No Sister Of Mine:

Sister of Mine Laurie Petrou, 2018-08-07 One of Refinery29's Best Psychological Suspense Novels to Read After *Gone Girl* For fans of Sarah Pinborough and Liane Moriarty comes a twisty claustrophobic domestic suspense novel about the lies we tell to hold our lives together Entertainment Weekly Sisters like secrets are best kept close Sisters like secrets are best kept close Penny and Hattie orphaned sisters in a small town are best friends bound together to the point of knots But Penny at the mercy of her brutal husband is desperate for a fresh start Willing to do anything for her older sister Hattie agrees to help A match is struck and a fire burns Penny's marriage to the ground With her husband gone Penny is free and the sisters it seems get away with murder But freedom comes at a cost More than a year after the fire a charming young man comes to town Hattie and Penny quickly bring him into the fold and into their hearts but their love for him threatens the delicate balance Soon long held resentments sibling rivalry and debts unpaid boil over and the bonds of sisterhood begin to snap As one little lie grows into the next the sisters' secrets will unravel eroding their lives until only a single horrible truth remains You owe me A compelling novel of suspense from a talented new voice *Sister of Mine* asks us to consider the bonds of family what it takes to commit the unthinkable and how far you'll go to protect the ones you love **Extraordinary Trial by a Sister of Mercy** Susannah M. Saurin (plaintiff.), 1869 **Sister of the Circuit** Amanda Orneck, 2018-07-03 Isidore RAM was raised to be a hexer to protect the virtual world as an elite enforcer for the Church of Technology She is the best they've ever trained a natural at working with the Code of the Circuit On the day of her final examination a strange AI manipulates the testing area and Isidore is blamed for the tampering which results in her being kicked out of the program and forced to leave the Sanctuary for good Ousted from her beloved position and ejected onto a dystopian landscape Isidore must follow the clues about the mysterious AI that has thrown her life in chaos Along the way she falls in with a pair of mech riding scavengers a former hexer with a mysterious secret and a forger with a penchant for latin cooking Together they must answer the most important question of their lives What is CRI LUX *The Lonesome Crown* Brian Lee Durfee, 2022-11-29 A sweeping epic fantasy weaving both destiny and ancient magic in this masterful final novel in the beloved *Five Warrior Angels* trilogy from Brian Lee Durfee In the age of belief magic is a myth But when an apocalyptic crusade comes to the remote border of Gul Kana that belief is shattered as is the tenuous peace that held the Five Isles together Now the prophecies that were used to justify this war are unravelling revealing a hidden agenda while the world lies in the wake of the degradations of this war But a slim skein of hope resides within the hidden truths long kept secret and scattered throughout the isles truths less reliant upon prophecy than heroism and great sacrifice Not everything is as it seems in this epic long awaited conclusion to trilogy which Booklist raved as high fantasy in the vein of Stephen R Donaldson or David Eddings with generous helpings from George R R Martin **Current Literature**, 1918 **No Cousin of Mine** Derek Smith, 2010-04-30 The incidents described in this book however improbable or implausible they may appear to be are all

completely true and have needed little or no embellishment on the part of the author They all took place during a two year period between 1952 and 1954 and helped to transform a callow naive possibly diffident youth into a tougher more worldly self confident young man teaching him along the way the importance of discipline self reliance and loyalty For readers who remember this time hopefully the book will re kindle memories of their own experiences during this era For readers for whom these years are part of an ancient history perhaps it will give them some idea of what it was like to be taken from your family friends and familiar surroundings and to be sent to a foreign land long before the advent of television phones in homes mobile phones computers or any of the means of communication taken for granted today Whichever generation you belong to take a journey through these stories some of which are happy some of which are sad some of which are slightly strange and some of which are just plain mad Read on The foreword to this book has been written by John Noakes probably the most famous of all the presenters of the Blue Peter programme He and the author were part of a close group of friends who formed part of the ground crew of Number 256 Royal Air Force night fighter squadron serving as part of the Second Tactical Air Force in Western Germany and share many memories of that period Book reviews online PublishedBestsellers website
