Greek Myths Charlotte Higgins,2022-01-11 A brilliantly original landmark retelling of Greek myths recounted as if they were actual scenes being woven into textiles by the women who feature prominently in them including Athena Helen Circe and Penelope Greek myths were full of powerful witches unpredictable gods and sword wielding slayers They were also extreme about families who turn murderously on each other impossible tasks set by cruel kings love that goes wrong wars and journeys and terrible loss There was magic there was shape shifting there were monsters there were descents to the land of the dead Humans and immortals inhabited the same world which was sometimes perilous sometimes exciting The stories were obviously fantastical All the same brothers really do war with each other People tell the truth but aren t believed Wars destroy the innocent Lovers are parted Parents endure the grief of losing children Women suffer violence at the hands of men The cleverest of people can be blind to what is really going on The law of the land can contradict what you know to be just Mysterious diseases devastate cities Floods and fire tear lives apart For the Greeks the word muthos simply meant a traditional tale In the twenty first century we have long left behind the political and religious framework in which these stories first circulated but their power endures Greek myths remain true for us because they excavate the very extremes of human experience sudden inexplicable catastrophe radical reversals of fortune and seemingly arbitrary events that transform lives They deal in short in the hard basic facts of the human condition from the Introduction *The Ladies' Repository* ,1864 The idea of this women s magazine originated with Samuel Williams a Cincinnati Methodist who thought that Christian women needed a magazine less worldly than Godey s Lady s Book and Snowden s Lady s Companion Written largely by ministers this exceptionally well printed little magazine contained well written essays of a moral character plenty of poetry articles on historical and scientific matters and book reviews Among western writers were Alice Cary who contributed over a hundred sketches and poems her sister Phoebe Cary Otway Curry Moncure D Conway and Joshua R Giddings and New England contributors included Mrs Lydia Sigourney Hannah F Gould and Julia C R Dorr By 1851 each issue published a peice of music and two steel plates usually landscapes or portraits When Davis E Clark took over the editorship in 1853 the magazine became brighter and attained a circulation of 40 000 Unlike his predecessors Clark included fictional pieces and made the Repository a magazine for the whole family After the war it began to decline and in 1876 was replaced by the National Repository The Ladies Repository was an excellent representative of the Methodist mind and heart Its essays sketches and poems its good steel engravings and its moral tone gave it a charm all its own Cf American periodicals 1741 1900 **The Dragon Legacy** Nicholas de Vere,2004 A collection of essays on the Deresthai culture with accompanying

Harold Ellens, 2013-07-25 Christianity Islam and Judaism all feature ideas about heaven hell and afterlife and these concepts have evolved over time within these religions This work supplies a detailed and coherent understanding of the broad scope of spiritual thinking in the last 3 000 years within the Abrahamic traditions Heaven Hell and the Afterlife Eternity in Judaism Christianity and Islam provides an all encompassing examination of historic and contemporary perspectives on afterlife in Western religions In these three volumes Judaic Christian and Muslim scholars join forces providing an unprecedented review of their individual faith's traditions Every significant issue and major theme is discussed no controversial topic is avoided From ancient doctrines to modern day outlooks of conservatives progressives and liberals in all three religions all are analyzed and presented here The framework of the volumes underscores how the ethics and concepts of eternity in the Western action religions contrast with Eastern religions that tend to be characterized as passive or withdrawal religions in their ethics and their notions of afterlife as absorption within universal spirit Nirvana or nonexistence This work is well suited for undergraduate and graduate students general readers interested in religion and professional scholars particularly those in fields corollary to religious study The Ladies' Repository ,1864 **The Amazons** Virna Woods, 1891 **Hidden Intercourse** Wouter J. contemporary occultists and countercultural translations of Asian Tantra the history of Western esotericism is rich in references to the domains of eros and sexuality This volume which brings together an impressive array of top level specialists is the first to analyze the eroticism of the esoteric without sensationalism or cheap generalizations but on the basis of expert scholarship and attention to textual and historical detail While there are few other domains where the imagination may so easily run wild the various contributions seek to distinguish fact from fiction only to find that historical realities are sometimes even stranger than the fantasies In doing so they reveal the outlines of a largely unknown history spanning more than twenty centuries
