**The Making of Martyrdom in Modern Twelver Shi'ism** Adel Hashemi, 2022-02-24 In Twelver Shi'a Islam the wait for the return of the Twelfth Imam Muhammad ibn al Hasan al Mahdi at the end of time overshadowed the value of actively seeking martyrdom. However, what is the place of martyrdom in Twelver Shi'ism today? This book shows that the Islamic revolution in Iran resulted in the marriage of Shi'i messianism and extreme political activism, changing the mindset of the Shi'a worldwide. Suddenly, each drop of martyrs' blood brought the return of al Mahdi one step closer, and the Islamic Republic of Iran supposedly became the prelude to the foretold world revolution of al Mahdi. Adel Hashemi traces the unexplored area of Shi'i discourse on martyrdom from the 1979 revolution when the Islamic Republic's leaders cultivated the culture of martyrdom to topple the Shah's regime to the dramatic shift in the understanding of martyrdom today. Also included are the reaction to the Syrian crisis, the region's war with ISIS and other Salafi groups, and the renewed commitment to the defense of shrines. This book shows the striking shifts in the meaning of martyrdom in Shi'ism, revealing the real relevance of the concept to the present-day Muslim world. *The Scale of Wisdom: A Compendium of Shi'a Hadith* M. Muhammadi Rayshahri, M. Dasht Bozorgi, 2009-01-01 The Scale of Wisdom is a collection of narrations from the honourable Prophet of Islam and the Twelve Imams AS. This compendium of Shi'a hadith aims at presenting traditions which are central to understanding the teachings of the Holy Qur'an and the ethical foundations of Islam. The ten-volume edition for which the present volume serves as an abridged edition was first published in March 1983 in Arabic. The remarkable reception of Mizal al Hikmah by researchers in the Islamic world shows the keen interest of the new generation of scholars in the pure knowledge of Islam. To simplify the use of this collection, a selection of its most important narrations was published in 1987. The present work is the translation of this Arabic selection and has undergone several years of appraisal and reappraisal by a group of translators at the Islamic College in London in order to make this work accessible to a wider audience.

*Encounters with the Hidden Imam in Early and Pre-Modern Twelver Shī'ī Islam* Omid Ghaemmaghami, 2020-01-29 The history of Twelver Shi'a Islam is a history of attempts to deal with the abrupt loss of the Imam. In *Encounters with the Hidden Imam in Early and Pre-Modern Twelver Shi'a Islam*, Omid Ghaemmaghami demonstrates that in the early years of what came to be known as the Greater Occultation, Shi'a authorities maintained that all contact with the Imam had been sundered, forcing him to remain incommunicado until his re-appearance. This position, however, proved untenable to maintain. Almost a century after the start of the Greater Occultation, prominent scholars began to concede the possibility that some Shi'a can meet the Hidden Imam. Accounts of encounters with the Imam from the Greater Occultation soon began to appear, adumbrating their exponential growth in later centuries. *The Spirit of Tolerance in Islam* Reza Shah-Kazemi, 2012-01-27 In 1932 the eminent British scholar of Islam Sir Hamilton Gibb wrote: 'The nobility and broad tolerance of this religion, Islam, which accepted all the real religions of the world as God-inspired, will always be a glorious heritage for mankind. No other society has such a record.'

of success in uniting in an equality of status of opportunity and of endeavor so many and so various races of humanity Whither Islam Such scholarly objectivity towards the tolerance which has historically characterized the Islamic tradition as a whole is in short supply these days Through an insidious symbiosis of fanatical Muslims and prejudiced Islamophobes the very opposite image of Islam has emerged as one of the most dangerous stereotypes of our times The most cursory glance at history will not only reveal the falsity of this stereotype of an intolerant Islam it will also reveal the little known fact that not so long ago it was the Islamic world that provided models of tolerant conduct for a fanatically intolerant Christian world tearing itself apart over dogmatic differences The first part of this monograph examines the historical record of tolerance in the Islamic tradition illustrating the expression of the principle of tolerance through the rule of such dynasties as the Ottomans Mughals Fatimids and the Umayyads of Spain In the second the principle of tolerance is shown to be rooted in the spirit of the Qur'anic revelation and embodied in the exemplary conduct of the Prophet **The Scale of Wisdom**

