeeping forces it has authorized coalitions of states to take military action and it has developed some unanticipated roles such as the establishment of post conflict transitional administrations international criminal tribunals and anti terrorism committees The book bringing

together distinguished scholars and practitioners draws on the methods of the lawyer the historian the student of international relations and the practitioner It begins with an introductory overview of the Council s evolving roles and responsibilities It then discusses specific thematic issues and through a wide range of case studies examines the scope and limitations of the Council s involvement in war It offers frank accounts of how belligerents viewed the UN and how the Council acted and sometimes failed to act The appendices provide comprehensive information much of it not previously brought together in this form of the extraordinary range of the Council s activities This book is a project of the Oxford Leverhulme Programme on the Changing Character of War **The Globalization of World Politics** John Baylis, Steve Smith, Patricia Owens, 2011 Now in its fifth edition this title has been fully revised and updated in the light of recent developments in world politics with new chapters on the changing nature of war human security and international ethics

The United Nations, Peace and Security Ramesh Thakur, 2016-12-13 Ending humanitarian atrocities has become as important for the United Nations as preventing interstate war This book examines the transformation of UN operations analysing its changing role and structure Ramesh Thakur asks why when and how force may be used and argues that the growing gulf between legality and legitimacy is evidence of an eroded sense of international community He considers the tension between the United States with its capacity to use force and project power and the United Nations as the centre of the international law enforcement system He asserts the central importance of the rule of law and a rules based order focused on the United Nations as the foundation of a civilised system of international relations This book will be of interest to students of the United Nations and international organisations in politics law and international relations departments as well as policymakers in governmental and non governmental international organisations Rethinking the Just War Tradition Michael W. Brough, John W. Lango, Harry van der Linden, 2012-02-01 The just war tradition is an evolving body of tenets for determining when resorting to war is just and how war may be justly executed Rethinking the Just War Tradition provides a timely exploration in light of new security threats that have emerged since the end of the Cold War including ongoing conflicts in the Middle East threats of terror attacks and genocidal conflicts within states The contributors are philosophers political scientists a U S Army officer and a senior analyst at the Center for Defense Information They scrutinize some familiar themes in just war theory from fresh and original angles and also explore altogether new territory The diverse topics considered include war and the environment justice in the ending of war U S military hegemony a general theory of just armed conflict principles supreme emergencies the distinction between combatants and noncombatants child soldiers the moral equality of all soldiers targeted assassination preventive war right authority and armed humanitarian intervention Clearly written and free of jargon this book illustrates how the just war tradition can be rethought and applied today

Forces for Good Graeme Cheeseman, 2004 Forces for good develops and explores the concept of cosmopolitan militaries It examines how governments militaries and institutions have responded politically doctrinally and operationally to claims

that militaries have a new role in cosmopolitan law enforcement that allows and perhaps even requires the use of force to protect and defend those who are the victims of gross abuse of human rights The contributors include academics defence practitioners and serving military officers BOOK JACKET Russia, the West, and Military Intervention Roy Allison,2013-05-09 A detailed and carefully structured study of Soviet Russian attitudes and responses to military interventions It explores cases from the Gulf War in 1990 to the intervention led by Western states in Libya in 2011 **India and the Responsibility to Protect** Dr Alan Bloomfield,2016-01-28 Bloomfield charts India s profoundly ambiguous engagement with the thorny problem of protecting vulnerable persons from atrocities without fatally undermining the sovereign state system a matter which is now substantially shaped by debates about the responsibility to protect R2P norm Books about India s evolving role in world affairs and about R2P have proliferated recently but this is the first to draw these two debates together It examines India s historical responses to humanitarian crises starting with the 1971 Bangladesh Liberation War concentrating on the years 2011 and 2012 when India sat on the UN Security Council Three serious humanitarian crises broke during its tenure in C te d Ivoire Libya and Syria which collectively sparked a ferocious debate within India The book examines what became largely a battle over what sort of actor modern India is or should be to determine how this contest shaped both India s responses to these humanitarian tragedies and also the wider debates about rising India s international identity The book s findings also have important and largely negative implications for the broader effort to make R2P a recognised and actionable international norm The Prevention and Intervention of Genocide Samuel Totten,2008-03-31 This volume is comprised of over 2 300 annotations on a wide array of issues and topics germane to the subject of preventing the atrocities of genocide and managing these conflicts when they do arise Samuel Totten brings together in one comprehensive collection the research and findings in various fields such as political science sociology history and psychology to enable specialists in genocide studies peace studies and conflict resolution to benefit from the insights of a diverse range of scholars and foster an understanding of how the various components of genocide studies connect Among the topics included are key conventions international treaties and covenants genocide early warning signals and forecasting risk data bases sanctions peacekeeping missions conflict resolution the International Criminal Court realpolitik vis vis the issue of genocide prevention and intervention key non governmental agencies key governmental and UN bodies working on these important issues In addition to the annotations Totten frames the bibliography with a major essay that introduces the reader to the subject of prevention and intervention of genocide raising a host of critical issues regarding the strengths weaknesses and limitations of various approaches germane to issues of managing these conflicts

