Milne,2021-07-01 How does contemporary literature contend with the power and responsibility of authorship particularly when considering marginalized groups How have the works of multiethnic authors challenged the notion that writing and authorship are neutral or universal In Novel Subjects Leah Milne offers a new way to look at multicultural literature by focusing on scenes of writing in contemporary works by authors with

marginalized identities These scenes she argues establish authorship as a form of radical self care a term we owe to Audre Lorde who defines self care as self preservation and an act of political warfare In engaging in this battle the works discussed in this study confront limitations on ethnicity and nationality wrought by the institutionalization of multiculturalism They also focus on identities whose mere presence on the cultural landscape is often perceived as vindictive or willful Analyzing recent texts by Carmen Maria Machado Louise Erdrich Ruth Ozeki Toni Morrison and more Milne connects works across cultures and nationalities in search of reasons for this recent trend of depicting writers as characters in multicultural texts Her exploration uncovers fiction that embrace unacceptable or marginalized modes of storytelling such as plagiarism historical revisions jokes and lies as well as inauthentic invisible and unexceptional subjects These works ultimately reveal a shared goal of expanding the borders of belonging in ethnic and cultural groups and thus add to the ever evolving conversations surrounding both multicultural literature and self care

, 1895 **The Autobiography Of A Flea** Anonymous, 2022-05-29 The Autobiography of a Flea offers a unique blend of satire and eroticism narrated from the perspective of a flea which serves as a metaphor for the social hierarchies and moral depravity of 19th century society The narrative unfolds in a lyrical style rich with detailed descriptions and a keen sense of irony drawing parallels to contemporary works of social criticism Through the deceptively whimsical lens of a flea s experiences the text delves into themes of voyeurism sexuality and the absurdity of human behavior revealing the dark undercurrents hidden beneath the seemingly mundane lives of its characters Though attributed to anonymous authorship the book is believed to be part of the underground literature of its time reflecting the tumultuous social landscape shaped by the Victorian era s stringent morals juxtaposed with its hidden vices The choice to narrate through an insect s perspective allows for a bold commentary on class disparity while simultaneously exposing the innate absurdities of human desires Readers

seeking a provocative exploration of societal norms through a clever and unconventional narrative will find The Autobiography of a Flea to be both enlightening and entertaining This novel not only challenges traditional literary conventions but also serves as a timeless reflection on the complexities of human nature     **Bradstreet's Lives: being a genuine history of several gentlemen and ladies, all living within these ten years past, remarkable for their virtues, or their vices.
