## **Nmmu Student Guide For 25:**

**Engaging University Students** Hamish Coates,Alexander C. McCormick,2014-04-18 This book provides university teachers leaders and policymakers with evidence on how researchers in several countries are monitoring and improving student engagement the extent to which students are exposed to and participate in effective educational practices It captures insights from international implementations of the National Survey of Student Engagement NSSE developed in the United States In the last half decade NSSE has been adapted and used in several other countries producing the largest international collaboration yet involving educationally relevant data on students engagement in higher education Leaders of established national collaborations draw on their experiences with hundreds of institutions to contribute their insights Framed by their cultural and educational contexts they discuss issues concerning first year learners international students part time and distance learners as well as teaching and leadership in support of student learning Each chapter outlines strategies based on national case studies and presents perspectives supported by concrete examples of how these have played out in diverse settings The book suggests mechanisms that can be used by institutions ministries and quality agencies around the world

*Connecting Learning Across the Institution* Pamela L. Eddy,2014-03-25 Most research on learning tends to occur in silos based on stakeholder perspective This volume seeks to break down these silos and draw together scholars who research learning from different perspectives to highlight commonalities in learning for students faculty and institutions When we understand how learning is experienced across the institution we can develop strategies that help support enhance and reinforce learning for all Exploring what it means to bridge learning across the institution this volume provides a roadmap to improve learning for all Both scholarly and practical it advances the knowledge about the ways we investigate and study learning across and for various groups of learners It also Collects thinking about learning in its various formats in one location Provides a platform for synthesis Outlines key questions for thinking more deeply about learning on campus Instead of thinking of learning as discrete depending on the stakeholder group this volume highlights the commonalities across all types of learners

**Nematology in South Africa: A View from the 21st Century** Hendrika Fourie,Vaughan W.

Spaull,Robin K. Jones,Mieke S. Daneel,Dirk De Waele,2017-02-28 This unique book contains not only a comprehensive up to date summary of the achievements made in all areas of Nematology in South Africa over more than half a century but it also combines this rather technical part with an insiders narrative of how Nematology started and developed It also demonstrates how the South African community of nematologists gradually adapted to major changes in agriculture These were due to a major political shift followed by socio economic changes and this in an often challenging natural environment At the same time this book is conceived as a useful source for young scientists to provide them with practical knowledge and critical insight in the field of Nematology The information given is based primarily on research conducted by nematologists in South Africa Most of this research was aimed at finding workable solutions for nematological problems confronted by both large

scale commercial producers and smallholding farmers During a period when funding for scientific research is becoming increasingly scarce the future demand and quest for practical solutions by applied research will only increase **Advances and New Trends in Environmental and Energy Informatics** Jorge Marx Gomez, Michael Sonnenschein, Ute Vogel, Andreas Winter, Barbara Rapp, Nils Giesen, 2015-12-24 This book presents the latest findings and ongoing research in the field of green information systems and green information and communication technology ICT It provides insights into a whole range of cross cutting topics in ICT and environmental sciences as well as showcases how information and communication technologies allow environmental and energy efficiency issues to be handled effectively The papers presented in this book are a selection of extended and improved contributions to the 28th International Conference on Informatics for Environmental Protection dedicated to ICT for energy efficiency This book is essential and particularly worth reading for those who already gained basic knowledge and want to deepen and extend their expertise in the subjects mentioned above

*Biomes and Ecosystems*, 2011 ECMLG 2018 14th European Conference on Management, Leadership and Governance Dr. Ing. Benny M.E. de Waal, Prof. dr. Pascal Ravesteijn, 2018-10-18 **Australian National Bibliography: 1992** National Library of Australia, 1988 **Strengthening Postgraduate Supervision** Sioux McKenna, Jenny Clarence-Fincham, Chrissie Boughey, Harry Wels, Henk van der Heavel, 2017-03-22 An excellent collection of diverse and deeply reflective perspectives All offer insights into the multiple challenges confronted in improving the quality and depth of postgraduate supervision increasing throughput and dealing with complexity What is also affirmed is the importance of individual capability in supervision that is developed and nurtured over time and through arduous effort The book will be of value to novice supervisors and to more experienced ones Policy makers planners and administrators looking to enlarge their understanding of the postgraduate terrain in all its complexities will find the mix of theoretical and practical lenses through which the topic is approached particularly illuminating Professor Narend Bajnath Chief Executive Officer Council on Higher Education

Where Am I in the Picture? Claudia Mitchell, Katarina Giritli-Nygren, Relebohile Molestane, 2023-12-18 Positionality and researcher reflexivity how to account for one's subject position remain as challenges for new researchers But they also remain as challenges for experienced researchers who are often involved in multiple research projects simultaneously Where Am I in the Picture sheds light on the idea of researcher positionality through visual methodologies particularly in the context of studying rurality in Canada Sweden and South Africa The book is intended for new and experienced researchers seeking to decolonize their own perspectives in research in the social sciences and humanities It incorporates photographs drawings and memory work to highlight the social constructedness of what counts as rural Drawing together compelling narratives from researchers about their positionality in studying rurality the book highlights a need for greater attention to where we are in the picture more broadly It suggests that when it comes to the rural researchers need to rethink the interplay of dominant images insider and outsider perspectives and what this interplay means in relation to interpretation Where Am I in

the Picture presents a new vision of how to take into consideration positionality in research *Chasing Challenges* Shawn Gouws,2025-09-01 *Chasing Challenges* is the autoethnography of the teaching career of Dr Shawn Gouws a distinguished senior lecturer at Nelson Mandela University After enrolment he studied at the PE Technikon in 1990 and completed his DTech in Chemistry in 1999 After a one year postdoctoral fellowship at LEOPR in Grenoble France he joined the Nelson Mandela University Chemistry Research Department Shawn continued to pursue challenges in various technical support projects at InnoVenton In 2012 he became a programme coordinator and was tasked with developing the course content for the Diploma in Chemical Technology Various industry stakeholders contributed to producing graduates with the necessary attributes and skills for employment in the industry environment This book discusses various education philosophies and levels in Education 1 0 to 5 0 and highlights interactions with industry and the language barriers students face and need to overcome to be successful in their studies There is always a new challenge to chase His passion for research is in the area of green hydrogen production To accomplish this task his research will focus on finding alternative catalysts to split water into hydrogen and oxygen using a proton exchange membrane water electrolyser Naturally one objective will be to train graduates to benefit from this emerging industry in South Africa *Australian National Bibliography* ,1995 [Linguistics and Language Behavior Abstracts](#) ,2008-02 **The Non-traditional Student Guidebook** Bowling Green State University.
