Scarlet Letter (MAXNotes Literature Guides) Michael Petrus, 2013-01-01 REA's MAXnotes for Nathaniel Hawthorne's The Scarlet Letter The MAXnotes provides a comprehensive summary and analysis of The Scarlet Letter and a biography of Nathaniel Hawthorne Places the events of the novel in historical context and discusses each chapter in detail Includes study questions and answers along with topics for papers and sample outlines The New Debtors' Prison Christopher B.

Maselli, Paul, 2019-05-21 Debtors prisons might sound like something out of a Dickens novel but what most Americans do not realize is that they are alive and well in a new and startling form Today more than 20 percent of the prison population is incarcerated for financial reasons such as failing to pay a fine This alarming trend not only affects the poor who are hit particularly hard but also ensnares the millions of self-identified middle class people who are struggling to make ends meet All across the country people are being fined and even imprisoned for offenses as small as delinquency on student debt or an unpaid parking ticket However there is an insidious undercurrent to these practices that the average person might not realize Many counties depend on a steady supply of citizens to pay fines and court costs in order to make their budgets Minor vehicle infractions by design can rack up hundreds of dollars in charges that go straight to the city's coffers Combine this with the fact that many middle class people cannot handle an unexpected 400 expense and the general lack of awareness about the risk for being repeatedly jailed for failure to pay court costs probation and even per day charges for being in jail and you get an endless cycle of men and women either in debt or in prison for debt While shocking to some this system makes up today's debtors prisons In The New Debtors Prison Christopher Maselli draws from his personal knowledge of the

criminal justice system based on his experience on both sides of the prison walls as an attorney as well as a former inmate to take a hard look at our modern prison system that systematically targets the poor and vulnerable of our society in order to fund the prison industrial complex

No Magic Bullet Allan M. Brandt, 1987 The recent epidemic of AIDS and herpes virus has called into question not only the ability of the medical profession to treat venereal disease but its willingness to do so No Magic Bullet a perceptive analysis of the treatment of venereal diseases since the 1880s places these questions in critical historical perspective Beginning with Victorian hysteria about syphilis and continuing to our current concerns about AIDS Allan Brandt recounts the various medical military and public health responses to venereal diseases that have arisen over the years Brandt demonstrates that Americans tendency to view sexually transmitted disease as both a punishment for sexual misconduct and an index of social decay has seriously impeded efforts to develop magic bullets the miracle drugs that would effectively halt the spread of infection Resolving the conflicts between the medical and moral approaches to venereal disease he argues is the first step toward developing effective policies for disease control

The Pace of Fiction Brian Gingrich, 2021-07-15 The Pace of Fiction redefines the literary history of the novel by analyzing its most elaborate feature its pace It moves from the rise of the novel to realism and modernism It starts by tracing the evolution of two narrative units scenes shown slowly and summaries told swiftly These units emerge from the conflict of epic and drama gain shape in the commentaries of Fielding and Goethe and become dynamically opposed in nineteenth century realism In Middlemarch they rotate in regular sequence summaries move swiftly until scenes slow them down scenes play out dramatically until summaries sweep them forward their movement imitates the conflict of fate and free will Over the course of the nineteenth century however scenic impulses overtake summary storytelling The reader sees the tendency already in Austen s dialogues Hawthorne s tableaux or Balzac s battering drama and finds it in Jane Eyre s placement of summaries in private scenes When Flaubert extends scenic vividness to all of his

summaries and when Henry James subordinates his summaries to scenic consciousness the extreme pressure of scene upon summary brings the opposition of realist pacing to collapse But other oppositions arise in the modernisms that follow In the alternation of stasis and kinesis of drifting thoughts and everyday actions of stories and acts of storytelling in Proust Joyce Woolf Mann Hemingway pace gathers and creates meaning in new ways The Six Deadly Sins of Preaching Robert Stephen Reid, Lucy Lind Hogan, 2012 Don't give in to the vices of preaching what you didn't know there is such a thing Learn from these stories of failure and become a responsible preacher **The Routledge Research Companion to Law and Humanities in Nineteenth-Century America** Nan Goodman, Simon Stern, 2017-05-12 Nineteenth century America witnessed some of the most important and fruitful areas of intersection between the law and humanities as people began to realize that the law formerly confined to courts and lawyers might also find expression in a variety of ostensibly non legal areas such as painting poetry fiction and sculpture Bringing together leading researchers from law schools and humanities departments this Companion touches on regulatory statutory and common law in nineteenth century America and encompasses judges lawyers legislators litigants and the institutions they inhabited courts firms prisons It will serve as a reference for specific information on a variety of law and humanities related topics as well as a guide to understanding how the two disciplines developed in tandem in the long nineteenth century Emerson, Melville, James, Berryman Peter Rawlings, 2014-06-01 A comprehensive analysis of the most important Shakespearean critics editors actors and directors This volume focuses on Shakespeare's reception by major American writers and poets **The scarlet letter** Nathaniel Hawthorne, 1894 *The Art of Authorial Presence* Gary Richard Thompson, 1993 The critical literary world has spent a wealth of thought and words on the question of Hawthorne himself Where does he stand in his works In history In literary tradition In this major new study G R Thompson recasts the Hawthorne question to show how authorial presence in the writer's works is as much a matter of art as the writing itself The Hawthorne who emerges from this masterful analysis is not as has been supposed identical to the provincial narrator of his early tales instead he is revealed to be the skillful manipulator of that narrative voice an author at an ironic distance from the tales he tells By focusing on the provincial tales as they were originally conceived as a narrative cycle Thompson is able to recover intertextual references that reveal Hawthorne's preoccupation with framing strategies and variations on authorial presence The author shows how Hawthorne deliberately constructs sentimental narratives only to deconstruct them Thompson's analysis provides a new aesthetic context for understanding the whole shape of Hawthorne's career as well as the narrative ethical and historical issues within individual works Revisionary in its view of one of America's greatest authors *The Art of Authorial Presence* also offers invaluable insight into the problems of narratology and historiography ethics and psychology romanticism and idealism and the cultural myths of America **The Wrong Stuff** Doug Peterson, 1990 A dating guide that shows the right way to go about it by first examining the wrong ways Progress of Nations , 1912 **Abortion before Birth Control** Tiana

Norgren, Christiana Norgren, 2020-12-08 Why has postwar Japanese abortion policy been relatively progressive while contraception policy has been relatively conservative The Japanese government legalized abortion in 1948 but did not approve the pill until 1999 In this carefully researched study Tiana Norgren argues that these contradictory policies flowed from very different historical circumstances and interest group configurations Doctors and family planners used a small window of opportunity during the Occupation to legalize abortion and afterwards doctors and women battled religious groups to uphold the law The pill on the other hand first appeared at an inauspicious moment in history Until circumstances began to change in the mid 1980s the pharmaceutical industry was the pill's lone champion doctors midwives family planners and women all opposed the pill as a potential threat to their livelihoods abortion rights and women's health Clearly written and interwoven with often surprising facts about Japanese history and politics Norgren's book fills vital gaps in the cross national literature on the politics of reproduction a subject that has received more attention in the European and American contexts *Abortion Before Birth Control* will be a valuable resource for those interested in abortion and contraception policies gender studies modern Japanese history political science and public policy This is a major contribution to the literature on reproductive rights and the role of civil society in a country usually discussed in the context of its industrial might