al-Ṭabarī, 2005 The Following is the introduction of the author about the book I was motivated to write this book because I saw that a large number of people gave themselves the title Shia without respecting this title or being aware of its rights A sensible person is one who knows the value of that which he possesses so he can honour it if it deserves to be honoured and he can treasure it if it deserves to be treasured and he can protect it from anything that will ruin it I intentionally collected the Ahadith that reveal the status of the Shia the rewards and the honour that Allah has prepared for them in the highest levels of Paradise and the status of the pious Imams in Allah's eyes Therefore those who read this book will learn with certainty the value of a Shia and thereby respect and honour this title and stay committed to their obligatory duties that they have as Shia May those who benefit from the contents of this book increasingly pray for me This book is entitled Bish ratul Mu af Le Shatil Murta The Glad Tidings of Mu af for the Shia of Murta and I have not included any adth in it except the most authentic Adith from the most trusted scholars I seek nothing but to please Allah and I ask nothing but the prayers of those who read this book I desire nothing but to attain nearness to the best of the creation the Messenger of Allah and his purified family the Imams of guidance May Allah's blessings be on them to the extent of the number of every grain of sand and every stone I ask Allah for piety and support for He is the best supporter who with His generosity listens to prayers and grants them

**Violence and Militants** Baris Cayli, 2019-09-26 How do militants rationalize violence and what are their motives How do time and space shape their destiny In Violence and Militants Baris Cayli explores these enduring questions by comparing violent episodes in towns and villages in the nineteenth century Ottoman Balkans with today's zones of conflict from Afghanistan to the Middle East Placing history alongside the troubles of the present Violence and Militants reveals parallels between Christian militants who rebelled against the Ottoman Empire and four jihadist organizations of today Hezbollah Hamas al Qaeda and Isis Drawing on scholarship by political theorists historians sociologists anthropologists and philosophers Cayli traces the root of dissent to a perceived deprivation that leads to aggressive protest and action He argues that the rationalization of violence functions independently of time and geographical location Through a riveting narrative this book uncovers how militant groups use revenge ideals and confrontation to generate fear and terror in the name of justice Breaking new ground Violence and

Militants is the first book to address this complex relationship across different periods of history *Secularization of Islam in Post-Revolutionary Iran* Mahmoud Pargoo, 2021-05-30 Examining the trajectory of the secularization of Islam in Iran this book explains how efforts to Islamize society led self destructively to its secularization The research engages a range of debates across different fields emphasizing the political and epistemological instability of the basic categories such as Islam Sharia and secularism The volume is an interdisciplinary study of both the history of Islamic revival and Khomeini's very specific merger of Islamic law and mysticism It traces back the process of secularization to the early encounter of Iranian intellectuals with Europeans and adoption of their fundamental framework in an Islamic guise The process continued until the Islamic Revolution of Iran in 1979 when Khomeini tried to substantively de secularize Iranian social imaginaries His attempts were not followed up by his followers who vigorously reinstated the previous trend after his death resulting in a polity that is mostly secular but with Islamic ornaments Bringing together area studies Iran religious studies Islam and political theory secularism this interdisciplinary volume places findings in a broader narrative that is both specific to Iran and broad enough to engage a global readership **Selling to India's Consumer Market** Douglas Bullis, 1997-12-09 Douglas

Bullis goes beyond the usual superficial accounts found in the usual import export books and provides something truly unique an in depth analysis of what India needs from the rest of the world not what the world can get out of India What most businesspeople don't know and what is crucial if they are to succeed in their transactions with India is what India needs from them and not always is this mere capital Bullis describes the rise of India's middle class and consumer economy since 1991 and provides readers with what very few outsiders know how India really works The result is an essential resource for corporate management in marketing sales strategic planning and investment and important collateral reading for students and teachers of international business Bullis argues that India has long been misunderstood by the West Now as the business climate goes global India looms as the largest country in the world to embrace the market economy As India emerges as a mass consumer market and a major low cost manufacturing center not only the Indian economy but the world economy is likely to be changed If overseas businesspeople are to enter India and compete successfully they need a clear broad up to the minute and useful view of the country its markets its resources and its people In this book Bullis provides just that