Saving Europe Tammy M. Proctor,2025 *Saving Europe* offers a transnational and intersectional history of American intervention in Europe between 1914 and 1924 a period when the United States simultaneously tightened its borders and expanded its reach I argue that in the crucial decade following the outbreak of World War I Americans saw themselves in a

novel role abroad as protectors of European cultural heritage and as rescuers of vulnerable populations This experience had important long term implications for later US and United Nations humanitarian aid programs

The Oxford Handbook of the Use of Force in International Law Marc Weller, 2015-01-15 The prohibition of the use of force in international law is one of the major achievements of international law in the past century The attempt to outlaw war as a means of national policy and to establish a system of collective security after both World Wars resulted in the creation of the United Nations Charter which remains a principal point of reference for the law on the use of force to this day There have however been considerable challenges to the law on the prohibition of the use of force in international law is one of the major achievements of international law in the past century The attempt to outlaw war as a means of national policy and to establish a system of collective security after both World Wars resulted in the creation of the United Nations Charter which remains a principal point of reference for the law on the use of force to this day There have however been considerable challenges to the law on the prohibition of the use of force over the past two decades This Oxford Handbook is a comprehensive and authoritative study of the modern law on the use of force Over seventy experts in the field offer a detailed analysis and to an extent a restatement of the law in this area The Handbook reviews the status of the law on the use of force and assesses what changes if any have occurred in consequence to recent developments It offers cutting edge and up to date scholarship on all major aspects of the prohibition of the use of force The work is set in context by an extensive introductory section reviewing the history of the subject recent challenges and addressing major conceptual approaches Its second part addresses collective security in particular the law and practice of the United Nations organs and of regional organizations and arrangements It then considers the substance of the prohibition of the use of force and of the right to self defence and associated doctrines The next section is devoted to armed action undertaken on behalf of peoples and populations This includes self determination conflicts resistance to armed occupation and forcible humanitarian and pro democratic action The possibility of the revival of classical expansive justifications for the use of force is then addressed This is matched by a final section considering new security challenges and the emerging law in relation to them Finally the key arguments developed in the book are tied together in a substantive conclusion The Handbook will be essential reading for scholars and students of international law and the use of force and legal advisers to both government and NGOs

The Ethics of Foreign Policy David B. MacDonald, Robert G. Patman, Betty Mason-Parker, 2007-01-01 This ground breaking volume considers the ethical aspects of foreign policy change through five interrelated dimensions conceptual security economic normative and diplomatic An impressive group of international scholars and practitioners makes it ideally suited to courses on international relations security studies ethics and human rights philosophy media studies and international law

[Saving Soldiers or Civilians?](#) Sebastian Kaempf, 2018-05-03 Concerns for the lives of soldiers and innocent civilians have come to underpin Western and particularly American warfare Yet this new mode of conflict faces a dilemma these two norms have opened new

areas of vulnerability that have been systematically exploited by non state adversaries This strategic behaviour creates a trade off forcing decision makers to have to choose between saving soldiers and civilians in target states Sebastian Kaempf examines the origin and nature of this dilemma and in a detailed analysis of the US conflicts in Somalia Afghanistan and Iraq investigates the ways the US has responded assessing the legal moral and strategic consequences Scholars and students of military and strategic studies international relations and peace and conflict studies will be interested to read Kaempf s analysis of whether the US or its adversaries have succeeded in responding to this central dilemma of contemporary warfare

Serious Violations of Human Rights Ilia Siatitsa,2022 This monograph represents the most recent analysis of the use of the expression serious violations of human rights in international practice It proposes a systematic and structured engagement with the international practice around serious violations of human rights

Saving Strangers Humanitarian Intervention In Introduction

In today's digital age, the availability of Saving Strangers Humanitarian Intervention In books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Saving Strangers Humanitarian Intervention In books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Saving Strangers Humanitarian Intervention In books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Saving Strangers Humanitarian Intervention In versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Saving Strangers Humanitarian Intervention In books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Saving Strangers Humanitarian Intervention In books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Saving Strangers Humanitarian Intervention In books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public.

Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Saving Strangers Humanitarian Intervention In books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Saving Strangers Humanitarian Intervention In books and manuals for download and embark on your journey of knowledge?

FAQs About Saving Strangers Humanitarian Intervention In Books

What is a Saving Strangers Humanitarian Intervention In PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Saving Strangers Humanitarian Intervention In PDF?**

There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF.

How do I edit a Saving Strangers Humanitarian Intervention In PDF? Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities.

How do I convert a Saving Strangers Humanitarian Intervention In PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Saving Strangers Humanitarian Intervention In PDF?**

Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
